(1) A 2nd member from the general public shall be selected by the municipal officers to fill the position on the dissolution committee normally held by a representative of the group which would have filed the dissolution petition; and

(2) Costs of preparing a dissolution agreement shall be borne solely by the district.

5. Transfer of property. The district's board of directors may negotiate with the withdrawal committee regarding an equitable division of the district's property between the district and the municipality represented by the committee and transfer title of the property to the municipality following withdrawal. The board of directors shall determine that the district's educational program shall not be disrupted solely because of the transfer of any given property before it may complete the transfer.

Yes No"

(A copy of the agreement shall be posted with each warrant which directs the citizens to vote upon the question.)

D. The article must be approved by a majority of votes cast in both districts and by a majority of votes cast in the municipality to be transferred before the agreement may take effect.

1 E. A complete certified record of the transaction involved in the transfer shall be
2 filed with the commissioner. He shall issue immediately a certificate of transfer to
3 the secretary of each school administrative district by registered mail to be filed with
4 the directors of the districts involved and shall file a copy of the certificate of transfer
5 in the office of the Secretary of State.

6 **3. Outstanding indebtedness.** Whenever a municipality, or a part of a municipality,
7 is detached from a district having outstanding indebtedness, the municipality or part of a
8 municipality shall remain as part of the district from which it was detached for the

18 "Article: Shall the board of directors of School Administrative District No.
19 be authorized to close (name of school)?

21 (The election must be conducted only within that member municipality, and the costs
22 of the election are borne by the district.)

23 **2. Expense of keeping the school open.** If the voters vote to keep the school open,
24 the member municipality is liable for some additional expense for actual local operating
25 costs and transportation operating costs as defined in section 15672. The determination
26 of costs is subject to the approval of the commissioner. The cost to be borne by the town
27 voting to keep an elementary school open is the amount that would be saved if the school
28 were closed. Any additional costs that must be borne by the member municipality must
29 be part of the article presented to the voters at the meeting to determine whether the
30 school should remain open.

31 **3. Costs and procedures during subsequent years.** During any year subsequent to
32 the year during which an elementary school remains open contrary to the school
33 administrative district board of director's vote to close that elementary school, as a result
34 of a municipal referendum, the elementary school will be open without any additional
35 cost to the municipality except as described in paragraphs A and B.

36 A. If the school administrative district board of directors again vote to close the
37 elementary school and the voters of the member municipality again vote to keep the
38 elementary school open, as described in this paragraph, then the elementary school
39 will remain open and the member municipality will be obligated to pay the additional
40 costs as described in subsection 2.

1 B. If the school administrative district board of directors again votes to close the

5 directors vote to reopen the school.

6 **4. Definition of elementary school closing.** In this section, an elementary school
7 closing shall be any action or actions by the school administrative district that have the
8 effect of providing no instruction for any students at that elementary school.

10 additional expenses as determined in subsection 1, paragraph B, then the amount of this
11 additional expense shall be subtracted from the school administrative district budget
12 before each member municipality's assessment is computed. This additional expense
13 shall be paid by the member municipality which is liable in equal monthly amounts,
14 unless the school administrative district and that member municipality mutually agree to
15 another method of payment.

16 **§1408. State board review of commissioner's decisions**

17 A school administrative unit or other interested parties may request that the state
18 board reconsider decisions made by the commissioner under this subchapter. The state
19 board may have the authority to overturn decisions made by the commissioner. In

32 municipal officers of each municipality shall call a meeting of the voters of their
33 respective municipality in a manner provided by law for the calling of town meetings.
34 Those meetings shall vote to either favor or oppose articles in substantially the following
35 forms.

36 A. "Article: To see if the municipality of (name) will vote to join with
37 the municipalities of (naming them) to form a community school district to

1 be known as Community School District which shall be responsible for the

11 at the meeting with the state board. If the state board determines that a majority of those
12 voting in each of the municipalities favored the articles in subsection 1, paragraphs A and
13 B, then the state board shall so declare. With the declaration, the commissioner shall

22 B. If the State Board of Education authorizes the change, then the governing body
23 of the community school district shall notify the municipal officers in each of the
24 member towns who shall call a meeting of the inhabitants of their respective towns in
25 the manner provided by law for calling of town meetings and those meetings shall
26 vote to favor or oppose articles in substantially the following forms.

27 (1) "Article : To see if the town will vote to authorize the
28 Community School District to change its name to Community
29 School District."

30 (2) "Article...: To see if the town will vote to authorize the
31 Community School District to be responsible for the operation of grades
32"

33 C. The clerk in each of the member towns shall file a return of the votes cast in the

38 the manner authorized in subsection 3 or under section 1751, the board of trustees shall
39 file a return to that effect with the state board. A copy, certified by the commissioner, of

12 **4. Transfer.** The school committees of 2 community school districts may permit the
13 transfer of a municipality from one community school district to another in the same
14 manner the boards of directors of 2 school administrative districts may permit a transfer
15 in accordance with section 1406.

16 **5. Closing elementary school.** If a community school district includes elementary
17 grades, the closing of an elementary school in a member municipality pursuant to section
18 4102, subsection 3 must follow the procedures established in section 1407 for closing an
19 elementary school in a member municipality in a school administrative district.

20 **6. Substitution of terms.** Whenever there is reference in sections 1403 and 1405 to
21 1407 to a school administrative district, for purposes of this section, the term "community
22 school district" shall be substituted. Other terms consistent with the intent of subsections
23 2 to 5, to allow municipalities to withdraw or transfer from or to dissolve the district or
24 keep a municipal elementary school open, may also be substituted as necessary.

25 **Sec. 18. 20-A MRSA §1901**, as repealed by PL 2007, c. 240, Pt. XXXX, §18, is
26 reenacted to read:

27 **§1901. Formation**

28 **1. Commissioner's authority.** The commissioner shall adjust the grouping of
29 school administrative units within the State in accordance with this section.

30 **2. Size.** A school union shall include not less than 35 nor more than 75 teachers
31 unless the commissioner, upon request of a school board, finds that because of
32 geographic location or other reasons, it is to the advantage of the State and the
33 municipalities that a school union shall include fewer than 35 or more than 75 teachers.

34 **3. Combining unions.** On presentation of a written plan of organization which has
35 been approved by the school boards involved, the commissioner may combine 2 or more
36 school unions, or their parts, into a larger school union.

37 **A.** The new school union shall be administered by a superintendent of schools and
38 staff assistants, who may be employed by the union committee as provided in section
39 1051.

1 B. The commissioner may adjust disbursements for supervision so that there will be
2 no loss in state support because of the reorganization.

3 4. Exception for existing school unions with over 35 teachers. Existing school
4 unions employing over 35 teachers shall not be regrouped unless the proposed regrouping
5 has been approved by a majority of the school board members in the school
6 administrative units involved.

7 5. School administrative units with more than 75 teachers. A school
8 administrative unit with more than 75 teachers may employ a superintendent of schools
9 without uniting with other school administrative units for this purpose.

10 A. The school administrative unit shall elect a superintendent in the same manner
11 and for the same term, fix the salary and discharge the superintendent under the same
12 conditions as superintendents employed under sections 1051 to 1054.

13 B. Annually and whenever a new superintendent is elected, the chairman and
14 secretary of the school board shall certify to the commissioner, on the prescribed
15 forms, all facts relative to the employment of the superintendent, including the
16 amount of the salary to be paid.

17 6. Removal. If a school administrative unit having more than 75 teachers removes
18 itself from an existing school union composed of not more than 2 units, the remaining
19 unit shall, with the consent of its school board and the commissioner, be treated as though
20 it had more than 75 teachers, provided that the remaining unit has more than 40 teachers.

21 7. Exception for remote administrative units. If the commissioner finds that a
22 school administrative unit is remotely situated and that it is not practicable to combine it
23 with other school administrative units for the purpose of employing a superintendent, the
24 commissioner may place at the service of the school board of that unit the general agent
25 for the schooling of the children in unorganized townships, or any other agent of the
26 commissioner.

27 A. That agent shall, when assigned, serve as the superintendent of the school
28 administrative unit. The agent shall have the same powers and shall perform the
29 same service as superintendents of schools of municipalities. The agent's visits to the
30 schools of the school administrative unit shall be at intervals as directed by the
31 commissioner.

32 B. The treasurer of the school administrative unit shall pay to the agent a sum agreed
33 upon by the agent and that school administrative unit. In case of dispute, the
34 commissioner shall determine the amount to be paid.

35 8. Exception for school administrative unit with fewer than 35 teachers. If,
36 because of geographic location or other circumstances, it is not practicable to combine a
37 school administrative unit or a school union employing less than 35 teachers with other
38 school administrative units to form a school union, the school board may provide
39 supervisory service, when approved by the commissioner. The school administrative unit
40 or school union may provide for supervisory services by:

1 A. Employing a qualified person to serve as superintendent and as a supervising
2 principal;

3 B. Contracting with another school administrative unit or school union for
4 supervisory services; or

5 C. Employing a qualified agent to fulfill supervisory needs.

6 **Sec. 19. 20-A MRSA §2101, sub-§1**, as repealed by PL 2007, c. 240, Pt. XXXX,

8 1. Establishment. If a union school is desired, the municipalities shall apply to the
9 commissioner. The commissioner shall prepare an agreement setting out the terms and
10 conditions under which a union school may operate.

22 Pt. XXXX, §24, is further amended to read:

23 B. For property tax years beginning on or after April 1, 2005, the commissioner shall
24 calculate the full-value education mill rate that is required to raise the statewide total
25 local share. The full-value education mill rate is calculated for each fiscal year by
26 dividing the applicable statewide total local share by the applicable statewide
27 valuation. The full-value education mill rate must decline over the period from fiscal
28 year 2005-06 to fiscal year 2008-09 and may not exceed 9.0 mills in fiscal year 2005-
29 06 and may not exceed 8.0 mills in fiscal year 2008-09. The full-value education mill

31 determine a municipality's local cost share expectation. Full-value education mill
32 rates must be derived according to the following schedule.

33 (1) For the 2005 property tax year, the full-value education mill rate is the
34 amount necessary to result in a 47.4% statewide total local share in fiscal year
35 2005-06.

9 ~~chapter 103-A for the 2009 property tax year, the full-value education mill rate is~~
10 ~~the amount necessary to result in a 46.14% statewide total local share in fiscal~~
11 ~~year 2009-10 and after.~~

12 **Sec. 25. 20-A MRSA §15680, sub-§1, ¶A**, as amended by PL 2007, c. 240, Pt.
13 XXXX, §25, is further amended to read:

14 A. System administration. The per-pupil amount for "system administration" is the
15 actual system administration expenditures, as defined in the State's accounting
16 handbook for local school systems, for the most recent year available excluding
17 expenditures for leases and the purchase of land and buildings, less revenues to
18 system administration for services to other governments and refunds from a statewide
19 school management association, divided by the average October and April enrollment
20 counts for that fiscal year and then inflated to an estimated allocation year level by a
21 10-year average increase in the Consumer Price Index or other comparable index.
22 ~~Beginning in school year 2008-2009, this per-pupil amount must be based on school~~
23 ~~year 2005-2006 system administration expenditures then reduced by 50% and~~

25 ~~Consumer Price Index or other comparable index;~~

26 **Sec. 26. 20-A MRSA §15680, sub-§1, ¶B**, as amended by PL 2007, c. 240, Pt.
27 XXXX, §26, is further amended to read:

7 percentage that the municipality's most recent calendar year average pupil count is to the
8 school administrative district's, or community school district's ~~or regional school unit's~~
9 most recent calendar year average pupil count.

10 **Sec. 30. 20-A MRSA §15688, sub-§3-A**, as amended by PL 2007, c. 240, Pt.

15 if the unit has more than one member, and the State's contribution to the unit's total cost
16 of education in accordance with the following.

30 ~~less than 2 mills multiplied by the property fiscal capacity of the municipality, the~~
31 ~~municipality's contribution to the total cost of education is an amount equal to 2 mills~~
32 ~~multiplied by the property fiscal capacity of the municipality. The difference in the~~

7 applicable. The state contribution is subject to reduction in accordance with section
8 15690, subsection 1, paragraph C.
