36 **SUMMARY**

37 This bill permits insurers authorized to transact individual or group health insurance
38 in any state to offer their individual and group health plans for sale in this State if certain
39 requirements of Maine law are met, including minimum capital and surplus and reserve
40 requirements, disclosure and reporting requirements and grievance procedures. It also

1 permits Maine health insurers to offer individual and group health plans of out-of-state
2 parent or subsidiary health insurers if similar requirements are met. If out-of-state health
3 plans are offered for sale in this State, the bill requires that prospective enrollees be
4 provided adequate disclosure in a format approved by the Superintendent of Insurance of
5 how the plans differ from Maine health plans. This bill also requires a person purchasing
6 such insurance to sign a waiver acknowledging that the insurance policy does not
7 necessarily fully adhere to Maine law. The bill includes an effective date of January 1,
8 2012.
