42 **Sec. 19. Appropriations and allocations.** The following
appropriations and allocations are made.

44 **INLAND FISHERIES AND WILDLIFE, DEPARTMENT OF**

46 **Savings Fund Program**

48 Initiative: Appropriates fees to be used only to avoid future
50 fee increases.

2 equal to the undedicated revenues collected by the department,
the department will require an additional General Fund
4 appropriation of \$67,000 in fiscal year 2002-03 to the Savings
Fund program within the department to offset these revenue
increases.

6
8 Requiring that future biennial budgets for the Department of
Inland Fisheries and Wildlife submitted by the Governor must
10 include a General Fund appropriation for the Fiscal Stability
Program that is equal to 18% of the department's requested
12 additional cost to the General Fund of \$4,000,000 per year
starting in fiscal year 2003-04. Because this requirement
14 pertains to the contents of future biennial budget proposals that
may or may not be accepted by the Legislature, there is no fiscal
16 impact to this budget requirement.

18 Increasing the fee for migratory waterfowl hunting permits
and establishing a fee for the new WE CARE support program will
20 increase dedicated revenue collections. The net effect of the
estimated increases of dedicated revenue to the Department of
22 Inland Fisheries and Wildlife is \$5,000 in fiscal year 2002-03
and \$55,500 for each of fiscal years 2003-04 and 2004-05. The
24 department will also require an additional Other Special Revenue
allocation that is equivalent to the revenue increase for fiscal
26 year 2002-03.'

28
