23 **SUMMARY**

24 This bill proposes a new health insurance coverage option for the spouse of a retiree
25 under the State's group health plan. The new option applies to a spouse that has his or her
26 own coverage at the time of retirement. Currently, if a spouse enrolls under the retiree's
27 plan at the time of retirement and subsequently changes jobs and the new employer
28 provides paid health insurance, that spouse, if the spouse decides to leave the State's
29 group health plan, does not have the option to return when the new employer's paid plan
30 is no longer in effect. Under the bill, the spouse is given a one-time election to leave the
31 State's group health plan and have a one-time opportunity to return to the State's group
32 health plan.
