11 insurers and must accrue interest at 12% per annum on and after
13 the due date.

15 2. Maximum assessment. Each insurer must be assessed an
17 amount not to exceed \$2 per covered person insured or reinsured
19 by each insurer per month for medical insurance. A member
21 insurer may not be assessed on policies or contracts insuring
23 federal or state employees.

25 3. Determination of assessment. The board shall make
27 reasonable efforts to ensure that each covered person is counted
29 only once with respect to any assessment. For that purpose, the
31 board shall require each insurer that obtains excess or stop loss
33 insurance to include in its count of covered persons all
35 individuals whose coverage is insured, in whole or in part,
37 through excess or stop loss coverage. The board shall allow a

2 reinsurer to exclude from its number of covered persons those who
4 have been counted by the primary insurer or by the primary
6 reinsurer or primary excess or stop loss insurer for the purpose
8 of determining its assessment under this subsection. The board
10 may verify each insurer's assessment based on annual statements
12 and other reports determined to be necessary by the board. The
14 board may use any reasonable method of estimating the number of
16 covered persons of an insurer if the specific number is unknown.

18 4. Excess funds. If assessments and other receipts by the
20 association, board or plan administrator exceed the actual losses
22 and administrative expenses of the plan, the board shall hold the
24 excess as interest and may use those excess funds to offset
26 future losses or to reduce plan premiums. As used in this
28 subsection, "future losses" includes reserves for claims incurred
30 but not reported.

32 5. Failure to pay assessment. The superintendent may
34 suspend or revoke, after notice and hearing, the certificate of
36 authority to transact insurance in this State of any member
38 insurer that fails to pay an assessment. As an alternative, the
40 superintendent may levy a penalty on any member insurer that
42 fails to pay an assessment when due. In addition, the
44 superintendent may use any power granted to the superintendent by
46 this Title to collect any unpaid assessment.

38 §3909. Availability of coverage

40 The association shall offer a choice of 2 or more coverage
42 options through the plan. The requirements of this plan become
44 effective October 1, 2003. Policies offered through the
46 association must be available for sale February 1, 2004. The
48 association shall directly insure the coverage provided by the
50 plan, and the policies must be issued through the plan
administrator.

38 §3910. Requirements for coverage

40 1. Coverage offered. The plan must offer in an annually
42 renewable policy the coverage specified in this section for each
44 eligible person. If an eligible person is also eligible for
46 Medicare coverage, the plan may not pay or reimburse any person
48 for expenses paid by Medicare. Any person whose health insurance
50 coverage is involuntarily terminated for any reason other than
nonpayment of premium may apply for coverage under the plan. If
such coverage is applied for within 90 days after the involuntary
termination and if premiums are paid for the entire period of
coverage, the effective date of the coverage is the date of
termination of the previous coverage.

R. 118

2 2. Major medical expense coverage. The plan must offer
3 major medical expense coverage to every eligible person who is
4 not eligible for Medicare. The coverage to be issued by the
5 plan, its schedule of benefits and exclusions and other
6 limitations must be established by the board and may be amended
7 from time to time subject to the approval of the superintendent.
8 In establishing the plan coverage, the board shall take into
9 consideration the levels of health insurance provided in the
10 State and medical economic factors as determined appropriate.

12 3. Rates. Rates for coverage issued by the association
13 must meet the requirements of this subsection.

14 A. Rates may not be unreasonable in relation to the
15 benefits provided, the risk experience and the reasonable
16 expenses of providing the coverage.

18 B. Rate schedules must comply with section 2736-C and are
19 subject to approval by the superintendent.

20 C. Standard risk rates for coverage issued by the
21 association must be established by the association, subject
22 to approval by the superintendent, using reasonable
23 actuarial techniques and must reflect anticipated
24 experiences and expenses of such coverage for standard
25 risks. The premium for the standard risk rates must range
26 from a minimum of 125% to a maximum of 150% of the weighted
27 average of rates charged by those insurers and health
28 maintenance organizations with individuals enrolled in
29 similar medical insurance plans.

32 4. Compliance with state law. Products offered by the
33 association must comply with the provisions of this Title that
34 apply to similar insurance products.

36 5. Other sources primary. The association must be payer of
37 last resort of benefits whenever any other benefit or source of
38 3rd-party payment is available. The coverage provided by the
39 association must be considered excess coverage, and benefits
40 otherwise payable under association coverage must be reduced by
41 all amounts paid or payable through any other health insurance
42 and by all hospital and medical expense benefits paid or payable
43 under any short-term, accident, dental-only, vision-only, fixed
44 indemnity, limited benefit or credit insurance; coverage issued
45 as a supplement to liability insurance; workers' compensation
46 coverage; automobile medical payment; or liability insurance
47 whether or not provided on the basis of fault, and by any
48 hospital or medical benefits paid or payable by any insurer or
49 insurance arrangement or any hospital or medical benefits paid or

SENATE AMENDMENT

payable under or provided pursuant to any state or federal law or
program.

6. Recovery of claims paid. An amount paid or payable by Medicare or any other governmental program or any other insurance, or self-insurance maintained in lieu of otherwise statutorily required insurance, may not be made or recognized as claims under such a policy or be recognized as or towards satisfaction of applicable deductibles or out-of-pocket maximums or to reduce the limits of benefits available. The association has a cause of action against a participant for the recovery of the amount of any benefits paid to the participant that should not have been claimed or recognized as claims because of the provisions of this subsection or because the benefits are otherwise not covered. Benefits due from the association may be reduced or refused as a setoff against any amount recoverable under this subsection.

§3911. Eligibility for coverage

1. Eligibility; application for coverage. An individual who is and continues to be a resident is eligible for coverage under the plan if evidence is provided of rejection, a requirement of restrictive riders, a rate increase or a preexisting conditions limitation on a qualified plan, the effect of which is to substantially reduce coverage from that received by a person considered a standard risk by at least one association member within 6 months of the date of the certificate, or if the individual meets other eligibility requirements adopted by rule by the superintendent that are not inconsistent with this chapter and that evidence that a person is unable to obtain coverage substantially similar to that which may be obtained by a person who is considered a standard risk. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

2. Change of domicile. The board shall develop standards for eligibility for coverage by the association for any natural person who changes that person's domicile to this State and who at the time domicile is established in this State is insured by an organization similar to the association. The eligible maximum lifetime benefits for that covered person may not exceed the lifetime benefits available through the association, less any benefits received from a similar organization in the former domiciliary state.

3. Eligibility without application. The board shall develop a list of medical or health conditions for which a person is eligible for plan coverage without applying for health insurance under subsection 1. A person who can demonstrate the

R. 15.

2 existence or history of any medical or health conditions on the
3 list developed by the board may not be required to provide the
4 evidence specified in subsection 1. The board may amend the list
5 from time to time as appropriate.

6 4. Exclusions from eligibility. A person is not eligible
7 for coverage under the plan if:

8
9 A. The person has or obtains health insurance coverage
10 substantially similar to or more comprehensive than a plan
11 policy or would be eligible to have coverage if the person
12 elected to obtain it, except that:

13
14 (1) A person may maintain other coverage for the
15 period of time the person is satisfying a preexisting
16 condition waiting period under a plan policy; and

17
18 (2) A person may maintain plan coverage for the period
19 of time the person is satisfying a preexisting
20 condition waiting period under another health insurance
21 policy intended to replace the plan policy;

22
23 B. The person is determined eligible for health care
24 benefits under the MaineCare program pursuant to Title 22;

25
26 C. The person previously terminated plan coverage, unless
27 12 months have elapsed since the person's last termination;

28
29 D. The person has met the lifetime maximum benefit amount
30 under the plan of \$3,000,000;

31
32 E. The person is an inmate or resident of a public
33 institution; or

34
35 F. The person's premiums are paid for or reimbursed under
36 any government-sponsored program or by any government agency
37 or health care provider, except as an otherwise qualifying
38 full-time employee, or dependent thereof, of a government
39 agency or health care provider.

40
41 5. Termination of coverage. The coverage of any person
42 ceases:

43
44 A. On the date a person is no longer a resident;

45
46 B. Upon the death of the covered person;

47
48 C. On the date state law requires cancellation of the
49 policy; or

50

2 D. At the option of the association, 30 days after the
3 association makes any inquiry concerning the person's
4 eligibility or place of residence to which the person does
5 not reply.

6 The coverage of any person who ceases to meet the eligibility
7 requirements of this section may be terminated immediately.

8
9 6. Unfair trade practice. It constitutes an unfair trade
10 practice for any insurer, insurance producer, employer or
11 3rd-party administrator to refer an individual employee or a
12 dependent of an individual employee to the association, or to
13 arrange for an individual employee or a dependent of an
14 individual employee to apply to the plan, for the purpose of
15 separating such an employee or dependent from a group health
16 benefits plan provided in connection with the employee's
17 employment.

18
19 **§3912. Actions against association or members based upon joint**
20 **or collective actions**

21 Participation in the association, the establishment of
22 rates, forms or procedures or any other joint or collective
23 action, required by this chapter may not be the basis of any
24 legal action criminal or civil liability or penalty against the
25 association or any member insurer.

26
27 **§3913. Reimbursement of carriers**

28
29 1. Reimbursement. A carrier may seek reimbursement from
30 the association, and the association shall reimburse the carrier,
31 to the extent claims made by a member after February 1, 2004
32 exceed premiums paid on a calendar year basis by the member to
33 the carrier for a member who meets the following criteria:

34
35 A. The carrier sold an individual health plan to the member
36 between December 1, 1993 and February 1, 2004 and the policy
37 that was sold has been continuously renewed by the member;
38 and

39
40 B. The carrier is able to determine through the use of
41 individual health statements, claims history or any
42 reasonable means that, at any time while the policy was in
43 effect, the member was diagnosed with one of the following
44 medical conditions: acquired immune deficiency syndrome or
45 HIV/AIDS, angina pectoris, cirrhosis of the liver, coronary
46 occlusion, cystic fibrosis, Friedreich's ataxia, hemophilia,
47 Hodgkin's disease, Huntington's chorea, juvenile diabetes,
48 leukemia, metastatic cancer, motor or sensory aphasia,
49 multiple sclerosis, muscular dystrophy, myasthenia gravis,
50

Revis.

2 myotonia, heart disease requiring open heart surgery,
4 Parkinson's disease, polycystic kidney disease, psychotic
disorders, quadriplegia, stroke, syringomyelia and Wilson's
disease.

6 2. Rules. The Superintendent of Insurance may adopt rules
8 to facilitate payment to a carrier pursuant to this section.
Rules adopted pursuant to this subsection are routine technical
10 rules as defined in Title 5, chapter 375, subchapter 2-A.

12 **Sec. A-6. Application for federal grant.** Within 30 days of the
14 effective date of this Act, the Superintendent of Insurance shall
16 submit an application to the federal Department of Health and
18 Human Services, Health Resources and Services Administration for
a federal seed grant to support the creation and initial
operation of the Comprehensive Health Insurance Risk Pool
Association established in the Maine Revised Statutes, Title

20 **Sec. A-7. Study of reinsurance.** The Comprehensive Health
22 Insurance Risk Pool Association established pursuant to the Maine
24 Revised Statutes, Title 24-A, section 3904 shall conduct a study
26 of the possibility of offering a reinsurance pool for the small
28 group medical insurance market in order to spread the cost of
high-risk individuals for the small group medical insurance
market. The study must address the cost of the reinsurance pool,
potential funding mechanisms and the effectiveness of a
reinsurance pool. The association may address any other issues
regarding a reinsurance pool that it determines are relevant in
the study. The association shall submit its report to the joint
standing committee of the Legislature having jurisdiction over
health insurance matters by March 1, 2005.

10 LIMITS ON NONECONOMIC DAMAGES

12 §2991. Limits on noneconomic damages

14 1. Definitions. As used in this subchapter, unless the
16 context otherwise indicates, the following terms have the
18 following meanings.

20 A. "Noneconomic damages" means subjective, nonpecuniary
22 damages arising from pain, suffering, inconvenience,
24 physical impairment, disfigurement, mental anguish,
26 emotional stress, loss of society and companionship, loss of
28 consortium, injury to reputation, humiliation, other
30 nonpecuniary damages and any other theory of damages such as
32 fear of loss, illness or injury.

34 2. Limitation. In an action for professional negligence as
36 defined in section 2502, the award for noneconomic damages to a
38 prevailing party may not exceed \$250,000. If the trial of the
40 action is by a jury, the jury may not be informed of the damage
42 award limitation established in this section. If the jury awards
44 total damages in excess of \$250,000, the court shall direct the
46 jury to establish the portion of the total damages awarded that
48 is for noneconomic damages. If the portion that is for
50 noneconomic damages exceeds \$250,000, the court shall reduce the
award for noneconomic damages to that amount, unless a further
reduction is warranted by exercise of the powers described in
subsection 3.

3. Court's powers. Nothing in this section is intended to
eliminate the court's powers of additur and remittitur with
regard to all damages, except to the extent that the power of
additur is limited with regard to noneconomic damages beyond the
limitation established in subsection 2.

4. Application. This section applies to all cases in which
notices of claim are filed after the effective date of this
section.'

2 health insurers. The high-risk pool is funded through an
assessment on insurers. This Part requires the State to submit
4 an application to the Federal Government for federal assistance
to create a high-risk pool.

6 Part A also removes the guaranteed issuance requirement for
individual health plans effective February 1, 2005.

8 Part B broadens the community rating bands in individual
10 health insurance to allow increased variation of premium rates
based on age and health status.

12 Part C directs the Department of Human Services to provide
14 Medicaid-eligible individuals with premium subsidies so that the
value of MaineCare benefits may be applied to the purchase of
16 private health insurance through employers or a plan offered in
the individual market. The department is further directed to
18 seek any waivers needed from the Federal Government.

20 Part D provides that a health maintenance organization may
furnish health care services through providers that exceed the
22 standard geographic accessibility limits imposed by the
Department of Professional and Financial Regulation, Bureau of
24 Insurance by rule for specialty care and hospital services with
the exception of hospital services for emergencies and maternity
26 care.

28 Part E sets a limit of \$250,000 on noneconomic damages in
medical liability actions. Under this Part, a plaintiff is still
30 entitled to the full economic loss, including all medical
expenses, rehabilitation services, custodial care, loss of
32 earnings and earning capacity, loss of income and any other
verifiable monetary losses.
