4 **CONCEPT DRAFT**
6 **SUMMARY**

8 This bill is a concept draft pursuant to Joint Rule 208.

10 This bill proposes to implement legislation to improve
12 Cumberland County in the following ways:

14 1. Improve the infrastructure;

16 2. Enhance existing businesses and encourage job growth by
18 providing a dollar-for-dollar reduction of a business' gross
income, for purposes of computing income taxes owed by a
business, for funds given by an employer to an employee to pay
for that employee to attend an accredited Maine school;

20 3. Encourage investment in Maine businesses by providing a
22 waiver of the capital gains tax to any person who invests a
capital gain within 12 months of the realization of that gain in
24 a business or corporation that is based or headquartered in Maine;

26 4. Attract and provide high-tech and high-wage jobs by
28 providing an appropriation of \$400,000 per year to the Southern
Maine Technical College to create or expand technical education
30 programs in industries needing technically skilled workers. A
matching contribution of 25% would be sought from the private
32 sector in the form of cash, equipment, materials or scholarship
funds; and

34 5. Promote a stable economic environment through the review
36 of current rules and regulations and taxes and make any necessary
changes.
