

118th MAINE LEGISLATURE

FIRST REGULAR SESSION-1997

Legislative Document

No. 390

S.P. 111

In Senate, January 23, 1997

An Act Requiring Masonry Work to Comply with State and Local Building and Fire Codes.

Reference to the Committee on Business and Economic Development suggested and ordered printed.

Buen

JOY J. O'BRIEN Secretary of the Senate

Presented by Senator MITCHELL of Penobscot. (BY REQUEST). Cosponsored by Senators: BENNETT of Oxford, BENOIT of Franklin, Representative: STEDMAN of Hartland.

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 32 MRSA §2313, as amended by PL 1991, c. 198, §11, is further amended to read:

§2313. Installations to conform to standards

2

28

No installation of oil or solid fuel burning equipment or 8 chimneys and fireplaces as defined in this chapter may be made in the State unless the installation complies with all standards and 10 regulations adopted by the board and all applicable state and 12 local building and fire codes. Whenever oil or solid fuel burning equipment, accessory equipment or installation thereof 14 are separately contracted, the master burner technician in charge of installation is responsible for ascertaining total conformance the standards. Whenever any state oil and solid fuel 16 to compliance officer finds a person installing or assisting in an oil or solid fuel burner installation, the person shall, on 18 request of the compliance officer, provide evidence of being properly licensed when required by this chapter and, if unable to 20 provide the evidence, shall furnish the compliance officer with that person's full name and address and, if applicable, the full 22 name and address of the master in charge.

SUMMARY

This bill requires that masonary work comply with applicable 30 state and local building and fire codes.
