**STATE OF MAINE
HOUSE OF REPRESENTATIVES
125TH LEGISLATURE
FIRST REGULAR SESSION**

COMMITTEE AMENDMENT "A" to H.P. 206, L.D. 253, "Resolve, To Establish a Single Construction Permit for Aboveground Oil Storage Tanks in Gravel Pits and Quarries"

Amend the resolve by striking out the title and substituting the following:

'Resolve, To Establish a Single Construction Permit for Certain Aboveground Oil Storage Tanks in Gravel Pits and Quarries'

Amend the resolve in section 1 in the 4th line (page 1, line 4 in L.D.) by striking out the following: "tanks located in gravel pits" and inserting the following: 'tanks that are used for the supply of diesel fuel and located in excavations for borrow, clay, top soil or silt'

SUMMARY

This amendment replaces the term "gravel pits," which is a term not used in the laws implemented by the Department of Environmental Protection, with the term "excavations for borrow, clay, top soil or silt." The amendment also clarifies that the permit-by-rule process authorized by the resolve is limited to aboveground oil storage tanks used for the supply of diesel fuel.
