31 **SUMMARY**

32 The bill amends the licensing of local redemption centers by requiring the
33 Department of Professional and Financial Regulation to consider the proximity of a
34 proposed redemption center to existing redemption centers. The bill also limits the
35 number of redemption centers that may be licensed in a municipality based on the
36 population of the municipality. The population limits do not apply to existing redemption
37 centers, certain licensed food establishments and reverse vending machines located in a

1 redemption center and may be waived if the applicant shows a compelling need for
2 another redemption center.

3 The bill also provides a procedure for an applicant denied a license to appeal that
4 denial.
