COMMITTEE AMENDMENT "A" to H.P. 755, L.D. 974, Bill, "An Act to Create the Civil Rights in Public Employment, Education and Contracting Act"

Amend the bill by inserting at the end before the summary the following:

FISCAL NOTE

If this bill requires local school units or other local units of government to modify contracting policies or procedures or implement new programs, this bill represents a state mandate pursuant to the Constitution of Maine. The additional local costs can not be determined. Unless General Fund appropriations are provided to fund at least 90% of the additional costs or a Mandate Preamble is amended to the bill and 2/3 of the members of each House vote to exempt this mandate from the funding requirement, the affected local units of government may not be required to implement these changes.

The Maine Human Rights Commission may require additional General Fund appropriations for an additional position and related costs if it is required to investigate complaints in the area of public contracting. The amounts can not be determined at this time.

This bill may increase the number of civil suits filed in the court system. The additional workload and administrative costs associated with the minimal number of new cases filed can be absorbed within the budgeted resources of the Judicial Department. The collection of additional filing fees may also increase General Fund revenue by minor amounts.'
