32

PART C

34

Part C does the following.

36

38 1. It amends the Department of Agriculture, Food and Rural
Resource's organization statutes to reflect the new organization
40 consisting of office directors and division directors. The list
of major policy-influencing positions has been updated to reflect
42 the new organization as well. Under the new structure, the
deputy commissioner, the office directors and the division
directors will be listed as major policy-influencing positions.

44

46 2. It establishes the Maine Potato Board, which is
currently an independent agency within the Department of
48 Agriculture, Food and Rural Resources, as a public
instrumentality, separate and apart from State Government. The
potato tax would continue to be collected by the State Tax

2 Assessor and would simply be transferred periodically to the
Maine Potato Board.

4 3. It removes all changes proposed by the Governor to the
6 State Soil and Water Conservation Commission, Harness Racing
Promotional Board, Maine Dairy Promotion Board, Maine Dairy and
8 Nutrition Council and the Animal Welfare Board. Those changes
were removed from the bill and reported out in separate
10 legislation so that the committees of jurisdiction in the
Legislature can review those proposals.

12 PART E

14 Part E reduces the number of regional service delivery areas
in the Department of Human Services from 5 to 3.

16 Part E changes the Division of Public Health Nursing to the
18 Public Health Nursing Program.

20 Part E repeals the Division of Dental Health.

22 Part E combines the Office of Child Care Coordination with
Head Start and creates a new office called the Office of Child
24 Care and Head Start. Part E also transfers the Office of Child
Care and Head Start from the jurisdiction of the Bureau of Child
26 and Family Services to the Division of Purchased and Support
Services.

28 PART F

30 Part F combines the Bureau of Public Lands and Bureau of
32 Parks and Recreation within the Department of Conservation into a
single agency, the Bureau of Parks and Lands.

34 This part clarifies that it is the intent to maintain the
36 unique status of parks, historic sites and public reserved
lands. This part grants no new powers to the Bureau of Parks and
38 Lands not already granted in statute to the 2 former bureaus, nor
does it transfer the powers, duties and responsibilities
40 pertaining to any one class of land under existing statute to any
other class of land now under the purview of the new bureau.
42 Since the combination of the 2 bureaus involves several chapters
of law, the current statutes will have to be reviewed for the
44 consistency and incorporated into a new, unified chapter. The
unified chapter will preserve the mission of the former agencies
46 and maintain the unique character of the different types of
state-owned land managed by the new agency.

48 This part also clarifies that the Director of the Bureau of
50 Parks and Lands will continue to receive all revenue generated by

2 sales or other activities on public lands and that this revenue
remains distinct from revenues received from parks and historic
4 sites.

6 The provisions of the former Bureau of Public Lands
pertaining to trespass and public access continue to apply only
to public lands.

8 This part establishes that the funds dedicated to management
10 of public lands remain dedicated to the management of those
lands, which for the purpose of distinguishing them from other
12 public lands have been more clearly defined as nonreserved public
lands.

14 Reference to the Bureau of Parks and Recreation as an agency
16 that cooperates with the commissioner in compiling and
maintaining the inventory of public reserved lands is eliminated.

18 Procedures for land acquisition by eminent domain are
20 specific only to lands designated as parks or historic sites.

22 This part also establishes the Bureau of Parks and Lands
within the Department of Conservation, defines the deputy
24 director position, and specifies that the deputy director is
appointed by the commissioner.

26 This part also combines the Maine Geological Survey and the
28 Natural Areas Program into a single unit, the Natural Resources
Information and Mapping Center, and provides a a revision clause
30 and transition provisions.

32 PART G

34 Part G makes the following changes to laws affecting the
Department of Corrections.

36 1. Part G requires a court to make a determination,
38 whenever a juvenile is committed to the Maine Youth Center or put
on probation with a condition of out-of-home placement, as to
40 whether reasonable efforts have been made to prevent or eliminate
the need for removal of the juvenile from the juvenile's home and
42 as to whether continuation in the home is contrary to the welfare
of the juvenile. The court must review this determination at
44 least once every 18 months until the juvenile is discharged.

46 2. Part G requires a court to order a parent or guardian of
a juvenile committed to the Maine Youth Center or to the
48 Department of Human Services or placed on probation to pay for
medical and other treatment provided to the juvenile except in a

1 case of excessive hardship, in which case the court must order a
2 reasonable amount paid toward the cost of treatment.

4 3. Part G abolishes the Division of Probation and Parole
6 within the Department of Corrections and the position of Director
8 of Probation and Parole and assigns certain probation and parole
responsibilities to the Commissioner of Corrections and the
Associate Commissioners of Corrections.

10 4. Part G clarifies the administrative structure at the
12 associate commissioner level by identifying one Associate
Commissioner of Corrections responsible for adult services and
14 one Associate Commissioner of Corrections responsible for
juvenile services. The Director of Correctional Programs
16 position is retitled to Director of Policy, Legislative and
Information Services.

18 5. Part G requires a client participating in a halfway
20 house program who is also permitted to participate in a work
release program to pay the costs of board and the costs of
22 transportation if arranged by the halfway house. Funds received
from a client for these costs must be placed in the General Fund.

24 6. Part G provides among the purposes of the Maine Youth
Center the protection of the public from dangerous juveniles.

26 7. Part G authorizes the Governor or the Governor's
28 designee to order that personnel and equipment of the state
military forces be employed to design and construct a security
30 fence around the Maine Youth Center.

32 PART H

34 Part H requires the Governor, when submitting the budget, to
36 identify the positions that are authorized for less than 52 weeks
as "Positions - Full-time Equivalent" and positions that are
authorized for 52 weeks as "Positions - Legislative Count."

38 Part H eliminates the Public Health Nurse I position that
40 provided services to the State House complex for state employees
and State House visitors. Part H also amends Public Law 1995,
42 chapter 368, Part A, section 15 by transferring the State Cost
Allocation program from the Bureau of the Budget to the Division
44 of Financial and Personnel Services within the Department of
Administrative and Financial Services.

48 PART J

50 Part J does the following.

2 1. It provides for the financial order transfer of salary
4 savings between departments and agencies if projected vacancies
from turnover do not occur.

6 2. It authorizes the State Budget Officer to calculate and
8 distribute specified deappropriations.

10 3. It authorizes the State Budget Officer to calculate and
12 transfer the Unfunded Actuarial Liability and Retiree Health
Insurance portions of the specified deappropriations to the
appropriate accounts.

14 4. It makes appropriations from the General Fund in the
16 form of reductions through salary savings.

18 5. It makes provisions for the reduction of Personal
20 Services appropriation and allocation recommendations in future
biennial budget submissions.

22 6. It authorizes the General Fund salary plan account to
24 carry forward to June 30, 1997.

24 PART K

26 Part K does the following:

28 1. It authorizes the State Budget Officer to calculate and
30 transfer the Retiree Health Insurance portion of the Personal
Services savings from the productivity plans to the Retiree
Health Insurance Fund;

32 2. It establishes the Retirement Unfunded Liability account
34 in the Department of Administrative and Financial Services;

36 3. It authorizes the State Budget Officer to calculate and
38 transfer the Unfunded Actuarial Liability portion of the Personal
Services savings from the productivity plans to the Retirement
Unfunded Liability account; and

40 4. It makes provisions for the allotment of funds in the
42 Retirement Unfunded Liability account.

44 PART L

46 Part L creates 3 administrative clusters to handle various
48 administrative functions for multiple agencies to create cost
savings and efficiency.
