STATE OF MAINE
HOUSE OF REPRESENTATIVES
120TH LEGISLATURE
FIRST REGULAR SESSION

COMMITTEE AMENDMENT "A" to H.P. 245, L.D. 281, Bill, "An Act to Clarify Where a Public Hearing Involving Dredging Activity by the Department of Marine Resources Must be Held"

Amend the bill by striking out everything after the enacting clause and before the summary and inserting in its place the following:

Sec. 1. 38 MRSA §480-D, sub-§9, as amended by PL 1997, c. 164, §1 and affected by §2, is further amended to read:

9. Dredging. If the proposed activity involves dredging, dredge spoils disposal or transporting dredge spoils by water, the applicant shall must demonstrate that the transportation route minimizes adverse impacts on the fishing industry and that the disposal site is geologically suitable. The Commissioner of Marine Resources shall provide the department with an assessment of the impacts on the fishing industry of a proposed dredging operation in the coastal wetlands. The assessment must consider impacts to the area to be dredged and impacts to the fishing industry of a proposed route to transport dredge spoils to an ocean disposal site. The Commissioner of Marine Resources ~~must~~ may hold a public hearing on the proposed dredging operation. In determining if a hearing is to be held, the Commissioner of Marine Resources shall consider the potential impacts of the proposed dredging operation on fishing in the area to be dredged. If a hearing is held, it must be within at least one of the municipalities in which the dredging operation would take place. If the Commissioner of Marine Resources determines that a hearing is not to be held, the Commissioner of Marine Resources must publish a notice of that determination in a newspaper of general circulation in the area proposed for the dredging

operation. The notice must state that the Commissioner of Marine Resources will accept verbal and written comments in lieu of a public hearing. The notice must also state that if 5 or more persons request a public hearing within 30 days of the notice publication, the Commissioner of Marine Resources will hold a hearing. If 5 or more persons request a public hearing within 30 days of the notice publication, the Commissioner of Marine Resources must hold a hearing. In making its determination under this subsection, the department must take into consideration the assessment provided by the Commissioner of Marine Resources. The permit must require the applicant to:

A. Clearly mark or designate the dredging area, the spoils disposal route and the transportation route;

B. Publish in a newspaper of general circulation in the area adjacent to the route the approved transportation route of the dredge spoils; and

C. Publish in a newspaper of general circulation in the area adjacent to the route a procedure that the applicant will use to respond to inquiries regarding the loss of fishing gear during the dredging operation.'

Further amend the bill by inserting at the end before the summary the following:

FISCAL NOTE

The Department of Marine Resources will incur some minor additional costs to administer certain public hearing requirements pertaining to dredging activity. These costs can be absorbed within the department's existing budgeted resources.'

SUMMARY

This amendment replaces the bill. It removes from current law the requirement to hold a public hearing on a proposed dredging operation. If a hearing is not to be held, the amendment requires that the Commissioner of Marine Resources publish a notice in a newspaper of general circulation that if 5 or more persons request a hearing one will be held. The notice must also state that verbal and written comments will be accepted in lieu of the hearing. The amendment also requires that if a public hearing is held it must be held within at least one of the municipalities where the dredging will take place. The amendment also adds a fiscal note to the bill.
