119th MAINE LEGISLATURE

SECOND REGULAR SESSION-2000

Legislative Document

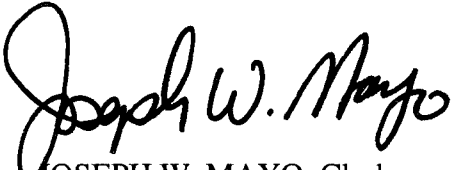

No. 2669

H.P. 1923

House of Representatives, April 3, 2000

**An Act to Implement the Tax Policy Recommendations of the Task
Force Created to Review Smart Growth Patterns of Development.**

Reported by Representative GAGNON for the Joint Standing Committee on Taxation
pursuant to Joint Order H.P. 1851.

JOSEPH W. MAYO, Clerk

Be it enacted by the People of the State of Maine as follows:

2
4 **Sec. 1. 30-A MRSA §5681, sub-§2, ¶¶C to E** are enacted to read:

6 C. "Annual growth ceiling" for fiscal year 2000-01 means
8 the amount certified by the Treasurer of State by September
10 1, 2000 as the amount transferred to the Local Government
12 Fund in fiscal year 1999-00. For subsequent fiscal years,
14 "annual growth ceiling" must be determined by the State Tax
16 Assessor by September 1st annually and means the annual
18 growth ceiling adjusted by the lower of the increase for the
20 previous fiscal year in the Consumer Price Index or the
22 increase in receipts from the taxes imposed under Title 36,
24 Parts 3 and 8. The annual growth ceiling may not be less
26 than the annual growth ceiling for the previous year.

28 D. "Consumer Price Index" means the average over a 12-month
30 period ending June 30th annually of the National Consumer
32 Price Index, not seasonally adjusted, published monthly by
34 the United States Department of Labor, Bureau of Labor
36 Statistics designated as the "National Consumer Price Index
38 for All Urban Consumers - United States City Average."

40 E. "Disproportionate tax burden" means the total real and
42 personal property taxes assessed in the most recently
44 completed municipal fiscal year, except the taxes assessed
46 on captured value within a tax increment financing district,
48 divided by the latest state valuation certified to the
50 Secretary of State and reduced by .01.

52 **Sec. 2. 30-A MRSA §5681, sub-§3,** as amended by PL 1989, c.
54 104, Pt. C, §§8 and 10, is further amended to read:

56 **3. Revenue-sharing funds.** To strengthen the
58 state-municipal fiscal relationship pursuant to the findings and
60 objectives of subsection 1, there is established the Local
62 Government Fund. To provide additional support for
64 municipalities experiencing a higher-than-average property tax
66 burden, there is established the Disproportionate Tax Burden Fund.

68 **Sec. 3. 30-A MRSA §5681, sub-§4,** as amended by PL 1989, c.
70 104, Pt. C, §§8 and 10, is repealed.

72 **Sec. 4. 30-A MRSA §5681, sub-§§4-A and 4-B** are enacted to read:

74 **4-A. Distribution of Local Government Fund.** The Treasurer
76 of State shall transfer the balance in the Local Government Fund
78 on the 20th day of each month. Money in the

2 Local Government Fund must be distributed to each municipality in
3 proportion to the product of the population of the municipality
4 multiplied by the property tax burden of the municipality.

6 **4-B. Distribution of Disproportionate Tax Burden Fund.** The
7 Treasurer of State shall transfer the balance in the
8 Disproportionate Tax Burden Fund on the 20th day of each month.
9 Money in the Disproportionate Tax Burden Fund must be distributed
10 to each municipality in proportion to the product of the
11 population of the municipality multiplied by the disproportionate
12 tax burden of the municipality.

14 **Sec. 5. 30-A MRSA §5681, sub-§5**, as amended by PL 1999, c.
15 528, §1, is repealed and the following enacted in its place:

16 **5. Transfers to funds.** On the last day of each month,
17 beginning July 31, 2000, the Treasurer of State shall transfer to
18 the Local Government Fund an amount equal to 5.3% of the receipts
19 from the taxes imposed under Title 36, Parts 3 and 8 and credited
20 to the General Fund without any reduction. Any amounts
21 transferred to the Local Government Fund in excess of the annual
22 growth ceiling must be transferred to the Disproportionate Tax
23 Burden Fund.

24 **Sec. 6. 36 MRSA §1102, sub-§4**, as amended by PL 1999, c. 449,
25 §1, is further amended to read:

28 **4. Farmland.** "Farmland" means any tract or tracts of land,
29 including woodland and wasteland, of at least 5 2 contiguous
30 acres on which farming or agricultural activities, ~~either by the~~
31 ~~owner or a lessee,~~ have produced contributed to a gross annual
32 farming income of at least \$2,000 per year in one of the 2, or 3
33 of the 5, calendar years preceding the date of application for
34 classification. The farming or agricultural activity and income
35 derived from that activity may be achieved by either the owner or
36 a lessee.

38 Gross income as used in this section includes the value of
39 commodities produced for consumption by the farm household. Any
40 applicant for assessment under this subchapter bears the burden
41 of proof as to the applicant's qualification.

42 **Sec. 7. 36 MRSA §1105, first ¶**, as amended by PL 1993, c. 452,
43 §7, is further amended to read:

46 The municipal assessor, chief assessor or State Tax Assessor
47 for the unorganized territory shall establish the 100% valuation
48 per acre based on the current use value of farmland used for
49 agricultural or horticultural purposes. The values established
50 must-be-based are guided by the Department of Agriculture, Food

2 and Rural Resources as provided in section 1119 and adjusted by
3 the assessor if determined necessary on the basis of such
4 considerations as farmland rentals, farmer-to-farmer sales, soil
5 types and quality, commodity values, topography and other
6 relevant considerations factors. These values may not reflect
7 development or market value purposes other than agricultural or
8 horticultural use. The values may not reflect value attributable
9 to road frontage or shore frontage. ~~In developing these values,~~
10 ~~local assessors may be guided by the Department of Agriculture,~~
11 ~~Feed and Rural Resources as provided in section 1119.~~

12 **Sec. 8. 36 MRSA §1108, sub-§1**, as amended by PL 1987, c. 728,
13 §5, is further amended to read:

14
15 1. **Organized areas.** The municipal assessors shall adjust
16 the 100% valuations per acre for farmland for their jurisdiction
17 by whatever ratio or percentage of current just value, is then
18 being applied to other property within the municipality to obtain
19 the assessed values. For any tax year, the classified farmland
20 value ~~must~~ may reflect only the current use value for farm or
21 open space purposes and ~~shall~~ may not include any increment of
22 value reflecting development pressure. Commencing April 1, 1978,
23 land in the organized areas subject to taxation under this
24 subchapter ~~shall~~ must be taxed at the property tax rate
25 applicable to other property in the municipality, which rate
26 ~~shall~~ must be applied to the assessed values so determined.

27 For tax years beginning on or after April 1, 2000, the State Tax
28 Assessor shall determine annually the amount of acreage in each
29 municipality that is classified as farmland and taxed in
30 accordance with this subchapter. A municipality actually levying
31 and collecting municipal property taxes and within whose
32 boundaries this acreage lies is entitled to annual payments from
33 money appropriated by the Legislature if the municipality submits
34 an annual return in accordance with section 383 and it achieves
35 the appropriate minimum assessment ratio described in section
36 327. The reimbursement is equal to 90% of the per-acre tax
37 revenue lost as a result of this subchapter. For purposes of
38 this subsection, the tax revenue lost is the tax that would have
39 been assessed, but for this subchapter, on the classified
40 farmlands if they had been assessed according to the undeveloped
41 acreage valuations used in the state valuation then in effect or
42 according to the current local valuation on undeveloped acreage,
43 whichever is less, minus the tax that was actually assessed on
44 the same lands in accordance with this subchapter. A
45 municipality that fails to achieve the minimum assessment ratio
46 established in section 327 loses 10% of the reimbursement
47 provided by this subsection for each one percentage point the
48 minimum assessment ratio falls below the ratio established in
49 section 327. The State Tax Assessor shall pay any municipal
50 tax revenue lost as a result of this subchapter.

2 claim found to be in satisfactory form within 90 days after
3 receipt of the claim.

4 A municipality may not receive a reimbursement payment under this
5 subsection that exceeds an amount determined by calculating the
6 farmland tax loss less the municipal savings in education costs
7 attributable to reduced state valuation.

8
9 A. The farmland tax loss is the adjusted tax that would have
10 been assessed, but for this subchapter, on the classified
11 farmlands if they had been assessed according to the
12 undeveloped acreage valuations used in the state valuation
13 then in effect minus the tax that was actually assessed on
14 the same lands in accordance with this subchapter.

15 In determining the adjusted tax that would have been
16 assessed, the tax rate to be used is computed by adding the
17 additional school support required by the modified state
18 valuation attributable to the increased valuation of
19 farmland to the original tax committed and dividing this sum
20 by the modified total municipal valuation. The adjusted tax
21 rate is then applied to the valuation of farmland based on
22 the undeveloped acreage valuations, adjusted by the
23 certified ratio, to determine the adjusted tax.

24
25 B. The municipal savings in education costs is determined by
26 multiplying the school subsidy index by the change in state
27 valuation attributable to the use of the valuations
28 determined in accordance with this subchapter on classified
29 farmlands rather than their valuation using the undeveloped
30 acreage valuations used in the state valuation then in
31 effect.

32
33 **Sec. 9. 36 MRSA §1109, sub-§2, as amended by PL 1987, c. 728,**
34 **§7, is further amended to read:**

35
36 **2. Provisional classification.** The owner of a parcel of
37 ~~land, including woodland and wasteland of at least 5 contiguous~~
38 ~~acres~~ on which farming or agricultural activities have not
39 produced the gross income required in section 1102, subsection 4,
40 per year for one of the 2 or 3 of the 5 preceding calendar years,
41 may apply for a 2-year provisional classification as farmland by
42 submitting a signed schedule in duplicate, on or before April 1st
43 of the year for which provisional classification is requested,
44 identifying the land to be taxed hereunder under this subsection,
45 listing the number of acres of each farmland classification,
46 showing the location of the land in each classification and
47 representing that the applicant intends to conduct farming or
48 agricultural activities upon that parcel. Upon receipt of the
49 schedule, the land shall must be provisionally classified as

2 farmland and subjected to taxation under this subchapter. If, at
4 the end of the 2-year period, the land does not qualify as
6 farmland under section 1102, subsection 4, the owner shall pay a
8 penalty which shall be that is an amount equal to the taxes which
10 that would have been assessed had the property been assessed at
12 its fair market value on the first day of April for the 2
14 preceding tax years less the taxes paid on the property over the
16 2 preceding years and interest at the legal rate from the dates
18 on which those amounts would have been payable.

20 **Sec. 10. 36 MRSA §1112, 2nd ¶**, as amended by PL 1995, c. 603,
22 §2, is further amended to read:

24 ~~For land classified as farmland under this subchapter for~~
26 ~~less than 5 full years, the penalty is equal to the greater of~~
28 ~~20% of its assessed fair market value at the time the land is~~
30 ~~removed from the program or the amount necessary to meet the~~
32 ~~requirements of the Constitution of Maine, Article IX, Section~~
34 ~~8.~~ For land that has been classified as farmland under this
36 subchapter ~~for 5 full years or more~~, the penalty is the recapture
38 of the taxes that would have been paid on the land for the past 5
40 years if it had not been classified under this subchapter, less
42 all taxes that were actually paid during those 5 years and
44 interest at the rate set by the town during those 5 years on
46 delinquent taxes. An owner of farmland that has been classified
48 under this subchapter for 5 full years or more may pay any
50 penalty owed under this paragraph in up to 5 equal annual
installments with interest at the rate set by the town to begin
60 days after the date of assessment. Notwithstanding section
943, for an owner paying a penalty under this procedure, the
period during which the tax lien mortgage, including interest and
costs, must be paid to avoid foreclosure, and expiration of the
right of redemption is 48 months from the date of the filing of
the tax lien certificate instead of 18 months.

36 **Sec. 11. 36 MRSA §1119**, as amended by PL 1997, c. 526, §14,
38 is further amended to read:

40 **§1119. Valuation guidelines**

42 ~~By February 1, 1992~~ December 31, 2000 and biennially
44 thereafter, the Department of Agriculture, Food and Rural
46 Resources working with the Bureau of Revenue Services,
48 representatives of municipal assessors and farmers shall prepare
50 and report to the joint standing committee of the Legislature
having jurisdiction over taxation matters guidelines to assist
local assessors in the valuation of farmland. The department
shall also deliver these guidelines in training sessions for
local assessors throughout the State. These guidelines must
include ~~suggested~~ recommended values for cropland, orchard land,

2 pastureland and horticultural land, differentiated by region
3 where justified. Any variation in assessment of farmland from
4 the recommended values must be substantiated by the local
5 assessor within the parameters allowed within this subchapter.

6 Sec. 12. 36 MRSA §2013, as amended by PL 1997, c. 514, §1, is
7 further amended by repealing and replacing the headnote to read:

8 **§2013. Refund of sales tax on electricity, depreciable machinery**
9 **and equipment purchases**

10 Sec. 13. 36 MRSA §2013, sub-§§2 and 3, as amended by PL 1993,
11 c. 151, §1, are further amended to read:

12 **2. Credit authorized.** Any person, association of persons,
13 firm or corporation who that purchases electricity or that
14 purchases or leases depreciable machinery or equipment for use in
15 commercial agricultural production, commercial fishing or
16 commercial aquacultural production must be refunded the amount of
17 sales tax paid by presenting to the State Tax Assessor evidence
18 that the machinery or equipment complies with the definitions of
19 subsection 1 purchase is eligible for refund under this section.

20 Evidence required by the State Tax Assessor may include a copy or
21 copies of that portion of the purchaser's or lessee's most recent
22 filing under the United States Internal Revenue Code that
23 indicates that the purchaser or lessee is engaged in commercial
24 agricultural production, commercial fishing or commercial
25 aquacultural production and that the purchased machinery or
26 equipment is depreciable for those purposes or would be
27 depreciable for those purposes if owned by the lessee.

28 In the event that any piece of machinery or equipment is only
29 partially depreciable under the United States Internal Revenue
30 Code, any reimbursement of the sales tax must be prorated
31 accordingly.

32 Application for refunds must be filed with the State Tax Assessor
33 within 36 months of the date of purchase or execution of the
34 lease.

35 **3. Exemption for large purchase after certification.** Sales
36 tax is not paid on the purchase of electricity or a single item
37 of machinery or equipment if the purchaser has the certification
38 of the State Tax Assessor that the purchaser is engaged in
39 commercial agricultural production, commercial fishing or
40 commercial aquacultural production and that the purchaser may
41 purchase electricity or depreciable machinery and equipment
42 without paying Maine sales tax. The seller is required to obtain

2 a copy of the certificate together with an affidavit as
4 prescribed by the State Tax Assessor, to be maintained in the
6 seller's records, attesting to the qualification of the purchase
8 for exemption pursuant to this section. In order to qualify for
this exemption, the electricity or depreciable machinery or
equipment must be used directly in commercial agricultural
production, commercial fishing or commercial aquacultural
production.

10 **Sec. 14. Appropriation.** The following funds are appropriated
12 from the General Fund to carry out the purposes of this Act.

2000-01

14 **ADMINISTRATIVE AND FINANCIAL**
16 **SERVICES, DEPARTMENT OF**

18 **Tree Growth Tax Reimbursement**

20 All Other (\$5,500,000)

22 Deappropriates funds to reflect the
24 combination of the Tree Growth Tax
26 Reimbursement program and new reimbursement
28 for valuation under the farm and open space
tax laws into a single program called the
Current Use Valuation Tax Reimbursement
program.

30 **Current Use Valuation Tax Reimbursement**

32 All Other \$5,790,000

34 Appropriates funds to combine the Tree
36 Growth Tax Reimbursement program with new
38 funding for reimbursement of 90% of the
revenue loss for valuation under the farm
and open space tax laws.

40 **DEPARTMENT OF ADMINISTRATIVE AND**
42 **FINANCIAL SERVICES**
TOTAL

\$290,000

44 **Sec. 15. Effective date.** This Act takes effect July 31, 2000.

46

FISCAL NOTE

2

2000-01

4

APPROPRIATIONS/ALLOCATIONS

6

General Fund \$290,000

8

REVENUES

10

General Fund (\$4,410,596)

12

Other Funds 4,172,280

14

This bill has a total General Fund cost of \$4,700,596 in fiscal year 2000-01, \$4,996,085 in fiscal year 2001-02 and \$5,300,903 in fiscal year 2002-03.

16

18

This bill increases the amounts set aside in the Local Government Fund from General Fund revenue resulting in reductions of General Fund revenue of \$4,184,434 in fiscal year 2000-01, \$4,443,651 in fiscal year 2001-02 and \$4,713,724 in fiscal year 2002-03. The annual growth ceiling for the distribution of state-municipal revenue sharing is estimated to be \$106,355,582 in fiscal year 2000-01, \$106,703,078 in fiscal year 2001-02 and \$109,370,655 in fiscal year 2002-03. Amounts transferred to the Local Government Fund in excess of the ceiling will be transferred to the Disproportionate Tax Burden Fund. The amounts in excess of the ceiling are estimated to be \$4,531,930, \$11,053,661 and \$15,543,034, respectively. The Office of the Treasurer of State will incur additional costs of approximately \$5,000 in fiscal year 2000-01 for computer programming to implement the distribution from the Disproportionate Tax Burden Fund with a different formula. These costs will be paid from the amounts set aside in the Local Government Fund. The first distribution to municipalities from the Disproportionate Tax Burden Fund is projected to be in July 2001, fiscal year 2001-02.

38

This bill also expands eligibility under the farm and open space tax laws as a result of the reduction of the acreage threshold, provides reimbursement for 90% of the tax revenue loss associated with valuation under the farm and open space tax laws and combines the Tree Growth Tax Reimbursement program with this new reimbursement into one program called Current Use Valuation Tax Reimbursement. A General Fund deappropriation of \$5,500,000 in fiscal year 2000-01 is included to reflect the transfer of funds to the new program. A General Fund appropriation of \$5,790,000 in fiscal year 2000-01 is included to reflect the transfer of funds from the Tree Growth Tax Reimbursement program and to provide funding for the new reimbursement of 90% of the revenue loss under the farm and open space tax laws including the

50

2 additional property eligible from the reduction of the acreage
3 threshold. The estimated net additional costs for current use
4 valuation tax reimbursements in fiscal year 2001-02 and 2002-03,
5 including reimbursement for state mandate costs, are
6 approximately \$300,000 and \$330,000, respectively. The expansion
7 of eligibility will result in additional applications and
8 additional processing costs for municipalities and represents a
9 state mandate pursuant to the Constitution of Maine. The
10 additional local costs are estimated to be less than \$200
11 annually. Reimbursements for these mandate costs will be
12 required beginning in fiscal year 2001-02.

13
14 The sales tax exemption or refund for electricity used in
15 commercial agriculture, fishing or aquaculture will decrease
16 sales tax collections by \$238,316 in fiscal year 2000-01,
17 \$266,000 in fiscal year 2001-02 and \$271,000 in fiscal year
18 2002-03. The reduction of these tax collections will decrease
19 the amounts transferred to the Local Government Fund for
20 state-municipal revenue sharing in those years by \$12,154,
21 \$13,566 and \$13,821, respectively. The resulting net reductions
22 of General Fund revenue will be \$226,162 in fiscal year 2000-01,
23 \$252,434 in fiscal year 2001-02 and \$257,179 in fiscal year
24 2002-03.

25
26 The Bureau of Revenue Services within the Department of
27 Administrative and Financial Services will incur some minor
28 additional administrative costs to implement these changes to the
29 tax laws. These costs can be absorbed within the bureau's
30 existing budgeted resources.

31
32 The Governor's proposed 2000-2001 supplemental budget also
33 includes proposals that provide reimbursement for valuation under
34 farm and open space tax laws, a reduced acreage threshold for
35 eligibility for farm and open space valuation and the sales tax
36 exemption or refund for electricity used in commercial
37 agriculture, fishing or aquaculture.

38

40

SUMMARY

41
42 This bill implements the tax policy recommendations of the
43 Task Force on State Office Building Location, Other State
44 Growth-related Capital Investments and Patterns of Development,
45 commonly referred to as the "Smart Growth Task Force." The bill
46 implements the following tax policies.

47
48 1. The bill provides for additional state-municipal
49 revenue-sharing for all municipalities with a property tax rate
50 in excess of 10 mills. The amount of General Fund revenue
dedicated to state-municipal revenue-sharing is increased from

2 5.1% to 5.3% of sales and income tax revenues. Beginning in
4 fiscal year 2000-01, revenue-sharing funds in excess of amounts
6 distributed to municipalities in fiscal year 1999-2000 are
8 distributed according to a formula that provides enhanced relief
10 to municipalities that are experiencing a disproportionate
12 property tax burden as a result of service center
responsibilities, a large proportion of exempt property or other
factors. This mechanism ensures the integrity of the current
state-municipal revenue-sharing program by requiring that amounts
dedicated to the original revenue-sharing program be equal to
amounts transferred to the program in the preceding year as
adjusted for inflation or revenue growth.

14 2. The bill makes changes to enhance the effectiveness of
16 the farm and open space tax law. These changes include
18 reimbursement to municipalities for revenue lost under the
20 program, reducing the penalty for withdrawal from the program to
22 the constitutional minimum, enhancing the State's role in
establishing recommended valuation guidelines for local assessors
and expanding eligibility by reducing the minimum acreage for
inclusion in the program from 5 acres to 2 acres.

24 3. The bill provides a sales tax exemption or refund for
electricity used in commercial agriculture, fishing or
aquaculture.
