Further amend the resolve by inserting at the end before the summary the following:

FISCAL NOTE

1998-99

APPROPRIATIONS/ALLOCATIONS

Other Funds \$64,000

REVENUES

Other Funds \$79,460

The sale of certain out-of-state property by the Bureau of Parks and Lands will result in a one-time increase of dedicated revenues of \$80,000 in fiscal year 1998-99 and annual losses of \$540 in dedicated revenues collected from agricultural leases. The one-time funds will be used to establish a separate state-administered trust fund known as the Mackworth Island Trust. An allocation of \$4,000, the estimated annual interest earnings on the principal, will be required to authorize the expenditures of these funds to manage public recreational activities on Mackworth Island.

The exchange of certain state-owned properties between the Bureau of Parks and Lands and the Huber Resources Corporation will require a one-time additional Other Special Revenue allocation of \$60,000 in fiscal year 1998-99 to cover the bureau's cost of acquiring the new property. This exchange of properties will have no significant net effect on dedicated revenue from timber harvesting.'
