116th MAINE LEGISLATURE

FIRST REGULAR SESSION-1993

Legislative Document

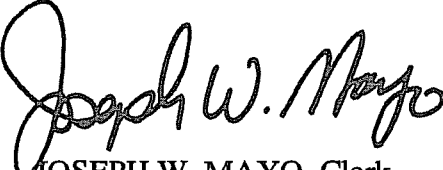

No. 504

H.P. 391

House of Representatives, February 16, 1993

An Act to Encourage Small Businesses to Provide Health Insurance to Employees.

Reference to the Committee on Banking and Insurance suggested and ordered printed.

JOSEPH W. MAYO, Clerk

Presented by Representative BRUNO of Raymond.
Cosponsored by Representatives: AIKMAN of Poland, BARTH of Bethel, BENNETT of Norway, CAMERON of Rumford, CARR of Sanford, LORD of Waterboro, NORTON of Winthrop, REED of Dexter, VIGUE of Winslow, YOUNG of Limestone, ZIRNKILTON of Mount Desert, Senator: SUMMERS of Cumberland.

Be it enacted by the People of the State of Maine as follows:

2
4 Sec. 1. 24-A MRSA c. 79 is enacted to read:

6 **CHAPTER 79**

8 **BASIC-CARE MEDICAL INSURANCE**

10 **§6501. Definitions**

12 As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings.

14 1. Eligible employee. "Eligible employee" means an employee who works on a full-time basis with a normal workweek of 30 or more hours. The term includes a sole proprietor, an independent contractor or a partner of a partnership but does not include employees who work on a part-time, temporary or substitute basis.

20 2. Small employer. "Small employer" means any person, firm, corporation, partnership or association actively engaged in business that, on at least 50% of its working days during the preceding calendar-year quarter, employed no more than 99 eligible employees, the majority of whom are employed within the State. In determining the number of eligible employees, companies that are affiliated companies or that are eligible to file a combined tax return for purposes of state taxation are considered one employer. Except as otherwise provided, the provisions of this chapter that apply to a small employer continue to apply until the plan anniversary following the date the employer no longer meets the requirements of this definition.

34 **§6502. Basic-care medical insurance**

36 Insurers may issue basic care medical insurance meeting the criteria of this chapter. For purposes of this chapter, basic-care medical insurance is a policy or subscription contract that an insurer or nonprofit service plan may offer to small employers formed for purposes other than obtaining insurance coverage and that must meet the following criteria.

42 1. Eligible employees. For group policies or subscription contracts issued to cover employees, coverage must be available to all eligible employees.

46 2. Mandatory managed-care provisions. The insurer or nonprofit service plan must include the following managed-care provisions to control costs:

2 A. An exclusion for services that are not medically
3 necessary or are not covered preventive-care services; and

4 B. A procedure for preauthorization by the insurer or
5 nonprofit service plan or its designees.

6
7 3. Optional managed-care provisions. The insurer or
8 nonprofit service plan may include the following managed-care
9 provisions to control costs:

10
11 A. A panel of preferred providers. Any written preferred
12 provider agreement between a provider and an insurer or
13 nonprofit service plan must contain a provision under which
14 the parties agree that the insured individual or covered
15 subscriber does not have an obligation to make payment for
16 any medical service rendered by the provider that is
17 determined medically unnecessary;

18 B. Provisions requiring a 2nd surgical opinion; and

19
20 C. A procedure for additional utilization review by the
21 insurer or health services plan or by a medical utilization
22 review entity.

23
24 Nothing in this chapter may be construed to prohibit an insurer
25 or nonprofit service plan from including in its policy or
26 subscription contract additional managed-care and cost-control
27 provisions that, subject to the approval of the superintendent,
28 have the potential to control costs in a manner that does not
29 result in inequitable treatment of insureds or subscribers.

30
31 4. Basic levels of care. The policy or subscription
32 contract must provide basic levels of primary, preventive and
33 hospital care for covered individuals, including, but not limited
34 to, the following:

35 A. A minimum of 90 days of inpatient hospitalization
36 coverage per policy year;

37 B. Prenatal and postnatal care;

38 C. Well-baby and well-child care that includes, but is not
39 limited to, 6 well-baby examinations during the first year
40 and childhood immunizations to age 8;

41 D. For other covered individuals, a basic level of primary
42 and preventive care, including, but not limited to, 2
43 physician office visits per calendar year;

2 E. Professional services including inpatient medical care,
3 surgery and anesthesia, maternity delivery and emergency
4 accident and medical care;

6 F. Outpatient facility services including emergency
7 accident and medical care, surgery, diagnostic services and
8 radiation and chemotherapy; and

10 G. A calendar-year benefit of at least \$2,000 for hospital
11 outpatient laboratory, radiological and diagnostic
12 examinations. This benefit includes coverage for screening
13 mammograms once every 2 years for women 40 to 49 years of
14 age and once a year for women age 50 and over.

16 5. Employer choice. The policy or subscription contract
17 may provide levels of care beyond the basic levels at the option
18 of the employer.

20 **§6503. Exemption from certain mandates**

22 Except as provided in this chapter, no law requiring the
23 coverage of a health care service or benefits and no law
24 requiring the reimbursement or utilization of a specific category
25 of licensed health care practitioner applies to basic-care
26 medical insurance issued pursuant to this chapter.

28 **§6504. Deductibles; coinsurance; maximum benefit**

30 1. Deductible. The policy must contain a deductible of not
31 less than \$200 nor greater than \$1,000 per covered person per
32 calendar year. The deductible does not apply to covered
33 preventive-care services.

34 2. Coinsurance. Coinsurance may not exceed 20% except for
35 emergency care as provided in subsection 3. When out-of-pocket
36 expenses of the insured or subscriber exceed \$2,500 per
37 individual, coverage for the remainder of that calendar year must
38 be at 100% of the covered charge.

40 3. Emergency care. Coinsurance may not exceed 50% for care
41 received in a hospital emergency room that is not emergency
42 treatment.

44 A. For purposes of this section, "emergency treatment"
45 means treatment of a case involving accidental bodily injury
46 or the sudden and unexpected onset of a critical condition
47 requiring medical or surgical care for which a person seeks
48 medical attention within 24 hours of the onset.

2 B. The amount not covered under this section may not be
3 applied to the out-of-pocket expense limit under subsection
4 1.

6 **§6505. Renewability**

8 All basic-care medical insurance policies or subscription
9 contracts must be renewable for all eligible employees or
10 dependents at the option of the policyholder, contract holder or
11 employer except as provided in this section.

12 1. Nonpayment. The insurer may cancel the policy or
13 subscription contract for nonpayment of the required premiums by
14 the policyholder, contract holder or employer.

16 2. Fraud or misrepresentation. The insurer may cancel the
17 policy or subscription contract for fraud or misrepresentation by
18 the policyholder, contract holder or employer. The insurer may
19 cancel coverage of an insured individual for fraud or
20 misrepresentation by that individual or that individual's
21 representative.

22 3. Withdrawal from market. An insurer may cancel a
23 basic-care medical insurance policy or subscription contract if:

26 A. Notice of the decision to cease doing group health
27 insurance business in this State is provided to the
28 superintendent and to the policyholder, contract holder or
29 employer; and

30 B. The basic-care medical insurance policy or subscription
31 contract is not canceled for 6 months after the date of the
32 notice required by paragraph A.

34 An insurer that cancels a basic-care medical insurance policy or
35 subscription contract under this subsection is prohibited from
36 writing new group health insurance policies or contracts in this
37 State for a period of 6 years from the date of notice to the
38 superintendent required by paragraph A.

40 **§6506. Disclosure**

42 1. Statement to insured. In offering coverage under a
43 basic-care medical insurance policy or subscription contract for
44 an eligible employee, the insurer or nonprofit service plan shall
45 provide the eligible employee with a written disclosure statement
46 containing at least the following:

48 A. An explanation of those providers and benefits that are
49 required by law to be paid for by other policies and that
50 are not covered by the policy or subscription contract;

2 B. An explanation of the managed-care and cost-control
4 features of the policy or subscription contract, along with
6 all appropriate mailing addresses and telephone numbers for
 use by insured individuals in seeking information or
 authorization; and

8 C. An explanation of the primary-care and preventive-care
10 features of the policy or subscription contract.

12 2. Statement from policyholder. Before issuing a
14 basic-care medical policy or subscription contract, an insurer or
16 nonprofit service plan shall obtain from the prospective
18 policyholder a signed written statement in which the prospective
20 policyholder:

22 A. Certifies that the policyholder is eligible for coverage
24 under the contract;

26 B. Acknowledges the limited nature of the coverage and an
28 understanding of the managed-care and cost-control features
30 of the insurance policy or subscription contract; and

32 C. Acknowledges that, if misrepresentations are made
34 regarding eligibility for coverage, the person making the
36 misrepresentations forfeits coverage provided by the
38 basic-care medical policy or subscription contract.

40 3. Record keeping. A copy of the written statement
42 required by subsection 2 must be provided to the prospective
44 policyholder before or at the time of policy delivery and the
46 original of that written statement must be retained in the files
48 of the insurer or nonprofit service plan for the period of time
50 the subscription contract remains in effect.

4. False statement; termination. A material statement made
 by an applicant for coverage under a basic-care medical insurance
 policy or subscription contract that falsely certifies an
 applicant's eligibility for coverage may be the basis for
 termination of coverage under the policy or subscription contract.

42 **§6507. Forms**

44 All basic-care health policy forms, including applications,
46 enrollment forms, policies, subscription contracts, certificates,
48 evidences of coverage, riders, amendments, endorsements and
50 disclosure forms, must be submitted to the superintendent for
 approval in the same manner as required by section 2412 or Title
 24, section 2316.

2

STATEMENT OF FACT

4

6 This bill permits insurers and nonprofit health plans, like
8 Blue Cross and Blue Shield, to develop a less costly managed-care
health plan for the small employer market, specifically employers
of no more than 99 employees.

10

12 The plan permits a number of mandated benefits to be omitted
14 from coverage. The plan is designed to provide coverage for
preventive care services to encourage insured persons to seek
treatment at appropriate times before more costly acute care
needs arise.

16

18 The bill requires insurers to renew basic-care policies in
20 most cases. Additionally, the bill requires significant
disclosure that the plan does not provide coverage for certain
providers and types of illness and that managed-care features are
included in the plan.
