Increasing plumbing permit fees will result in additional dedicated revenue to the Department of Human Services of \$60,000 and \$80,000 in fiscal years 1999-00 and 2000-01, respectively. A portion of the additional revenue will be used by the department to administer the receipt and collation of completed permits and the issuance of plumbing permit labels to municipalities.

A portion of the additional revenue will be used by the State Planning Office for training and certification of local plumbing inspectors. The State Planning Office has requested allocations of \$37,010 and \$49,346 in fiscal years 1999-00 and 2000-01, respectively, to authorize the shifting of a Research and Planning Associate position that has some responsibility for code enforcement officer training and certification from federal funds to dedicated revenue. Those allocations are included in this bill. The estimated increases in dedicated revenue to the State Planning Office from the transfer of a portion of the increased plumbing permit fees is \$37,010 in fiscal year 1999-00 and \$49,346 in fiscal year 2000-01.

SUMMARY

This amendment adds an allocation section and a fiscal note to the bill.
