SUMMARY

This amendment is the majority report and provides that an applicant for a nonresident lobster and crab landing permit must document to the Commissioner of Marine Resources that that person has not been issued lobster trap tags from another state or from the federal government that would allow that person to exceed Maine's trap tag limit. It also provides that the holder of the permit may transport lobsters within the State. The amendment directs the Department of Marine Resources to report to the joint standing committee of the Legislature having jurisdiction over marine resources matters on the implementation and impact of the nonresident lobster and crab landing permit on the lobster resource and related businesses by January 3, 2009.
