

# 116th MAINE LEGISLATURE

## FIRST REGULAR SESSION-1993

Legislative Document

No. 1445

H.P. 1079

House of Representatives, May 5, 1993

An Act Relative to the Licensing and Training of Hoisting Engineers.

Reference to the Committee on Business Legislation suggested and ordered printed.

JOSEPH W. MAYO, Clerk

Presented by Representative COFFMAN of Old Town. Cosponsored by Senators: HANDY of Androscoggin, LUTHER of Oxford.

_	Be it enacted by the People of the State of Maine as follows:
2	Sec. 1. 26 MRSA c. 5, sub-c. III-B is enacted to read:
4	SUBCHAPTER III-B
6	HOISTING ENGINEERS
8	<u>§361. Definitions</u>
10	As used in this subchapter, unless the context otherwise
12	indicates, the following terms have the following meanings.
14	1. Department. "Department" means the Department of Labor.
16	<b>2. Director.</b> "Director" means the Director of the Bureau of Labor Standards.
18	3. Hoisting machinery. "Hoisting machinery" means any of
20	the following when operated by motive power that is mechanical and not steam: All cranes, derricks, stiff legs, Chicago booms,
22	gin poles, lattice booms, electric and air-powered hoisting
24	equipment, equipment with a telescoping boom and wire rope, hydraulic telescoping booms or other hydraulic equipment designed
26	to hoist crawler excavators, rubber-tired excavators, combination loader-backhoes, front-end loaders, drill rigs, pipeline
28	sidebooms and concrete pumps.
30	<u>§362. License required</u>
32	The following license requirements apply to hoisting machinery operators.
34	1. License requirement. After January 1, 1995, a person
	may not operate hoisting machinery in this State unless that
36	<u>person holds a valid license issued under this subchapter for</u> <u>that category of hoisting machinery. The owner of any hoisting</u>
38	machinery may not cause that machinery to be operated unless the operator holds a valid license under this subchapter for that
40	category of hoisting machinery.
42	<b>2. License in possession.</b> A hoisting machinery operator must have a valid license issued under this subchapter in that
44	person's possession whenever operating hoisting machinery.
46	3. Photograph required. A license issued under this subchapter must include a photograph of the licensee.
48	<u>§363. Licensing procedure</u>
50	
52	Licenses issued under this subchapter are subject to the following requirements.
	Page 1-LR0573(1)

Ì

L.D.1445

**1. Application.** A person seeking a license under this subchapter must submit an application furnished by the department setting forth that person's experience and training for the category for which that person is seeking licensure. An application fee must accompany the application. The application and accompanying fee entitle the applicant to one examination.

2. Examination. An applicant for a license under this
 subchapter must take a written and practical examination
 developed by the department for the category for which the
 applicant is seeking licensure. These examinations must test the
 experience, knowledge of safety procedures and requirements and
 basic understanding of the machinery for the category of
 licensure the applicant is seeking.

 3. Criteria and categories. By January 1, 1994, the
 department shall develop categories for licensing hoisting machinery operators within the State and set forth criteria for
 20 issuing, revoking, suspending and renewing licenses. These criteria must be based on the protection of public health and
 22 safety. For licensing purposes the department shall provide that at least one category must include cranes and other similar
 24 equipment and one category must include excavating equipment.

- 26 <u>4. Reexaminations.</u> An applicant who does not successfully complete the written or practical examination may reapply for licensure after 90 days.
- 30 <u>5. License term.</u> A license issued under this subchapter is in effect for 2 years.
- 6. License renewal. A license may be renewed upon application and after payment by the licensee of the fee specified under section 366. A license that has been expired for more than one year may not be renewed.

 38 7. Lost or destroyed licenses. A licensee may apply to the department for a replacement license if the licensee's license is
 40 lost or destroyed. Any duplicate must be boldly marked as a duplicate. The department shall charge a fee for replacing the
 42 license.

8. Revoked or suspended licenses. A person whose license
 has been suspended or revoked under section 365 may apply for a
 new license after one year. To qualify for a license, the
 applicant must pass the written and practical examinations.

#### <u>§364. Exemptions</u>

2

4

б

8

16

32

48

50

<u>Operators of hoisting machinery used under the following</u> 52 <u>conditions are exempt from the requirements of this subchapter.</u>

Page 2-LR0573(1)

L.D.1445

2	<ol> <li>Farm machinery. The operation of hoisting machinery</li> </ol>
	used exclusively for agricultural purposes is exempt from the
4	requirements of this subchapter. For purposes of this
	subsection, "agricultural purposes" includes the production or
6	harvest of food.
8	2. Public utility equipment. A public utility that has
	<u>self-propelled, truck-mounted cranes to construct or maintain its</u>
10	own equipment is exempt if the public utility has:
12.	A. A supervisory employee licensed under this subchapter;
14	B. An in-service training program for its employees that is
	certified by the department; and
16	
	C. Issued to each employee operating hoisting machinery a
18	company license with a picture of the licensee, a list of
	the specific hoisting machinery that the licensee is
20	<u>qualified to operate and the signature of the supervisor who</u>
	holds a license under this subchapter.
22	
24	<b>3. Other company.</b> A company that is not a public utility with hoisting machinery used only on property of a public utility is exempt provided the company meets the requirements set forth
26	in subsection 2.
28	§365. License suspension or revocation
30	License, suspension or revocation is governed by the provisions of this section.
32	
	1. License revocation. A violation of any state or federal
34	occupational safety and health rule or regulation or any other
	rule adopted by the department is cause for the denial,
36	<u>suspension or revocation of any license issued under this subchapter.</u>
38	
	2. Emergency revocation. If the director or the director's
40	agent finds that the immediate suspension or revocation of a
	license to operate hoisting machinery is necessary for the
42	preservation of the public health and safety, the director may
	order emergency revocation pending the outcome of a hearing held
44	pursuant to subsection 3.
46	3. Appeals. Any licensee whose license has been suspended
	<u>or revoked by the department may request within 10 days of the</u>
48	<u>license revocation or suspension a hearing before a hearing</u>
	<u>examiner appointed by the department to appeal the suspension or</u>
50	revocation. Within 30 days, the hearing examiner must weigh the
	facts of the case and issue a finding. This finding is final
52	agency action.

L.D.1445

#### <u>§366. License fees</u>

2

4

6

8

10

32

34

36

The department shall adopt rules to determine the fees for licensure, license renewal and applications under this subchapter for the operation of various categories of hoisting machinery. The fee for a 2-year license may not exceed \$200.

### <u>§367. Penalties</u>

A person who violates section 362 commits a civil violation 12 for which a forfeiture of at least \$1,000 or imprisonment for no more than 3 months or both may be adjudged. A person who permits 14 an unlicensed person to operate hoisting machinery is subject to a fine of not less than \$2,000 or imprisonment for not more than 16 <u>3 months or both.</u>

Sec. 2. Committee. The Commissioner of Labor shall appoint a 18 committee composed of equal numbers of employers and employee in the construction 20 representatives from organized labor industry, as well as additional members with expertise in this field to advise on the categories, criteria and procedures for 22 licensure under the Maine Revised Statutes, Title 26, chapter 5, 24 subchapter III-B, as well as the composition and administration of examinations under Title 26, section 363. This committee must also address the transition provisions for licensure of current. 26 hoisting machinery operators. Operators of hoisting machinery to whom licenses were issued before the effective date of this Act 28 are not subject to the training and experience requirements or 30 additional criteria for renewal.

#### STATEMENT OF FACT

This bill establishes a procedure to license hoisting machinery operators in order to protect public health and safety.
