a. 4. 5.

 Agreement. An insurer, self-insurer or self-insured group and an employer and employee may by agreement discharge any liability for compensation, in whole or in part, by the employer's payment of an amount to the employee if:

- A. The insurer, the employer, the employee or the
   16 employee's dependents petition the board for an order
   commuting all payments for future benefits to a lump sum or
   18 a series of structured settlement payments;
  - B. Six months' time has elapsed from the date of an injury; and
  - C. The provisions of this section have been met and the agreement has been approved by the board.
- 26 2. Policy. The board shall by rule adopt policies establishing the circumstances under which lump-sum--payments
   28 <u>settlements</u> may be approved under this section. The circumstances must be at least as restrictive as those set forth in this
   30 section.
  - 3. Review. Before approving any lump-sum settlement, the board shall review the following factors with the employee:

A. The employee's rights under this Act and the effect a lump-sum settlement would have on those rights, including, if applicable, the effect of the release of an employer's liability for future medical expenses;

40

B. The purpose for which the settlement is requested;

C. The employee's post-injury earnings and prospects, considering all means of support, including the projected income and financial security resulting from proposed employment, self-employment or any business venture or investment and the prudence of consulting with a financial or other expert to review the likelihood of success of these projects; and

D. Any other information, including the age of the employee and of the employee's dependents, that would bear upon whether the settlement is in the best interest of the claimant.

**4. Procedure.** The board shall initiate the review within 14 days of receipt of a request for a settlement review. An employer is considered a party for the purposes of this section.

5. Approval. The board may not approve any lump-sum settlement unless there is an agreement pursuant to subsection 1
 or, in the event the employer refuses to agree to the settlement, the board has reviewed the proposed agreement and finds it to be
 in the best interests of the parties, and unless:

16 A. The employee has fully participated in the review process, except in circumstances amounting to good cause;

B. The board finds the settlement to be in the employee's best interest in light of the factors reviewed with the employee under subsection 3; and

C. In the case of a lump-sum settlement that requires the release of an employer's liability for future medical expenses of the employee, the board finds that the parties would be unlikely to reach agreement on the amount of the lump-sum payment without the release of liability for future medical expenses. ; and

30D. Payments in larger settlements are structured or<br/>deferred over time so that proceeds received in any calendar32year will not exceed 50 times the state's average weekly<br/>wage unless special circumstances justify receipt of34payments on a more compressed schedule.

6. Monitoring of settlement recipients. The board shall establish and maintain a program to monitor the postsettlement
 employment experience of employees who settle their claims pursuant to this section to help develop future policy. The
 Department of Labor shall cooperate with the board in the establishment and operation of this monitoring program.

revenues beginning in fiscal year 1997-98. These additional revenues will cover the board's increased costs.

The assessment on the State of Maine as a self-insurer could increase by as much as \$26,000 annually. The premium rates established for state departments and agencies may need to be increased in order to pay the additional assessment. The increase will have an insignificant impact on rates.

The expansion of legal representation provisions will increase the State's workers' compensation costs. The impact on the current department and agency premium rates and the General Fund appropriations and Highway Fund allocations that will be required can not be determined at this time.

16 Bureau of Insurance within the Department The of Professional and Financial Regulation will require additional 18 Other Special Revenue allocations of \$76,331 and \$98,175 in fiscal years 1997-98 and 1998-99, respectively, for 1 1/2 additional Senior Claims Examiner positions, one additional 20 half-time Staff Attorney position and operating costs necessary 22 to administer certain responsibilities pertaining to prohibited practices under the workers' compensation law. These additional costs with corresponding revenue increases will not exceed the 24 revenue available to the bureau under its statutory assessment 26 cap.

28 The assessment and collection of certain penalties by the Bureau of Insurance will result in insignificant increases of 30 dedicated revenue to the Workers' Compensation Board Administrative Fund.

The Department of Labor will incur some minor additional 34 costs to work with the Workers' Compensation Board and the Bureau 36 report to the Legislature. These costs can be absorbed within 36 the department's existing budgeted resources.'

### SUMMARY

42 This amendment is the majority report and replaces the original bill. It creates an advocate program that is available 44 to employees following troubleshooting and is available to employers after unsuccessful mediation. The amendment also changes the provisions regarding settlements to encourage structured settlements when the settlement amount is large.
