	L.D. 2596
2	DATE: 4-5-00 (Filing No. H-1069)
4	
6	AGRICULTURE, CONSERVATION AND FORESTRY
8	
10	Reproduced and distributed under the direction of the Clerk of the House.
12	STATE OF MAINE
14	HOUSE OF REPRESENTATIVES 119TH LEGISLATURE
16	SECOND REGULAR SESSION
18	COMMITTEE AMENDMENT " \hat{H} " to H.P. 1861, L.D. 2596, Bill, "An
20	Act to Revise the Law Protecting Farmers' Right to Farm"
22	Amend the bill by striking out the title and substituting the following:
24	
26	'An Act to Revise the Law Protecting Farmers' Right to Farm and to Provide for Nutrient Management Plans to be Confidential'
28	Further amend the bill by striking out everything after the enacting clause and before the summary and inserting in its place
30	the following:
32	'Sec. 1. 7 MRSA §4202, sub-§1, as amended by PL 1999, c. 530, §4, is further amended to read:
34	
36	1. Nutrient management plan required. A person who owns or operates a farm that meets the criteria established in subsection 2 shall have a nutrient management plan for that farm and shall
38	implement the provisions in that plan by the dates specified for that category of farm in subsection 4, 5, 6 or 7. The nutrient
40	management plan must be prepared by a person certified in accordance with section 4202, subsection 2 and must address the
42	storage and utilization of all farm nutrients generated on or transported to the farm. A nutrient management plan developed by
44	a farm owner or operator is deemed to have been prepared by a
46	certified nutrient management specialist if a certified nutrient management specialist reviews the plan for compliance with this
10	chapter, signs the plan and notifies the department in accordance
48	with subsection 3. For livestock farms, the nutrient management plan must address storage and utilization of farm nutrients for

Page 1-LR3992(2)

the entire farm operation including leased or rented land. For crop farms, the plan must address storage and utilization of farm

COMMITTEE AMENDMENT

nutrients on land on which manure is utilized or stored. 2 plan must establish minimum distances between manure storage, stacking and spreading areas and property lines and surface water based on site-specific factors. The plan must provide for manure 4 storage for a minimum of 180 days. A nutrient management plan prepared in accordance with this section is confidential and is not a public record as defined in Title 1, section 402, 8 subsection 3. A copy of a nutrient management plan required under this section must be available to the commissioner or the commissioner's designee upon request. A nutrient management plan 10 must include the following: 12 A. Provisions for soil erosion control; 14 Minimum distances between manure storage, stacking and spreading areas and property lines and surface waters; 16 18 Results of soil tests for land designated in the plan for manure spreading or manure irrigation; 20 Results of manure tests; 2.2 Statement of yield goals for land receiving farm 24 nutrients; 26 Additional information established through rulemaking; 28 Site-specific dates recommended for the spreading of manure and spraying or irrigation of liquid manure. 30 compliance with section 4207, the plan may not recommend spreading between December 1st of a calendar year and March 15th of the following calendar year; and 32 34 A recommended timetable for implementing the plan. Sec. 2. 17 MRSA §2805, as amended by PL 1997, c. 642, §§4 and 36 5, is further amended to read: 38 Farms or farm operations not a nuisance; use of best 40 management practices 42 Definition. As used in this section, unless the context otherwise indicates, the following terms have the following 44 meanings. "Farm" means the land, buildings and machinery used in 46 the commercial production of farm products.

Page 2-LR3992(2)

occurs on a farm in connection with the

"Farm operation" means a condition or activity that

- identifies the source or sources of the problem, has reason to believe that the source is -a nuisance and finds that the nuisance problem is caused by the use of other than best management practices, the commissioner shall:
 - A. Determine the changes needed in the farm or farm operation to comply with best management practices and prescribe site specific best management practices for that farm operation;
- B. Advise the person responsible for the farm or farm operation of the changes, as determined in paragraph A, that are necessary to conform with best management practices and determine subsequently if those changes are implemented; and
- 16 C. Give the findings of the initial investigation and subsequent investigations and any determination of compliance to the complainant and person responsible.
- 5-A. Good faith. The Maine Rules of Civil Procedure, Rule lapplies in any private action filed against the owner or operator of a farm or farm operation in which it is alleged that the farm or farm operation constitutes a nuisance if it is determined that the action was not brought in good faith and was frivolous or intended for harassment only.
 - Failure to adopt best management practices. person responsible for the farm or farm operation does not adopt apply best management practices as required by the Commissioner of Agriculture, Food and Rural Resources, the commissioner shall send a written report to an appropriate agency if a federal or state law has been violated and to the Attorney General. Attorney General may institute an action to abate a nuisance or to enforce the provisions of this section or any other applicable state law, and the court may order the abatement with costs as provided under section 2702, such injunctive relief as provided in this section or by other applicable law, or that a civil violation has been committed. Failure to apply best management practices in accordance with this section constitutes a separate civil violation for which a forfeiture of up to \$1,000, together with an additional forfeiture of up to \$250 per day for every day that the violation continues, may be adjudged.
 - 7. Agricultural Complaint Response Fund. There is established the nonlapsing Agricultural Complaint Response Fund. The commissioner may accept funds from any source designated to be placed in the fund. The commissioner may authorize expenses from the fund as necessary to investigate complaints involving a farm or farm operation and to abate conditions potentially resulting from farms or farm operations.

9. Educational outreach. The Commissioner of Agriculture, Food and Rural Resources shall conduct an educational outreach program for the agricultural community to increase awareness of the provisions of this section and the currently adopted best management practices of the Department of Agriculture, Food and Rural Resources. The commissioner shall inform the public about the provisions of this section, the complaint resolution process adopted by the department and state policy with respect to preservation and protection of agricultural and natural resources.'

Further amend the bill by inserting at the end before the summary the following:

18

20

FISCAL NOTE

22

24

26

The additional workload and administrative costs associated with the minimal number of new cases filed in the court system can be absorbed within the budgeted resources of the Judicial Department. The collection of additional fines may increase General Fund revenue by minor amounts.'

28

SUMMARY

30

32

34

36

38

40

This clarifies that the Commissioner amendment Agriculture, Food and Rural Resources may prescribe best management practices for any farm or farm operation when a problem is identified that is caused by the failure to use best management practices. It also clarifies the actions the court may order when a person fails to apply best management This amendment also specifies that nutrient management plans prepared in accordance with the Maine Revised Statutes, Title 7, chapter 747 are confidential and are not a public record. It also adds a fiscal note to the bill.
