COMMITTEE AMENDMENT "A" to H.P. 1846, L.D. 2583, Bill, "An Act Regarding Waiting Lists for Limited-entry Lobster Management Zones"

Amend the bill by striking out everything after the title and before the summary and inserting in its place the following:

Emergency preamble. Whereas, Acts of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, 4 lobster management zones have begun the process of closing the zones to new zone entrants; and

Whereas, many lobster and crab fishing license holders wish to get on the waiting lists for the closed zones; and

Whereas, lobster management policy councils may wish to authorize apprentices who have finished the apprentice program to fish in a closed zone; and

Whereas, it is important to clarify the waiting list process for limited-entry zones as soon as possible; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 12 MRSA §6448, sub-§2, ¶¶A and C, as enacted by PL

COMMITTEE AMENDMENT

1999, c. 508, §3, are amended to read:

2
4 A. After conducting a written survey in the zone, a lobster
6 management policy council may propose to the commissioner an
8 exit ratio to limit new zone entrants to the zone. The
10 lobster management policy council may also propose to the
12 commissioner a provision to exempt from the requirements of
14 this section an individual who became eligible for but had
16 not been issued a Class I, Class II or Class III license
pursuant to section 6421, subsection 5, paragraph C or H
prior to January 1, 2000 and to allow that individual to
declare the zone as that individual's declared lobster
zone. The lobster management policy council is not required
to submit the proposal to referendum and the proposed exit
ratio does not need to receive approval through the survey
in order to be forwarded to the commissioner.

18 C. Rules adopted under this subsection must establish an
20 exit ratio between the number of individuals who declared
22 that zone as their declared lobster zone in the year prior
24 to the previous calendar year, but who did not declare that
26 zone as their declared lobster zone in the previous calendar
28 year, and the number of new zone entrants authorized under
30 subsection 7. An exit ratio established by rule under this
32 subsection is not required to be the same as the exit ratio
34 proposed by the lobster management policy council. Rules
adopted under this subsection may exempt from the
requirements of this section an individual who became
eligible for but who had not been issued a Class I, Class II
or Class III license pursuant to section 6421, subsection 5,
paragraph C or H prior to January 1, 2000 and allow such an
individual to declare the zone as that individual's declared
lobster zone.

If a person who holds a current Class I, Class II or Class III license is authorized as a new zone entrant and declares the zone as that person's declared lobster zone, the commissioner shall change the zone identified on that person's license to the limited-entry zone for which the person is authorized.

Sec. 3. Transition; closed zones. The Commissioner of Marine Resources shall send a notification to all persons who became eligible for a Class I, Class II or Class III lobster and crab fishing license pursuant to the Maine Revised Statutes, Title 12, section 6421, subsection 5, paragraph C or H prior to the effective date of this Act but who have not yet been issued a license. The notification must state that if the person wishes to declare a zone that is closed pursuant to section 6448 as that person's declared lobster zone, the person must indicate to the commissioner in writing which zone the person wishes to declare. A person who submits such a request in writing within 30 days of receiving the notification must be placed on the waiting list for the requested zone according to the date the commissioner determined that the person was eligible for a Class I, Class II or Class III lobster and crab fishing license. Further amend the bill by inserting at the end before the summary the following:

required notices. These costs can be absorbed within the
4 department's existing budgeted resources.'

8 **SUMMARY**

10 This amendment, which is the majority report of the
committee, replaces the bill and adds an emergency clause and an
12 emergency preamble. The amendment authorizes a lobster
management policy council that is proposing to limit new zone
14 entrants to the zone to also propose to the Commissioner of
Marine Resources to adopt rules allowing apprentice or student
16 lobster and crab fishing license holders who became eligible for
a Class I, Class II or Class III license prior to January 1, 2000
18 to be issued a license that identifies the limited-entry zone as
that person's declared lobster zone.

20
22 The amendment clarifies the process for a person to request
to declare a limited-entry zone as the person's declared lobster
zone and requires the Commissioner of Marine Resources to create
24 a waiting list for a zone at the time the commissioner closes the
zone pending rulemaking to establish an exit ratio for that
26 zone. The amendment also establishes a process for people who
became eligible for a Class I, Class II or Class III lobster and
28 crab fishing license prior to the effective date of this
legislation to be put on a waiting list according to the date
30 they became eligible. It also adds a fiscal note to the bill.
