organizations, the agency may synthesize these comments and concerns into a single comment that accurately reflects the meaning and intent of these comments and concerns to be addressed by the agency, listing the names of the persons who commented and the organizations they represent.

B. A rule may not be adopted unless the adopted rule is consistent with the terms of the proposed rule, except to the extent that the agency determines that it is necessary to address concerns raised in comments about the proposed rule, or specific findings are made supporting changes to the proposed rule. The agency shall maintain a file for each rule adopted that must include, in addition to other documents required by this Act, testimony, comments, the names of persons who commented and the organizations they represent and information relevant to the rule and considered by the agency in connection with the formulation, proposal or adoption of a rule. The agency may not adopt the rule for a period of 30 days from the date comments are requested pursuant to this paragraph. C. At least 20 days prior to a hearing on any proposed rule, the agency shall provide to persons upon request a list of the primary sources of information relied on in establishing the primary provisions of the proposed rule as required in section 8052, subsection 5.'
