Fiscal Detail and Notes

This legislation will result in a net reduction in the State's share of funding K-12 public education of \$18,241,200 in fiscal year 2011-12 and \$26,418,286 in fiscal year 2012-13.

The bill includes General Fund deappropriations of \$22,541,200 in fiscal year 2011-12 and \$26,418,286 in fiscal year 2012-13 to the General Purpose Aid for Local Schools program within the Department of Education as a result of the requirement in this legislation that State funds not be appropriated or allocated to pay local administrative costs. This provision will result in a corresponding increase in costs to local school administrative units. This estimate assumes system administration costs of \$218 per student and 188,000 students enrolled in K-12 public schools statewide. It also assumes growth in system administration costs of 1.72% per year pursuant to Title 20-A, §15671 and that the State share is 55% .

The bill also includes a one-time General Fund appropriation of \$4,300,000 in fiscal year 2011-12 to the General Purpose Aid for Local Schools program for the cost associated with reimbursing those local school administrative units that had their fiscal year 2011-12 state subsidy reduced for failing to comply with the laws governing school administrative unit reorganization.
