(Filing No. S- 186)

INLAND FISHERIES AND WILDLIFE

Reproduced and distributed under the direction of the Secretary of the Senate.

STATE OF MAINE

SENATE

123RD LEGISLATURE

FIRST REGULAR SESSION

Majority

COMMITTEE AMENDMENT "A" to S.P. 712, L.D. 1912, Bill, "An Act Regarding All-terrain Vehicle Registration"

Amend the bill by striking out the title and substituting the following:

'Resolve, To Develop the Outdoor Licensed Network'

Amend the bill by striking out everything after the title and before the summary and inserting the following:

'Sec. 1. Development and implementation plan for Outdoor Licensed Network. Resolved: That the Department of Inland Fisheries and Wildlife, referred to in this resolve as "the department," in consultation with the Department of Conservation shall develop a plan to create and implement the Outdoor Licensed Network, referred to in this resolve as "the network," to acquire, preserve and enhance access to land and inland waters of the State, to ensure coordinated planning for the future use and preservation of access for activities licensed by the department and to provide an effective grassroots system to identify, secure and manage access on an ongoing basis; and be it further

Sec. 2. Plan to establish network sections and districts. Resolved: That the department, in consultation with the Department of Conservation, shall develop a plan to establish and implement 14 network sections and 95 network districts as are designated for the Maine Warden Service. Network districts must be designed to encompass existing fish and game clubs or create new clubs or network committees within each network district. Fish and game clubs or network committees must be utilized for the purpose of identifying, monitoring and prioritizing information on land within each network district that may be available for acquisition or other access for the network and to keep records on current landowner access agreements and to deal with landowner issues. The plan must be designed to allow fish and game clubs or network committees within each network district to apply for grants related to land access. The plan must consider having wardens within corresponding network sections or network districts attend monthly

COMMITTEE AMENDMENT

1 meetings held by the fish and game clubs or network committees to provide and receive
2 information on landowner issues and complaints; and be it further

3 **Sec. 3. Additional considerations. Resolved:** That the department, in
4 consultation with the Department of Conservation, in addition to the other requirements
5 of this resolve, shall include in the plan developed pursuant to section 2 the following:

6 1. A contact for each network district;

7 2. The establishment of a land and water grant program to which a network district
8 may apply for purposes of the network;

9 3. The development of software that network districts can use to get information
10 about parcels of land, including, but not limited to, identifying land use and landowners
11 and tracking landowner access permission;

12 4. The development of a standardized designation of activities within network
13 districts, including, but not limited to, activities related to conservation, forestry, fishery,
14 Maine Warden Service and all-terrain vehicles and snowmobiles; and

15 5. The negotiation of liability insurance for all network districts to include fish and
16 game clubs, all-terrain vehicle clubs and snowmobile clubs that is self-funded through the
17 State; and be it further

18 **Sec. 4. Funding sources. Resolved:** That the department, in consultation with
19 the Department of Conservation, shall develop a plan to identify and secure funding
20 sources for the purposes of the network, including, but not limited to, all license, permit
21 and registration fees administered by the department; and be it further

22 **Sec. 5. Network Advisory Council. Resolved:** That the department in
23 consultation with the Department of Conservation shall develop a plan to establish and
24 implement the Network Advisory Council with membership representing each of the
25 network sections to at a minimum:

26 1. Provide grants from a network fund;

27 2. Aid fish and game clubs or network committees with the start-up process;

28 3. Implement agreements in network sections or network districts;

29 4. Establish or attend meetings within the network sections or network districts
30 including at least a quarterly meeting for all outdoor licensed activity groups within each
31 section that can also be attended by a sergeant from the Maine Warden Service; and

32 5. Work on large-scale land access agreements or acquisitions; and be it further

33 **Sec. 6. Consultation with the Joint Standing Committee on Inland
34 Fisheries and Wildlife. Resolved:** That the department shall provide update reports
35 to and consult with the Joint Standing Committee on Inland Fisheries and Wildlife at that
36 committee's authorized meetings before the Second Regular Session of the 123rd
37 Legislature regarding the subject matter of this resolve; and be it further

38 **Sec. 7. Report. Resolved:** That the department shall report back its findings and
39 recommendations including suggested legislation to implement its recommendations to
40 the Joint Standing Committee on Inland Fisheries and Wildlife no later than January 15,

COMMITTEE AMENDMENT "A" to S.P. 712, L.D. 1912

1 2008. The Joint Standing Committee on Inland Fisheries and Wildlife may submit
2 legislation to the Second Regular Session of the 123rd Legislature pertaining to the
3 findings and recommendations of the department's report.'

4 **SUMMARY**

5 This amendment replaces the bill with a resolve that directs the Department of Inland
6 Fisheries and Wildlife in consultation with the Department of Conservation and the Joint
7 Standing Committee on Inland Fisheries and Wildlife to develop a plan to create and
8 implement the Outdoor Licensed Network to acquire, preserve and enhance access to
9 land and inland waters of the State, to ensure coordinated planning for the future use and
10 preservation of access for activities licensed by the department and to provide an
11 effective grassroots system to identify, secure and manage access on an ongoing basis.
12 The resolve provides that the plan must include provisions to divide the State into
13 sections and districts designed to encompass fish and game clubs or similar entities and
14 that those entities must be utilized for the purpose of identifying, monitoring and
15 prioritizing information on land within each district that may be available for acquisition
16 or other access and to deal with landowner issues. The resolve also provides that the plan
17 must establish the Network Advisory Council to aid fish and game clubs engaged in
18 activities regarding the network and requires the Department of Inland Fisheries and
19 Wildlife to report back its findings and recommendations to the Joint Standing
20 Committee on Inland Fisheries and Wildlife by January 15, 2008.
