122ND LEGISLATURE
FIRST SPECIAL SESSION**

COMMITTEE AMENDMENT "A" to H.P. 1006, L.D. 1442, Bill, "An Act To Facilitate Energy Self-sufficiency for Maine's Offshore Islands"

Amend the bill in section 1 by striking out all of paragraph B (page 1, lines 6 to 8 in L.D.) and inserting in its place the following:

'B. May not sell wholesale generation service except incidental sales necessary to reduce the cost of providing retail service or sales by a consumer-owned transmission and distribution utility that is located on and serves the residents of an offshore island in order to reduce the cost of providing retail service.'

SUMMARY

This amendment, which is the majority report of the committee, narrows the focus of the bill. Under the amendment, consumer-owned transmission and distribution utilities located on and serving the residents of an offshore island may sell wholesale generation service in order to reduce the cost of providing retail service.
