STATE OF MAINE  
SENATE  
125TH LEGISLATURE  
FIRST REGULAR SESSION

SENATE AMENDMENT "A" to COMMITTEE AMENDMENT "A" to H.P. 413,  
L.D. 530, Bill, "An Act To Allow Alternative Delivery Methods for Locally Funded  
School Construction Projects"

Amend the amendment by striking out everything after the first indented paragraph  
and before the summary and inserting the following:

'Sec. 1. P&SL 1999, c. 79, §9-B is enacted to read:

Sec. 9-B. Additional eligible projects with contracts dated before October  
1, 2016. After October 1, 2011, no more than 10 projects may be approved under the  
provisions of this section. A school administrative unit seeking to use an alternative  
delivery method for a school construction project subject to approval under section 11 of  
this Act may employ any one of the following methods in undertaking a school  
construction project that is locally funded, has a minimum total project cost of \$2,500,000  
and has an executed contract between the school administrative unit and the project  
designer dated prior to October 1, 2016:

- 1. The construction-manager-advisor method;
- 2. The design-build method; and
- 3. The construction-manager-at-risk method.'

SUMMARY

This amendment strikes Committee Amendment "A" and replaces it with the bill. It  
authorizes the approval of 10 additional school construction projects by school  
administrative units seeking to use an alternative delivery method for a school  
construction project. Such a project must be locally funded, have a minimum total  
project cost of \$2,500,000 and have an executed contract between the school  
administrative unit and the project designer dated prior to October 1, 2016.

## Fiscal Note

Removes potential cost increase - General Fund

### Fiscal Detail and Notes

Removing the approval and oversight requirements for local only "alternative delivery" school construction projects will eliminate the potential General Fund costs to the Department of Administrative and Financial Services and the Department of Education.

Since this legislation, as amended, affects locally approved school construction projects that are paid for using local funding, there is no fiscal impact to the State.
