SUMMARY

This amendment clarifies the procedure in which a landowner must notify the Department of Conservation, Bureau of Forestry if forest land is harvested by a landowner or harvester who uses bonded labor under the federal H2 bonded labor program. It indicates that the use of bonded labor on any part of a parcel of tree growth land during the 2-year notification cycle will result, upon notification by Maine Revenue Services, in the loss of Maine Tree Growth Tax Law benefits and that the withdrawal penalty will be imposed. It further clarifies that the parcel of land will not benefit from the General Fund contribution to forest fire protection for the property tax year in which bonded labor is used.
