24

This amendment repeals the State's growth management program and directs the Director of the State Planning Office within the Executive Department and the Commissioner of Economic and Community Development to jointly report in January of 2003 to the joint standing committee of the Legislature having jurisdiction over state and local government matters with a list and description of all state laws and rules that impose planning mandates on towns. The director and the commissioner also are required to submit legislation eliminating the State Planning Office by July 1, 2003. The committee is required to report out a bill to the First Regular Session of the 121st Legislature that repeals all the mandates identified in that report or by other persons or the committee.
