MINORITY

L.D. 733

Date: 5-21-09

(Filing No. S-196)

BUSINESS, RESEARCH AND ECONOMIC DEVELOPMENT

Reproduced and distributed under the direction of the Secretary of the Senate.

STATE OF MAINE

SENATE

124TH LEGISLATURE

FIRST REGULAR SESSION

COMMITTEE AMENDMENT "B" to S.P. 270, L.D. 733, "Resolve, To Examine Environmental Effects of the Dual Recovery System for Beverage Containers"

Amend the resolve by striking out everything after the title and inserting the following:

'Sec. 1. State Planning Office and Department of Agriculture, Food and Rural Resources to oversee a study of the State's beverage container laws in the context of existing municipal beverage container recycling programs.

Resolved: That the Executive Department, State Planning Office, in conjunction with the Department of Agriculture, Food and Rural Resources, shall oversee a 2-year study to be performed by an independent private entity to review the State's beverage container laws in the context of existing municipal recycling programs, with a focus on the environmental effects that these laws and programs generate. The State Planning Office and the Department of Agriculture, Food and Rural Resources shall engage the assistance of an expert consultant in the field of municipal recycling programs and their environmental effects to assist in the development of the request for proposals for the study. The study must include an assessment of:

1. Current beverage container recycling rates;
2. The carbon footprints created by the beverage container recycling laws and municipal beverage container recycling programs;
3. Comprehensive beverage container recycling programs in the State;
4. Barriers to comprehensive beverage container recycling;
5. Alternative models of sustainability;
6. Energy and economic efficiencies;
7. The effect of educational programs on beverage container recycling rates;
8. The potential effects on redemption centers of advances in beverage container recycling programs; and

COMMITTEE AMENDMENT

9. Litter prevention and waste reduction efforts; and be it further

Sec. 2. Reporting date; funding sources. Resolved: That, if private funds from outside sources for the expert consultant and study described in section 1 are received by January 15, 2010, the study must be completed no later than January 15, 2012, unless a one-year extension is necessary to complete the study. The Executive Department, State Planning Office and the Department of Agriculture, Food and Rural Resources shall notify the joint standing committee of the Legislature having jurisdiction over business, research and economic development matters as soon as outside funding for the study is received, and shall provide the committee with an interim report on the status of the study by January 15, 2011; and be it further

Sec. 3. Appropriations and allocations. Resolved: That the following appropriations and allocations are made.

EXECUTIVE DEPARTMENT

Planning Office 0082

Initiative: Allocates funds to allow private outside sources of funds to be used to hire a consultant for a study on beverage container recycling programs.

OTHER SPECIAL REVENUE FUNDS	2009-10	2010-11
All Other	\$0	\$250,000
OTHER SPECIAL REVENUE FUNDS TOTAL	\$0	\$250,000

SUMMARY

This amendment is the minority report of the committee. It replaces the bill, which was a concept draft, with a resolve that directs the Executive Department, State Planning Office, in conjunction with the Department of Agriculture, Food and Rural Resources to oversee a 2-year study to be performed by an independent private entity to review the State's beverage container laws in the context of existing municipal beverage container recycling programs, with a focus on the environmental effects that these laws and programs generate. The resolve requires the State Planning Office and the Department of Agriculture, Food and Rural Resources to engage the assistance of an expert consultant in the field of municipal beverage container recycling programs and their environmental effects to assist in the development of the request for proposals for the study. The resolve also provides that if private funds from outside sources for the expert consultant and study are received by January 15, 2010, the study must be completed no later than January 15, 2012, unless a one-year extension is necessary to complete the study. It requires the State Planning Office and the Department of Agriculture, Food and Rural Resources to notify the joint standing committee of the Legislature having jurisdiction over business, research and economic development matters as soon as outside funding for the study is received and to provide the committee with an interim report on the status of the study by January 15, 2011.

COMMITTEE AMENDMENT "B" to S.P. 270, L.D. 733

1

This amendment also adds an appropriations and allocations section.

Resolve, To Examine Environmental Effects of the Dual Recovery System for Beverage Containers

Fiscal Note for Bill as Amended by Committee Amendment "B"

Committee: Business, Research and Economic Development

Fiscal Note Required: Yes

Fiscal Note

	2009-10	2010-11	Projections 2011-12	Projections 2012-13
Appropriations/Allocations				
Other Special Revenue Funds	\$0	\$250,000	\$0	\$0
Revenue				
Other Special Revenue Funds	\$0	\$250,000	\$0	\$0

Fiscal Detail and Notes

This bill requires the State Planning Office (SPO) and the Department of Agriculture to study the beverage container laws of existing municipal recycling programs by hiring a consultant with expertise in this area. The one-time cost of the consultant is estimated to be \$250,000 and the funding is to be raised by private, outside sources. The additional costs to the SPO and the Department of Agriculture associated with the study can be absorbed within existing budgeted resources.
