For the purposes of this subsection, the "nonfarm income official poverty line" is that applicable to a family of the size involved, as defined by the federal Department of Health and Human Services and updated annually in the Federal Register under authority of 42 United States Code, Section 9902(2). For purposes of this subsection, "program budget" means the amounts available from both federal and state sources to provide federally approved Medicaid services.

Sec. A-6. 22 MRSA §3174-DD is enacted to read:

§3174-DD. Dirigo health coverage

The department may contract with one or more health insurance carriers to purchase Dirigo Health Insurance for MaineCare members who seek to enroll through their employers pursuant to Title 24-A, section 6910, subsection 4, paragraph B. A MaineCare member who enrolls in a Dirigo Health Insurance plan as a member of an employer group receives full MaineCare benefits through Dirigo Health Insurance. The benefits are delivered through the employer-based health plan, subject to nominal cost sharing as permitted by 42 United States Code, Section 1396o(2003) and additional coverage provided under contract by the department.

Sec. A-7. 22 MRSA §3174-V, sub-§2, as amended by PL 2003, c. 20, Part K, §11 is further amended to read:

2. Contracted services. When a federally qualified health center otherwise meeting the requirements of subsection 1 contracts with a managed care plan or Dirigo Health Insurance for the provision of Medicaid MaineCare services, the department shall reimburse that center the difference between the payment

Page 5-LR2137(3)

	received by the center from the managed care plan or <u>Dirigo</u>
2	Health Insurance and 100% of the reasonable cost, reduced by the total copayments for which members are responsible, incurred in
4	providing services within the scope of service approved by the federal Health Resources and Services Administration or the
6	commissioner. Any such managed care contract must provide payments for the services of a center that are not less than the
8	level and amount of payment that the managed care plan or Dirigo Health Insurance would make for services provided by an entity
10	not defined as a federally qualified health center.
12	Sec. A-8. 24-A MRSA c. 87 is enacted to read:

§6912. Subsidies

Dirigo Health may establish sliding-scale subsidies for the
purchase of Dirigo Health Insurance paid by individuals or
employees whose income is under 300% of the federal poverty level
and who are not eligible for MaineCare. Dirigo Health may also
establish sliding-scale subsidies for the purchase of
employer-sponsored health coverage paid by employees of
businesses with more than 50 employees, whose income is under
300% of the federal poverty level and who are not eligible for
MaineCare.
Mainecare.

- 18 1. Administration. Dirigo Health shall, by rule, establish procedures to administer this section.
- 2. Individuals eligible for subsidy. Individuals eligible
 22 for a subsidy must:
- A. Have an income under 300% of the federal poverty level, be a resident of the State, be ineligible for MaineCare coverage and be enrolled in Dirigo Health Insurance; or
- B. Be enrolled in a health plan of an employer with more than 50 employees. The health plan must meet any criteria established by Dirigo Health. The individual must meet other eligibility criteria established by Dirigo Health.
 - 3. Limitation of subsidies. Dirigo Health shall limit the availability of subsidies to reflect limitations of available funds.
 - 4. Limitation on amount subsidized. Dirigo Health may limit the amount subsidized of the payment made by individual plan enrollees under section 6910, subsection 4, paragraph C to 40% of the payment to more closely parallel the subsidy received by employees. In no case may the subsidy granted to eligible individuals in accordance with subsection 2, paragraph A exceed the maximum subsidy level available to other eligible individuals.
 - 5. Notification of subsidy. Dirigo Health shall notify applicants and their employers in writing of their eligibility and approved level of subsidy.
- 6. Report. Within 30 days after any subsidies are established pursuant to this section, the board shall report on

Page 22-LR2137(3)

the amount of the subsidies, the funding required for the subsidies and the estimated number of Dirigo Health enrollees eligible for the subsidies and submit the report to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs, the joint standing committee of the Legislature having jurisdiction over insurance and financial services matters and the joint standing committee of the Legislature having jurisdiction over health and human services matters.

§6913. Savings offset payments against health insurance carriers, employee benefit excess insurance carriers and third-party administrators

14

16

18

20

22

12

- 1. Determination of cost savings. After an opportunity for a hearing conducted pursuant to Title 5, chapter 375, subchapter 4, the board shall determine annually not later than April the aggregate measurable cost savings, including any reduction or avoidance of bad debt and charity care costs to health care providers in this State as a result of the operation of Dirigo Health and any increased enrollment due to an expansion in MaineCare eligibility occurring after June 30, 2004.
- 2. Savings offset payments. For the purpose of providing 24 the funds necessary to provide subsidies pursuant to section 6912 26 and support the Maine Quality Forum established pursuant to subchapter 2, the board shall establish a savings offset amount 28 to be paid by health insurance carriers, employee benefit excess insurance carriers and third-party administrators, not including 30 carriers and third-party administrators with respect to accidental injury, specified disease, hospital indemnity, dental, 32 vision, disability, income, long-term care, Medicare supplement or other limited benefit health insurance, annually at a rate 34 that may not exceed savings resulting from decreasing rates of growth in the State's health care spending and in bad debt and 36 charity care costs. Payment of the savings offset amount must begin 12 months after Dirigo Health begins providing health 38 insurance coverage. The savings offset payment amount, as determined by the board, is the determining factor for inclusion 40 of savings offset payments in premiums through rate setting review by the bureau. Savings offset payments must be made 42 quarterly and are due not less than 30 days after written notice to the health insurance carriers, employee benefit excess 44 insurance carriers and third-party administrators and must accrue interest at 12% per annum on or after the due date.

46

48

50

3. Maximum savings offset payments on health insurance carriers and employee benefit excess insurance carriers. Each health insurance carrier and employee benefit excess insurance carrier must pay a savings offset in an amount not to exceed 4.0%

Page 23-LR2137(3)

of annual health insurance premiums and employee benefit excess insurance premiums on policies issued pursuant to the laws of this State that insure residents of this State. The savings offset payment may not exceed savings resulting from decreasing rates of growth in the State's health care spending and bad debt and charity care costs. The savings offset payment applies to premiums paid on or after July 1, 2005. Savings offset payments must reflect aggregate measurable cost savings, including any reduction or avoidance of bad debt and charity care costs to health care providers in this State, as a result of the operation of Dirigo Health and any increased enrollment due to an expansion in MaineCare eligibility occurring after June 30, 2004, as determined by the board consistent with subsection 1. A health insurance carrier and employee benefit excess insurance carrier may not be required to pay a savings offset payment on policies or contracts insuring federal employees.

18 4. Determination of savings offset payments. The board shall make reasonable efforts to ensure that premium revenue, or 20 claims plus any administrative expenses and fees with respect to third-party administrators, is counted only once with respect to 22 any savings offset payment. For that purpose, the board shall require each health insurance carrier to include in its premium 24 revenue gross of reinsurance ceded. The board shall allow a health insurance carrier to exclude from its gross premium revenue reinsurance premiums that have been counted by the 26 primary insurer for the purpose of determining its savings offset 28 payment under this subsection. The board shall allow each employee benefit excess insurance carrier to exclude from its 30 gross premium revenue the amount of claims that have been counted by a third-party administrator for the purpose of determining its 32 savings offset payment under this subsection. The board may verify each health insurance carrier, employee benefit excess 34 insurance carrier and third-party administrator's savings offset payment based on annual statements and other reports determined to be necessary by the board. 36

5. Failure to pay savings offset payments. The superintendent may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this State of any health insurance carrier or employee benefit excess insurance carrier or the license of any third-party administrator to operate in this State that fails to pay a savings offset payment. In addition, the superintendent may assess civil penalties against any health insurance carrier, employee benefit excess insurance carrier or third-party administrator that fails to pay a savings offset payment or may take any other enforcement action authorized under section 12-A to collect any unpaid savings offset payments.

Savings offset payments through reductions in growt	<u>h in</u>
State's health care spending and bad debt and charity care. O	n an
annual basis no later than April of each year, the board s	hall
prospectively determine the savings offset to be applied du	ring
each 12-month period. To make its determination, the board s	<u>hall</u>
use the criteria and reports described in subsections 7 and	<u> 8.</u>
Annual offset payments must be reconciled to determine whe	
unused payments may be returned to health insurance carri	ers,
employee benefit excess insurance carriers and third-p	arty
administrators according to a formula developed by the bo	_
Savings offset payments must be used solely to fund the subsi	
authorized by section 6912 and to support the Maine Quality F	
established in subchapter 2 and may not exceed savings	
reductions in growth of the State's health care spending and	
debt and charity care.	

7. Demonstration of recovery of savings offset payments through reduction in rate of growth in State's health spending and bad debt and charity care. In accordance with the requirements of this subsection, every health insurance carrier and health care provider shall demonstrate that best efforts have been made to ensure that a carrier has recovered savings offset payments made pursuant to this section through negotiated reimbursement rates that reflect health care providers' reductions or stabilization in the cost of bad debt and charity care as a result of the operation of Dirigo Health and any increased enrollment due to an expansion in MaineCare eligibility occurring after June 30, 2004.

 A. A health insurance carrier shall use best efforts to ensure health insurance premiums reflect any such recovery of savings offset payments as those savings offset payments are reflected through incurred claims experience in accordance with subsection 9.

B. During any negotiation with a health insurance carrier relating to a health care provider's reimbursement agreement with that carrier, a health care provider shall provide data relating to any reduction or avoidance of bad debt and charity care costs to health care providers in this State, as a result of the operation of Dirigo Health and as a result of any increased enrollment due to an expansion in MaineCare eligibility occurring after June 30, 2004.

8. Reports. The following reports are required in accordance with this subsection.

A. On a quarterly basis beginning with the first quarter after Dirigo Health Insurance begins offering coverage, the board shall collect and report on the following:

	in the State for the base year of 2002 and shall annually
38	determine, in collaboration with the superintendent,
	appropriate actuarially supported trend factors that reflect
40	savings consistent with subsection 1 and compare rates of
	spending growth to the base year of 2002. The board shall
42	collect on an annual basis, in consultation with the
	superintendent, the total cost to the State's health care
44	providers of bad debt and charity care beginning with the
44	
	base year of 2002. This information may be compiled through
46	mechanisms, including, but not limited to, standard

duplication. The comparisons to the base year must be reported beginning March 1, 2004 and annually thereafter.

C. Health insurance carriers and health care providers shall report annually, beginning March 1, 2005 and thereafter, information regarding the experience of a prior 12-month period on the efforts undertaken by the carrier and provider to recover savings offset payments, as reflected in reimbursement rates, through a reduction or stabilization in bad debt and charity care costs as a result of the operation of Dirigo Health and any increased enrollment due to an expansion in MaineCare eligibility occurring after June 30, 2004. The board shall determine the appropriate format for the report and utilize existing data on file with state agencies or other organizations to minimize duplication. The report must be submitted to the board. Using the information submitted by carriers and providers, the board shall submit a summary of that information by October 1, 2005 and annually thereafter.

The quarterly reports required to be submitted by the board pursuant to paragraph A and the annual reports required to be submitted by the board pursuant to paragraphs B and C must be submitted to the superintendent, to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs, to the joint standing committee of the Legislature having jurisdiction over insurance and financial services matters, and to the joint standing committee of the Legislature having jurisdiction over health and human services matters.

10. Demonstration of offset. As provided in sections 2736-C, 2808-B and 2839-B, the claims experience used to determine any filed premiums or rating formula must reasonably reflect, in accordance with accepted actuarial standards, known changes and offsets in payments by the carrier to health care providers in this State, including any reduction or avoidance of bad debt and charity care costs to health care providers in this State as a result of the operation of Dirigo Health and any increased enrollment due to an expansion in MaineCare eligibility occurring after June 30, 2004 as determined by the board consistent with subsection 1.

§6914. Intragovernmental transfer

Starting July 1, 2004, Dirigo Health shall transfer funds, as necessary, to a special dedicated, nonlapsing revenue account administered by the agency of State Government that administers MaineCare for the purpose of providing a state match for federal Medicaid dollars. Dirigo Health shall annually set the amount of

6	DIRIGO HEALTH HIGH-RISK POOL
8	§6971. Dirigo Health High-risk Pool
10	Dirigo Health shall establish the Dirigo Health High-risk Pool, referred to in this section as "the high-risk pool" for
12	plan enrollees in accordance with this section.
14	1. Eligible enrollees for high-risk pool. A plan enrollee must be included in the high-risk pool if:
16	A. The total cost of health care services for the enrollee
18	exceeds \$100,000 in any 12-month period; or
20	B. The enrollee has been diagnosed with one or more of the following conditions: acquired immune deficiency syndrome
22	(HIV/AIDS), angina pectoris, cirrhosis of the liver, coronary occlusion, cystic fibrosis, Friedreich's ataxia,
24	hemophilia, Hodgkin's disease, Huntington's chorea, juvenile diabetes, leukemia, metastatic cancer, motor or sensory
26	aphasia, multiple sclerosis, muscular dystrophy, myasthenia gravis, myotonia, heart disease requiring open-heart
28	surgery, Parkinson's disease, polcystic kidney disease, psychotic disorders, quadriplegia, stroke, syringomyelia,
30	and Wilson's disease.
32	2. Disease management. Dirigo Health shall develop appropriate disease management protocols, develop procedures for
34	implementing those protocols and determine the manner in which disease management must be provided to plan enrollees in the
36	high-risk pool. Dirigo Health may include disease management in its contract with participating carriers for Dirigo Health
38	Insurance pursuant to section 6910, contract separately with another entity for disease management services or provide disease
40	management services directly through Dirigo Health.
42	3. Report. Dirigo Health shall submit a report, no later than January 1, 2006, outlining the disease management protocols,
44	procedures and delivery mechanisms used to provide services to plan enrollees. The report must also include the number of plan
46	enrollees in the high-risk pool, the types of diagnoses managed within the high-risk pool, the claims experience within the
48	high-risk pool and the number and type of claims exceeding \$100,000 for enrollees in the high-risk pool and for all
50	enrollees in Dirigo Health Insurance. The report must be

16	PART B
18	Sec. B-1. 2 MRSA c. 5 is enacted to read:
20	CHAPTER 5
22	STATE HEALTH PLANNING
24	§101. Duties of Governor
26	1. Governor. The Governor or the Governor's designee shall:
28	A. Develop and issue the biennial State Health Plan, referred to in this chapter as "the plan," pursuant to
30	section 103. The first plan must be issued by May 2004;
32	B. Make an annual report to the public assessing the
34	<pre>progress toward meeting goals of the plan and provide any needed updates to the plan;</pre>
36	C. Issue an annual statewide health expenditure budget
38	report that must serve as the basis for establishing priorities within the plan; and
40	D. Establish a limit, called the capital investment fund, for each year of the plan pursuant to section 102.
42	
44	The Governor shall provide the reports specified in paragraphs and C to the joint standing committee of the Legislature having
	jurisdiction over appropriations and financial affairs, the joint
46	standing committee of the Legislature having jurisdiction over health and human services matters and the joint standing

48

committee of the Legislature having jurisdiction over insurance

and financial services matters.

§102. Capital investment fund

٠,

4

1. Purpose. The capital investment fund is a limit for resources allocated annually under the certificate of need program described in Title 22, chapter 103-A.

6

8

10

12

14

2. Process: criteria. The process for determining the capital investment fund amount must be set forth in rules and may include the formation of an ad hoc expert panel to advise the Governor. The process must include the division of the total capital investment fund amount into nonhospital and hospital components, must establish large and small capital investment fund amounts within each component and must be based on 3rd-year capital and operating expenses of projects under the certificate of need program. The process must take into account the

16

following:

18

A. The plan:

20

B. The opportunity for improved operational efficiencies in the State's health care system;

22

C. The average age of the infrastructure of the State's health care system; and

26

D. Technological developments and the dissemination of technology in health care.

28

30

3. Nonhospital capital expenditures. For the first 3 years of the plan, the nonhospital component of the capital investment fund must be at least 12.5% of the total.

32

This subsection is repealed July 1, 2007.

34

§103. State Health Plan

36

38

40

42

1. Purpose. The plan issued pursuant to section 101, subsection 1, paragraph A must set forth a comprehensive, coordinated approach to the development of health care facilities and resources in the State based on statewide cost, quality and access goals and strategies to ensure access to affordable health care, maintain a rational system of health care and promote the development of the health care workforce.

44

46

48

50

2. Input. In developing the plan, the Governor shall, at a minimum, seek input from the Advisory Council on Health Systems Development, pursuant to section 104; the Maine Quality Forum and the Maine Quality Forum Advisory Council, pursuant to Title 24-A, chapter 87, subchapter 2; a statewide health performance council; and other agencies and organizations.

Page 35-LR2137(3)

2	3. Requirements. The plan must:
4	A. Assess health care cost, quality and access in the State;
6	B. Develop benchmarks to measure cost, quality and access goals and report on progress toward meeting those goals;
8	
10	C. Establish and set annual priorities among health care cost, quality and access goals;
12	D. Prioritize the capital investment needs of the health care system in the State within the capital investment fund,
14	established under section 102;
16	E. Outline strategies to:
18	(1) Promote health systems change;
20	(2) Address the factors influencing health care cost increases; and
22	
24	(3) Address the major threats to public health and safety in the State, including, but not limited to,
26	lung disease, diabetes, cancer and heart disease; and
28	F. Provide recommendations to help purchasers and providers make decisions that improve public health and build an
	affordable, high-quality health care system.
30	3. Uses of plan. The plan must be used in determining the
32	capital investment fund amount pursuant to section 102 and must guide the issuance of certificates of need by the State and the
34	health care lending decisions of the Maine Health and Higher Education Facilities Authority. A certificate of need or public
36	financing that affects health care costs may not be provided unless it meets goals and budgets explicitly outlined in the plan.
38	\$104. Advisory Council on Health Systems Development
40	
42	1. Appointment; composition. The Advisory Council on Health Systems Development, established in Title 5, section
44	12004-I, subsection 31-A and referred to in this section as "the council," consists of the following 11 members appointed by the

PART E

Sec. E-1. 24 MRSA §2327, as amended by PL 2003, c. 428, Pt. E, §1, is further amended to read:

§2327. Group rates

A group health care contract may not be issued by a nonprofit hospital or medical service organization in this State until a copy of the group rates to be used in calculating the premium for these contracts has been filed for informational purposes with the superintendent. The filing must include the base rates and a description of any procedures to be used to adjust the base rates to reflect factors including but not limited to age, gender, health status, claims experience, group size and coverage of dependents. Notwithstanding this section, rates for group Medicare supplement, nursing home care or long-term care contracts and for certain group contracts included within the definition of "individual health plan" in Title 24-A, section 2736-C, subsection 1, paragraph C must be filed in

accordance with section 2321 and rates for small group health plans as defined by Title 24-A, section 2808-B must be filed in accordance with that section.

 Annual report supplement required. Each health insurer
and health maintenance organization shall file an annual report
supplement on or before March 1st of each year, or within any
reasonable extension of time that the superintendent for good
cause may have granted on or before March 1st. The
superintendent shall adopt rules regarding specifications for the
annual report supplement. The annual report supplements must
provide the public with general, understandable and comparable
financial information relative to the in-state operations and
results of authorized insurers and health maintenance
organizations. Such information must include, but is not limited
to, medical claims expense, administrative expense and
underwriting gain for each line segment of the market in this
State in which the insurer participates. The annual report
supplements must contain sufficient detail for the public to
understand the components of cost incurred by authorized health
insurers and health maintenance organizations as well as the
annual cost trends of these carriers. The superintendent shall
develop standardized definitions of each reported measure. Rules
adopted pursuant to this section are routine technical rules as
defined in Title 5, chapter 375, subchapter 2-A

3. Documentation. Every carrier shall maintain at its principal place of business a complete and detailed description of its rating practices, including information and documentation that demonstrates that its rating methods and practices are in accordance with generally accepted actuarial principles and with the applicable actuarial standards of practice as promulgated by an actuarial standards board.

Sec. E-18. 24-A MRSA §4203, sub-§3, ¶S, as amended by PL 1997, c. 370, Pt. F, §1, is further amended to read:

S. A list of the names and addresses of all physicians and facilities with which the health maintenance organization has or will have agreements. If products are offered that pay full benefits only when providers within a subset of the contracted physicians or facilities are utilized, a list of the providers in that limited network must be included, as well as a list of the geographic areas where the products are offered. This paragraph may not be construed to prohibit a health maintenance organization from offering a health plan that includes financial provisions designed to encourage members to use designated providers in a network in accordance with section 4303, subsection 1, paragraph A.

Sec. E-19. 24-A MRSA §4207, sub-§5, as repealed and replaced by PL 1993, c. 645, Pt. A, §6, is amended to read:

 5. A schedule or an amendment to a schedule of charge for enrollee health coverage for health care services may not be used by any health maintenance organization unless it complies with section 2736, 2808-B or 2839, whichever is applicable.

Sec. E-20. 24-A MRSA §4303, sub-§1, as amended by PL 1999, c. 742, §6, is further amended to read:

1. Demonstration of adequate access to providers. --A-Except as provided in paragraph A, a carrier offering a managed care plan shall provide to its members reasonable access to health care services in accordance with standards developed by rule by the superintendent. These standards must consider the geographical and transportational problems in rural areas. All managed care plans covering residents of this State must provide reasonable access to providers consistent with the access-to-services requirements of any applicable bureau rule.

COMMITTEE AMENDMENT "A" to H.P. 1187, L.D. 1611

	A. Upon approval of the superintendent, a carrier may offer
2	a health plan that includes financial provisions designed to
	encourage members to use designated providers in a network
4	<u>if:</u>
6	(1) The entire network meets overall access standards
	pursuant to Bureau of Insurance Rule Chapter 850;
8	
	(2) The health plan is consistent with product design
10	guidelines for Bureau of Insurance Rule Chapter 750;
12	(3) The health plan does not include financial
	provisions designed to encourage members to use
14	designated providers of primary, preventive, maternity,
	obstetrical, ancillary or emergency care services, as
16	defined in Bureau of Insurance Rule Chapter 850;
18	(4) The financial provisions may apply to all of the
	enrollees covered under the carrier's health plan;
20	
	(5) The carrier establishes to the satisfaction of the
22	superintendent that the financial provisions permit the
	provision of better quality services and the quality
24	improvements either significantly outweigh any
	detrimental impact to covered persons forced to travel
26	longer distances to access services, or the carrier has
	taken steps to effectively mitigate any detrimental
28	impact associated with requiring covered persons to
	travel longer distances to access services. The
30	superintendent may consult with other state entities,
2.2	including the Department of Human Services, Bureau of
32	Health and the Maine Quality Forum established in
2.4	section 6951, to determine whether the carrier has met
34	the requirements of this subparagraph. The
2.6	superintendent shall provisionally adopt rules by
36	January 1, 2004 regarding the criteria used by the
38	superintendent to determine whether the carrier meets the quality requirements of this subparagraph and
30	present those rules for legislative review during the
40	Second Regular Session of the 121st Legislature; and
10	become negatar bession or one return beginning and
42	(6) The financial provisions may not permit travel at
***	a distance that exceeds the standards established in
44	Bureau of Insurance Rule Chapter 850 for mileage and
	travel time by 100%.

E-21. Report by Superintendent of Insurance. Superintendent of Insurance shall submit a report no later than 2007 to the joint standing committee of Legislature having jurisdiction over insurance and financial services matters on any decisions by the superintendent to allow health insurance carriers to offer health plans in accordance with the Maine Revised Statutes, Title 24-A, section 4303, subsection 1, paragraph A. The report must include information on the number of enrollees covered under these plans, the financial provisions used in the plans and the designated providers that enrollees are encouraged to use under the plans, including their locations. The joint standing committee of the Legislature having jurisdiction over insurance and financial services matters may report out legislation to the First Regular Session of the 123rd Legislature to remove the repeal date of Title 24-A, section 4303, subsection 1, paragraph A.

Sec. E-22. Report on medical malpractice awards. The Superintendent of Insurance shall submit a report, no later than January 1, 2005, to the joint standing committee of Legislature having jurisdiction over insurance and financial services matters regarding medical malpractice lawsuits, damage awards for noneconomic damages in those lawsuits and the cost and availability of medical malpractice insurance in this State. part of its review, the superintendent shall consult with representatives of the medical community, legal community and medical malpractice insurance industry regarding these issues. At a minimum, the report must address the impact on the cost of malpractice insurance of a cap on noneconomic damages of \$250,000 in malpractice lawsuits. The joint standing committee of the Legislature having jurisdiction over insurance and financial services matters may report out legislation to the First Regular Session of the 122nd Legislature in response to the report.

By January 1, 2004, the Maine Hospital Association and the Governor's Office of Health Policy and Finance shall agree on a timetable, format and methodology for the hospital association to report on hospital charges, cost efficiency and consolidated operating margins. In accordance with the agreement, the Maine Hospital Association shall report to the Governor and the joint standing committee having jurisdiction over health and human services matters.

F-2. MaineCare report. The Department of Human Services shall conduct a comprehensive review of reimbursement rates in the MaineCare program and shall report the results of that review to the joint standing committee of the Legislature having jurisdiction over health and human services matters by January 15, 2005. The review must provide opportunity for input from health care consumers, providers, practitioners and insurance carriers and must include consideration of the costs of providing health care in different settings, reflecting the recovery offset in bad debt and charity care, and a review of rates paid in other states and by insurance carriers and the Medicare program. review must also identify options and costs for increasing rates and must propose strategies for achieving stated priorities. The joint standing committee having jurisdiction over health and human services matters may report out legislation on MaineCare provider rates to the First Regular Session of the 122nd Legislature.

F-3. Commission to Study Maine's Community Hospitals.

Emergency clause. In view of the emergency cited in the preamble, this Act takes effect when approved.'

SUMMARY

This amendment replaces the bill. In Part A, the amendment establishes Dirigo Health as an independent executive agency to arrange for the provision of health coverage to small employers and their employees and dependents and to individuals on a voluntary basis. Dirigo Health is also required to monitor and improve the quality of health care in this State. Dirigo Health is governed by a board of directors. Five voting members must be appointed by the Governor and confirmed by the Legislature.

Under Part A, Dirigo Health must contract with health insurance carriers to offer health insurance to eligible small businesses and individuals through Dirigo Health Insurance. The health insurance benefits must be determined by the board and must comply with all statutory requirements of the Maine Insurance Code, including mandated benefits. The amendment also provides additional assistance through subsidies, based on a sliding scale, to employees and individuals with earnings below 300% of the federal poverty level who are enrolled in Dirigo Health. Employers who participate in Dirigo Health Insurance may be required to contribute up to 60% toward the cost of coverage for employees who work at least 20 hours per week and their dependents. The employer contribution rate for employees who work less than full time must be prorated.

In the first year of operation, funding for Dirigo Health is provided through the General Fund. After July 1, 2005, funding for subsidies and the Maine Quality Forum must be provided through savings offset payments paid by health insurance carriers, employee benefit excess insurance carriers and third-party administrators. The board of directors is required to establish the savings offset amount, not to exceed 4% of annual premium revenue or its equivalent, on an annual basis and those savings offset payments may not exceed the aggregate cost savings attributable to reductions in bad debt and charity care costs as a result of the operation of Dirigo Health and the expansion in MaineCare.

Part A expands MaineCare coverage for children and adults and provides coverage for expansion enrollees who enroll individually and who enroll through Dirigo Health as part of an employer group. The expansion of MaineCare eligibility may not become effective until Dirigo Health becomes operational. The amendment also requires monthly reporting of the noncategorical adult MaineCare expansion.

Page 74-LR2137(3)

Within Dirigo Health, the amendment establishes a high-risk pool for persons whose care costs are over \$100,000 per year and for those with certain named diagnoses. It requires Dirigo Health to develop disease management protocols for persons in the high-risk pool. If after 3 years Dirigo Health underperforms relative to the trends in average premium rates and average rates of uninsured individuals compared to those trends in states with high-risk pools, Dirigo Health is charged with submitting legislation to create a high-risk pool on January 1, 2008.

Part A establishes the Maine Quality Forum within Dirigo Health to collect and disseminate research, adopt quality and performance measures, coordinate quality data, issue quality reports in conjunction with the Maine Health Data Organization, conduct consumer education and technology assessment reviews, encourage the adoption of electronic technology, make recommendations for the biennial State Health Plan and issue an annual report. To assist the board and the forum, the amendment establishes the Maine Quality Forum Advisory Council.

Part B requires the Governor to issue a biennial State Health Plan and establishes an advisory council to assist in the development of the plan. Part B also establishes the capital investment fund, an annual limit for resources allocated under the certificate of need program. Within the capital investment fund, 12.5% of the total is required to be designated for nonhospital projects for a period of 3 years. The amendment specifies that a certificate of need or public financing that affects health care costs may not be provided unless it meets the goals and budgets in the State Health Plan.

Part C applies certificate of need (CON) requirements to the portions of an ambulatory surgical facility used by patients or to support ambulatory surgical care and to new technology that costs over \$1,200,000 in the office of a private practitioner. It establishes an automatic adjustment to the CON thresholds based on the Consumer Price Index, medical index. It expands the bases on which the Commissioner of Human Services makes CON decisions, adding consistency with the State Health Plan, to quality outcomes, reference to inappropriate increases in service utilization and the limits of the capital investment fund. It allows the Commissioner of Human Services to receive reports from a panel of experts on CON applications and requires evaluations from the Department of Human Services, Bureau of Health and the Superintendent of Insurance. hospitals and health care practitioners to make information on the charges for commonly offered health care services available to the public.

Part C requires the Maine Health Data Organization to adopt rules to collect data on health care quality based on the quality

Part D requires health care practitioners to submit claims to health insurance carriers in electronic format beginning October 16, 2003. Until October 16, 2005, health care practitioners with fewer than 10 full-time equivalent employees are not required to submit claims electronically. After that date, those practitioners may apply to the Superintendent of Insurance for an exemption from the electronic claims filing requirement.

Part E requires the Superintendent of Insurance to adopt rules for the filing of annual report supplements by health insurers and health maintenance organizations. It requires small group health plans to submit rate filings to the Superintendent of Insurance and imposes rate hearings and rate reviews on those filings unless a carrier opts to guarantee a 78% loss ratio or refund excess premiums. It requires individual and small group health insurance rates to reflect savings offset payments and any recovery of those offsets in premium rates. It requires large group health carriers to file annually certification that rating practices and methods meet actuarial principles and that savings offset payments and recovery offsets have been properly included It allows managed care health plans to apply to in the filing. the Superintendent of Insurance for permission to offer health plans with financial incentive provisions to encourage the use of designated providers of specialty and hospital care if the plan does not exceed the Bureau of Insurance Rule Chapter 850 travel standards by 100% and meets quality criteria. The Superintendent of Insurance is required to adopt rules relating to quality criteria by January 1, 2004 and submit those rules for adoption. legislative review before final The regarding managed care plans offering health plans with financial incentive provisions is repealed on July 1, 2007 unless continued by the Legislature. It requires the Superintendent of Insurance to conduct a study of the impact of a cap of \$250,000 on noneconomic damages in medical malpractice lawsuits on the cost of medical malpractice insurance.

Part F sets voluntary constraints on financial growth for a period of one year by health care practitioners, hospitals and health insurance carriers. It also requires the Governor's Office of Health Policy and Finance and the Maine Hospital Association to agree on a timetable, format and methodology for reporting on hospital charges, cost efficiency and consolidated operating margins. It requires the Department of Human Services to conduct a comprehensive study of MaineCare reimbursement rates and to report by January 15, 2005. It establishes the Commission to Study Maine's Hospitals and requires that commission to report by November 1, 2004.

Fiscal Detail and Notes

After the initial transfer from the General Fund of \$53 million from the funding provided under the federal Jobs and Growth Tax Relief Reconciliation Act of 2003 PL 108-27, the additional costs resulting from this bill are intended to be offset by dedicated revenue generated in the bill. The bill assumes the operational costs of Dirigo Health -- the premium subsidy payments, the MaineCare eligibility expansions, the new Maine Quality Forum, and necessary administrative costs -- will be offset by dedicated revenue generated from employee and employer contributions, the one-time General fund transfer, ongoing federal Medicaid matching funds, and beginning July 1, 2005, a new assessment to be paid by health carriers, 3rd party administrators and employee benefit excess insurance carriers (referred to in the bill as a "savings offset payment").

The ability of Dirigo Health to remain financially sound within these funding resources will depend on Dirigo aggressively managing the start up and phase-in of the program to ensure employer participation is maximized. Without continued employer participation, Dirigo Health would increasingly be forced to rely on the health insurance assessment to fund the MaineCare eligibility expansions.

The specifics -- both costs and financing -- of the bill will depend on actions taken by the new Dirigo Health Board and Dirigo Health Plan over the coming year, with program services not assumed to begin until the first quarter of state fiscal year 2004-05. For the purposes of this fiscal note, it is assumed that approximately 30,000 enrollees will participate in the first year of the plan beginning July 1, 2004, however there is no specific cap on the enrollment specified in the bill so this should be viewed as more of a management target than a cap. As provided in the bill, eligible enrollees will be a mix of MaineCare and non-MaineCare eligibles and will participate either as individuals or through employer group plans. This mix of MaineCare vs. non-MaineCare and individual vs. group is critically important to the costs of this program and its financial viability.

Because of the importance of the employer contribution as the financing mechanism for both the MaineCare and non-MaineCare enrollees, any reduction in employer participation from assumed levels could also threaten the financial viability of the plan and may require a reduction in coverage -- both in eligibility levels and the benefit plan. For example, the Administration's pricing model assumes slightly more than 80% of MaineCare participants must enroll through their employers for the plan to be financially viable. In addition, failure of insurance carriers to participate in Dirigo would trigger the bill's provisions regarding creation of a public alternative -- this would require additional approval by the Legislature.

The assumption that the bill will not have a General Fund impact beyond the initial transfer of \$53 million, assumes the Department of Human Services will have in place the ability to uniquely identify the three MaineCare expansion populations in the bill -- childless adults from 100% to 125% of poverty, disabled persons from 100% to 125% of poverty, and parents of "CubCare" children from 150% to 200% of poverty -- and allocate these costs to Dirigo dedicated revenue. In addition, the ability of the Department to control and appropriately allocate the costs of the current population (up to 100% of poverty) participating in the MaineCare childless adult federal waiver, will be a critical factor in the Administration's assumption that the expanded childless adult population (to 125%) can be included in Dirigo as MaineCare eligible.

On the administrative cost side, the bill creates Dirigo Health as an independent executive agency and provides for the creation of an "Executive Director of Dirigo Health" position. The Executive Director is tasked with the responsibility of employing or contracting on behalf of Dirigo Health for professional and non professional personnel or services. The bill requires that employees of Dirigo Health be subject to the State Civil Service Law. This fiscal note assumes that other than the Executive Director position, no positions are created at this time. It is assumed the Executive Director will work with the State Budget Officer to create limited period positions as appropriate, and that any request for permanent positions will be subject to further Legislative approval. It is assumed funding for all administrative costs of Dirigo will come from Dirigo dedicated revenue -- with one exception, the \$374,368 in fiscal year 2003-04 and \$374,630 in fiscal year 2004-05 that would be appropriated in Committee Amendment A to the Part 2 budget (LD 1614).

This estimate assumes the Bureau of Insurance will require additional Other Special Revenue Funds allocations for two new positions and for contracted services to enable it to meet the bill's requirement regarding review of small group health insurance filings, review of Certificate of Need (CON) applications and review of large group rate certifications. The bill makes no provision for revenue for this purpose, therefore, it is assumed that existing fees and assessments will need to be adjusted to cover these costs.

The estimate also assumes the Maine Health Data Organization will require additional Other Special Revenue Funds allocations for one new position and the reclass of an existing position to meet its responsibilities under the bill. The bill makes no provision for revenue for this purpose, therefore, it is assumed that existing fees and assessments may need to be adjusted to cover these costs.

The bill does not include additional resources for the Department of Human Services for costs it will incur in coordinating the implementation of Dirigo Health. It is assumed these can be absorbed by the Department utilizing existing resources.

Any additional costs to the Department of Audit to audit Dirigo Health on an annual basis can be absorbed by the Department of Audit.

The additional cost to the Legislature in Part G will need to be funded through the Legislature's study budget of \$30,000 as funds permit. Any additional costs to the Department of Defense, Veterans, and Emergency Management resulting from Part G can be absorbed within existing resources.

The bill also includes a General Fund appropriation of \$500,000 in state fiscal year 2003-04 and \$500,000 in state fiscal year 2004-05 to restore funding for the MaineCare Physician Incentive Program (PIP).
