116th MAINE LEGISLATURE

FIRST REGULAR SESSION-1993

Legislative Document

No. 1206

H.P. 892

House of Representatives, April 8, 1993

**An Act to Provide More Affordable Health Insurance and Community
Rating for Individuals.**

Reference to the Committee on Banking and Insurance suggested and ordered printed.

A handwritten signature in cursive script that reads "Joseph W. Mayo".

JOSEPH W. MAYO, Clerk

Presented by Representative MITCHELL of Vassalboro.
Cosponsored by Representatives: DONNELLY of Presque Isle, ERWIN of Rumford,
GWADOSKY of Fairfield, JOSEPH of Waterville, LORD of Waterboro, MARSH of West
Gardiner, Senator: CONLEY of Cumberland.

Be it enacted by the People of the State of Maine as follows:

2 Sec. 1. 24 MRSA §2321, sub-§3, as enacted by PL 1991, c. 48,
4 §2, is repealed.

6 Sec. 2. 24 MRSA §2321-A is enacted to read:

8 §2321-A. Rating practices in individual health insurance

10 Title 24-A, section 2736-C applies to nonprofit hospital
12 corporations, nonprofit medical service corporations and
14 nonprofit health care plans to the extent not inconsistent with
16 this chapter.

18 Sec. 3. 24 MRSA §2349-A is enacted to read:

20 §2349-A. Continuity for group to individual transfers

22 1. Contracts subject to this section. This section applies
24 to all individual contracts issued by nonprofit hospital or
26 medical service organizations. For purposes of this section,
28 "individual contract" means any hospital and medical
30 expense-incurred policy; health, hospital or medical service
32 corporation plan contract; or health maintenance organization
34 subscriber contract covering an individual. "Individual
36 contract" does not include the following types of insurance:

38 A. Accident;

40 B. Credit;

42 C. Disability;

44 D. Long-term care or nursing home care;

46 E. Medicare supplement;

48 F. Specified disease;

G. Dental or vision;

H. Coverage issued as a supplement to liability insurance;

I. Workers' compensation;

J. Automobile; or

K. Insurance under which benefits are payable with or
 without regard to fault and that is required statutorily to

2 be contained in any liability insurance policy or equivalent
3 self-insurance.

4 2. Persons provided continuity of coverage. This section
5 provides continuity of coverage for a person who seeks coverage
6 under an individual nonprofit hospital or medical service
7 organization contract if:

8 A. That person was covered under a group contract or policy
9 issued to an employer by any insurer, health maintenance
10 organization, nonprofit hospital or medical service
11 organization or governmental program such as Medicaid, the
12 Maine Health Program, as established in Title 22, section
13 3189, and the Civilian Health and Medical Program of the
14 Uniformed Services, 10 United States Code, Section 1072,
15 Subsection 4. For purposes of this section, the individual
16 contract under which the person is seeking coverage is the
17 "succeeding contract." The group contract or policy that
18 previously covered the person is the "prior contract or
19 policy";

20 B. Coverage under the prior contract or policy terminated
21 for any reason within 3 months before the date the person
22 applies for enrollment in the succeeding contract; and

23 C. The person seeking coverage is no longer eligible for
24 coverage under the prior contract or policy or under a
25 replacement group contract or policy.

26 3. Prohibition against discontinuity. Except as provided
27 in this section, in an individual contract subject to this
28 section, a nonprofit hospital or medical service organization
29 shall waive for any person described in subsection 2 any medical
30 underwriting or preexisting condition exclusion to the extent
31 that benefits would have been payable under a prior contract or
32 policy if that contract or policy were still in effect. The
33 issuer of the succeeding contract is not required to duplicate
34 any benefits covered by the issuer of the prior contract or
35 policy.

36 4. Determination of benefits. When a determination of
37 benefits under the prior contract or policy is required, the
38 issuer of the prior contract or policy shall furnish, at the
39 request of the issuer of the succeeding contract, a statement of
40 the benefits available or pertinent information sufficient to
41 permit verification of the benefit determination or the
42 determination itself by the issuer of the succeeding contract.
43 For purposes of this section, benefits of the prior contract or
44 policy are determined in accordance with the definitions,
45 conditions and covered expense provisions of that contract or
46 policy.

2 policy rather than those of the succeeding contract. The benefit
3 determination must be made as if coverage had not been replaced.

4 Sec. 4. 24 MRSA §2350, as enacted by PL 1989, c. 867, §1 and
5 affected by §10, is repealed.

6 Sec. 5. 24-A MRSA §2736-C is enacted to read:

7
8 §2736-C. Rating standards for individual health insurance

9
10 1. Definitions. As used in this section, unless the
11 context otherwise indicates, the following terms have the
12 following meanings.

13
14 A. "Carrier" means any insurance company, nonprofit
15 hospital or medical service organization or health
16 maintenance organization authorized to issue individual
17 health insurance in this State. For the purposes of this
18 section, carriers that are affiliated companies or that are
19 eligible to file consolidated tax returns are treated as one
20 carrier and any restrictions or limitations imposed by this
21 section apply as if all individual health plans delivered or
22 issued for delivery in this State by affiliated carriers
23 were issued by one carrier. For purposes of this section,
24 health maintenance organizations are treated as separate
25 organizations from affiliated insurance companies, nonprofit
26 hospitals and medical service organizations.

27
28 B. "Community rate" means the rate to be charged for all
29 individual health policies prior to any adjustments pursuant
30 to subsection 2, paragraphs C and D.

31
32 C. "Individual health policy" means any hospital and
33 medical expense-incurred policy; health, hospital or medical
34 service corporation plan contract; or health maintenance
35 organization subscriber contract covering an individual.
36 "Individual health policy" does not include the following
37 types of insurance:

38
39 (1) Accident;

40 (2) Credit;

41 (3) Disability;

42 (4) Long-term care or nursing home care;

43 (5) Medicare supplement;

44 (6) Specified disease;

- 2 (7) Dental or vision;
- 4 (8) Coverage issued as a supplement to liability
6 insurance;
- 8 (9) Workers' compensation;
- 10 (10) Automobile; or
- 12 (11) Insurance under which benefits are payable with
14 or without regard to fault and that is required
 statutorily to be contained in any liability insurance
 policy or equivalent self-insurance.

16 D. "Preexisting condition exclusion" has the meaning set
18 forth in section 2848, subsection 3.

20 E. "Premium rate" means the rate charged to an individual
 for an individual health policy.

22 2. Rating practices. The following requirements apply to
24 the rating practices of carriers providing individual health
 policies.

26 A. For all policies, contracts or certificates for coverage
28 under an individual health policy executed, delivered,
30 issued for delivery, continued or renewed in this State
32 after the effective date of this section, a carrier shall
34 file the carrier's community rate and any formulas and
 factors used to adjust that rate with the superintendent for
 informational purposes prior to the issuance of the policy
 or prior to the expiration of the effective period of the
 rate for an existing policy as determined in accordance with
 subsection 3.

36 B. A carrier may not vary the premium rate due to gender,
38 health status, claims experience or policy duration.

40 C. A carrier may vary the premium rate due to smoking
42 status and participation in wellness programs.

44 D. The carrier may vary the premium rate due to age,
46 occupation or industry and geographic area, except that the
 premium rates for any individual health policy may not
 deviate above or below the community rate filed by the
 carrier by more than 50%.

48 This subsection does not prohibit the use of premium rate
50 structures to establish different premium rates for different
 family structures and for individuals under 24 years of age.

2 3. Duration of rates. Rates for individual health policies
3 filed before January 1, 1994 are effective no later than January
4 1, 1995. Rates for individual health policies are effective for
5 no longer than one year.

6
7 4. Guaranteed issuance and guaranteed renewal. Carriers
8 providing individual health policies are subject to the following.

9
10 A. Except as provided in paragraph B, all carriers shall
11 guarantee coverage to an individual and to each dependent of
12 that individual under any individual health policy offered
13 by the carrier in this State.

14
15 B. A carrier issuing an individual health policy may impose
16 a preexisting condition exclusion period of up to 6 months
17 and may exclude coverage for up to 24 months for any
18 preexisting condition that, as of the effective date of
19 coverage, requires ongoing medical observation or treatment.

20
21 C. A carrier shall guarantee renewal of coverage to all
22 individual insureds except:

23 (1) When the policyholder or the certificate holder
24 does not pay the required premiums;

25 (2) When the insured commits fraud or material
26 misrepresentation; and

27 (3) When the carrier ceases providing individual
28 health policies in compliance with subsection 5.

29
30 5. Cessation of business. Carriers that provide individual
31 health policies after the effective date of this section and
32 intend to cease offering individual health policies in this State
33 are subject to the following.

34
35 A. The carrier shall provide notice of the decision to
36 cease doing business in the individual health policy market
37 to the bureau and to the policyholder 6 months before
38 nonrenewal.

39
40 B. Carriers that cease to write new business in the
41 individual health policy market continue to be governed by
42 this section with respect to business conducted under this
43 section.

44
45 C. Carriers that cease to write new business in the
46 individual health policy market are prohibited from writing
47 new business in that market for a period of 5 years from the
48 date of notice to the superintendent.

2 6. Loss ratios. The superintendent shall disapprove any
4 premium rates filed by any carrier, whether initial or revised,
6 for an individual health policy unless it is anticipated that the
8 aggregate benefits estimated to be paid under all the individual
10 health policies maintained in force by the carrier for the period
12 for which rates are to be computed to provide coverage will
14 return to policyholders at least 80% of the aggregate premiums
16 collected for those policies, as determined in accordance with
18 accepted actuarial principles and practices and on the basis of
20 incurred claims experience and earned premiums for that period.

22 7. Fair marketing standards. Carriers offering coverage
24 under individual health policies must meet the following
26 standards of fair marketing.

28 A. Each carrier shall actively market individual health
30 policies to all individuals in this State.

32 B. A carrier or representative of the carrier may not
34 directly or indirectly engage in the following activities:

36 (1) Encouraging or directing any individual to refrain
38 from filing an application for coverage with the
40 carrier because of any of the rating factors listed in
42 subsection 2; and

44 (2) Encouraging or directing any individual to seek
46 coverage from another carrier because of the rating
 factors listed in subsection 2.

C. A carrier may not directly or indirectly enter into any
 contract, agreement or arrangement with a representative of
 the carrier that provides for or results in the compensation
 paid to the representative for the sale of an individual
 health policy to be varied because of rating factors listed
 in subsection 2. A carrier may enter into a compensation
 arrangement that provides compensation to a representative
 of the carrier on the basis of percentage of premium,
 provided that the percentage does not vary because of the
 rating factors listed in subsection 2.

D. A carrier may not terminate, fail to renew or limit its
 contract or agreement of representation with a
 representative for any reason related to the rating factors
 listed in subsection 2.

2 E. Denial by a carrier of an application for coverage from
4 an individual must be in writing and state the reasons for
6 the denial.

8 F. A violation of this section by a carrier or a
10 representative of a carrier is an unfair trade practice
12 under chapter 23.

14 8. Rule-making authority. The superintendent may adopt
16 reasonable rules necessary to conform individual health policies
18 and certificates to the requirements of this section, including,
20 but not limited to:

22 A. Additional standards to provide for the fair marketing
24 and broad availability of individual health policies in this
26 State;

28 B. Standards for benefits, claim payments and reporting
30 practices;

32 C. A uniform methodology for calculating and reporting loss
34 ratios; and

36 D. Public access to policies, premiums and loss ratio
38 information of issuers of individual health policies.

40 Sec. 6. 24-A MRSA §2808-B, sub-§2, ¶D, as enacted by PL 1991,
42 c. 861, §2, is amended to read:

44 D. A carrier may vary the premium rate due to age, gender,
46 occupation or industry, and geographic area only under the
48 following schedule and within the listed percentage bands:

50 (1) For all policies, contracts or certificates that
are executed, delivered, issued for delivery, continued
or renewed in this State between July 15, 1993 and July
14, 1994, the premium rate may not deviate above or
below the community rate filed by the carrier by more
than 50%.

(2) For all policies, contracts or certificates that
are executed, delivered, issued for delivery, continued
or renewed in this State between July 15, 1994 and July
14, 1995, the premium rate may not deviate above or
below the community rate filed by the carrier by more
than 33%.

(3) For all policies, contracts or certificates that
are executed, delivered, issued for delivery, continued

2 or renewed in this State between July 15, 1995 and July
4 14, 1996, the premium rate may not deviate above or
below the community rate filed by the carrier by more
than 20%.

6 (4) For all policies, contracts or certificates that
8 are executed, delivered, issued for delivery, continued
10 or renewed in this State between July 15, 1996 and July
12 14, 1997, the premium rate may not deviate above or
below the community rate filed by the carrier by more
than 10%.

14 (5) For all policies, contracts or certificates that
16 are executed, delivered, issued for delivery, continued
or renewed in this State on or after July 15, 1997, the
18 premium rate may not deviate from the community rate
filed by the carrier.

20 ~~Unless continued or modified by law, this paragraph is
repealed on July 15, 1994.~~

22 **Sec. 7. 24-A MRSA §2808-B, sub-§6, ¶I is enacted to read:**

24 I. Notwithstanding any other provision of this section, a
26 carrier may choose whether it will offer to groups having
28 only one member coverage under the carrier's individual
30 health policies offered to other individuals in this State
32 in accordance with section 2736-C or coverage under a small
34 group health plan in accordance with this section, or both,
36 but the carrier need not offer to groups of one both small
38 group and individual health coverage.

40 **Sec. 6. 24-A MRSA §2849-C is enacted to read:**

42 **§2849-C. Continuity for group to individual transfers**

44 I. Contracts subject to this section. This section applies
46 to all individual policies issued by insurers or health
48 maintenance organizations. For purposes of this section,
50 "individual policy" means any hospital and medical
expense-incurred policy; health, hospital or medical service
corporation plan contract; or health maintenance organization
subscriber contract covering an individual. "Individual policy"
does not include the following types of insurance:

- 46 A. Accident;
- 48 B. Credit;
- 50 C. Disability;

- 2 D. Long-term care or nursing home care;
- 4 E. Medicare supplement;
- 6 F. Specified disease;
- 8 G. Dental or vision;
- 10 H. Coverage issued as a supplement to liability insurance;
- 12 I. Workers' compensation;
- 14 J. Automobile; or
- 16 K. Insurance under which benefits are payable with or
18 without regard to fault and that is required statutorily to
20 be contained in any liability insurance policy or equivalent
22 self-insurance.

24 2. Persons provided continuity of coverage. This section
26 provides continuity of coverage for a person who seeks coverage
28 under an individual insurance or health maintenance organization
30 policy if:

32 A. That person was covered under a group contract or policy
34 issued to an employer by any nonprofit hospital or medical
36 service organization, insurer, health maintenance
38 organization or governmental program such as Medicaid, the
40 Maine Health Program, as established in Title 22, section
42 3189, and the Civilian Health and Medical Program of the
44 Uniformed Services, 10 United States Code, Section 1072,
46 Subsection 4. For purposes of this section, the individual
48 policy under which the person is seeking coverage is the
50 "succeeding policy." The group contract or policy that
 previously covered the person is the "prior contract or
 policy";

B. Coverage under the prior contract or policy terminated
 for any reason within 3 months before the date the person
 applies for enrollment in the succeeding policy; and

C. The person seeking coverage is no longer eligible for
 coverage under the prior contract or policy or under a
 replacement group contract or policy.

3. Prohibition against discontinuity. Except as provided
 in this section, in an individual policy subject to this section,
 an insurer or health maintenance organization shall waive for any
 person described in subsection 2 any medical underwriting or

2 preexisting condition exclusion to the extent that benefits would
3 have been payable under a prior contract or policy if that
4 contract or policy were still in effect. The succeeding policy
5 is not required to duplicate any benefits covered by the prior
6 contract or policy.

7 4. Determination of benefits. When a determination of
8 benefits under the prior contract or policy is required, the
9 issuer of the prior contract or policy shall furnish, at the
10 request of the issuer of the succeeding policy, a statement of
11 the benefits available or pertinent information sufficient to
12 permit verification of the benefit determination or the
13 determination itself by the issuer of the succeeding contract.
14 For purposes of this section, benefits of the prior contract or
15 policy are determined in accordance with the definitions,
16 conditions and covered expense provisions of that contract or
17 policy rather than those of the succeeding policy. The benefit
18 determination must be made as if coverage had not been replaced.

19 **Sec. 7. 24-A MRSA §2850, as amended by PL 1991, c. 695, §11,**
20 **is repealed.**

21 **Sec. 8. Effective date.** This Act takes effect January 1, 1994.
22
23

24 **STATEMENT OF FACT**

25 This bill requires that insurers that offer individual
26 health insurance use community rating in their rate-setting
27 process. When using community rating, the insurer may not vary
28 the premium rate due to gender, health status, claims experience
29 or policy duration. In addition, insurers must offer coverage
30 and guarantee renewal to all individuals and their dependents
31 under any individual health insurance policy offered by the
32 insurer in this State. Nonprofit medical service organizations
33 are subject to the same requirements by operation of the Maine
34 Revised Statutes, Title 24, section 2321-A.
35
36
