If the balance of the Ground Water Oil Clean-up Fund goes below \$3,000,000, the Finance Authority of Maine will not receive dedicated revenue from the fund for deposit into that agency's Underground Oil Storage Replacement Fund.

The bill additionally allows the authority to borrow funds to be used for oil clean-up purposes that will be repaid from fees allocated to the fund.

The Fund Insurance Review Board will incur some minor additional costs to adopt certain rules, to pay for the costs of 2 additional board members and to pay for the costs of an independent audit, if necessary. These costs can be absorbed within the board's existing budgeted resources.'

#### STATEMENT OF FACT

This amendment is the minority report.

The amendment reduces the cap on the Ground Water Oil Clean-up Fund from \$15,000,000 to \$12,500,000, prohibits borrowing between the Maine Coastal and Inland Surface Oil Clean-up Fund and the Ground Water Oil Clean-up Fund after June 30, 1995 and requires money borrowed prior to that date to be repaid within 2 years of the borrowing.

32

The amendment strikes language allowing the Fund Insurance Review Board to raise fees and provides for staggered terms for members of the Fund Insurance Review Board.

36

38

40

42

34

The amendment also protects money in the Ground Water Oil Clean-up Fund from being diverted to uses other than those for which it was collected. Any proposal to use the funds for another purpose must be presented to the Legislative Council and the Joint Standing Committee on Natural Resources at least 30 days before any vote or public hearing on the proposal and must be adopted by a 2/3 vote of the Legislature.

44

The amendment also adds a fiscal note to the bill.
