General Fund \$7,000,000

**REVENUES**

General Fund \$7,000,000

This bill includes a General Fund appropriation of \$5,500,000 in fiscal year 1998-99 for the Department of Environmental Protection to fund certain environmental cleanup initiatives. This bill also includes a General Fund appropriation of \$1,500,000 in fiscal year 1998-99 for the Department of Human Services to construct drinking water system improvements.

The bill authorizes the transfer of \$7,000,000 from the Maine Rainy Day Fund to the unappropriated surplus of the General Fund to provide sufficient funding for these appropriations.

Funding these environmental issues with the transfer from the Maine Rainy Day Fund will reduce the overall costs to State Government as borrowing costs related to the issuance of general obligation bonds will be avoided.

**SUMMARY**

This amendment takes \$7,000,000 from the Maine Rainy Day Fund and provides \$5,500,000 to the Department of Environmental Protection for several environmental clean-up issues and \$1,500,000 to the Department of Human Services to construct drinking water system improvements for public water supplies.
