25 Current law prohibits on-premise signs within 20 feet from the outside edge of the
26 paved portion of any state or state aid highway with more than 2 travel lanes and a total
27 paved portion in excess of 24 feet in width. This bill gives the Commissioner of
28 Transportation the authority to grant a person a waiver of this requirement if the majority
29 of on-premise signs on either edge of the public way within 1,000 feet of the location of
30 the proposed on-premise sign are located within 20 feet from the outside edge of the
31 paved portion of the public way or the proposed on-premise sign replaces an on-premise
32 sign at the same location within 20 feet from the outside edge of the paved portion of the

34 The bill also requires that the property owner assume all costs for removal and
35 installation of the on-premise sign and record this fact with the registry of deeds.
