	Sec. 11. Revision clause. Wherever in the Maine Revised
2	Statutes, Title 32, chapter 16 the words "denture technology" appear or reference is made to those words, they are amended to

6	the statutes.'
8	Further amend the bill by inserting at the end before the statement of fact the following:

12 FISCAL NOTE

The Commissioner of Professional and Financial Regulation may incur some minor additional costs to submit a recommendation pertaining to the Board of Dental Examiners. These costs can be absorbed within the department's existing budgeted resources.

The issuance of temporary denturist permits and the broadening of eligibility requirements for denturist licensure will result in insignificant increases of dedicated revenue to the Board of Dental Examiners, within the Department of Professional and Financial Regulation, from permit and licensure fees.

The Board of Dental Examiners, within the Department of Professional and Financial Regulation, will incur some minor additional costs to adopt rules pertaining to the regulation of denturists. These costs can be absorbed within the board's existing budgeted resources.'

32

34

STATEMENT OF FACT

This amendment removes the requirement that denturists practice under the supervision of dentists. It allows denturists to become licensed through experiential-based qualifications and examination until January 2001 or through standard education-based qualifications and examination.

All denturists are prohibited from practicing denturism on a patient without having first received a statement of oral health regarding that patient from a dentist.

The amendment requires continuing education as a condition of relicensing.

The amendment also adds a fiscal note to the bill.
