STATE OF MAINE

HOUSE OF REPRESENTATIVES

125TH LEGISLATURE

FIRST REGULAR SESSION

COMMITTEE AMENDMENT "A" to I.B. 1, L.D. 985, Bill, "An Act Regarding
Establishing a Slot Machine Facility"

Amend the bill by incorporating the attached fiscal note.

SUMMARY

This amendment incorporates a fiscal note.

125th MAINE LEGISLATURE

LD 985

LR 2075(02)

An Act Regarding Establishing a Slot Machine Facility

Fiscal Note for Bill as Amended by Committee Amendment "A"

Committee: Veterans and Legal Affairs

Fiscal Note Required: Yes

Fiscal Note

Future biennium cost increase - General Fund
 Future biennium cost increase - Other Special Revenue Funds
 Future biennium revenue increase - General Fund
 Future biennium revenue increase - Other Special Revenue Funds

Fiscal Detail and Notes

If this initiated bill is enacted without amendment, it would allow the Gambling Control Board to accept applications for licenses to operate additional slot machine facilities in Maine. Current law allows for a total of 1,500 slot machines to be operated in the state. The existing facility in Bangor has already been licensed to operate the entire 1,500, effectively preventing the establishment of additional facilities. Although this proposed legislation would open the licensing opportunity to multiple facilities with up to 1,500 slot machines per facility, specific limiting criteria in the proposed language would make it highly unlikely that more than one new facility would be possible.

Presented below is an estimate of the potential revenues that may be generated from one new slot machine facility and the subsequent distribution of those revenues. This fiscal note assumes one new facility would be established with 1,000 slot machines that would generate annual revenue of \$6,534,000 for the State's General Fund and \$20,908,800 for various other funds. The General Fund would also receive license fees of \$414,500 in the first year and \$188,250 for license renewals in subsequent years. Annual state costs associated with a Deputy Director, Inspectors, State Police Detective, Auditor II, contracts for monitoring services and other related expenses are estimated to be \$1,123,661.

This analysis assumes no significant effect on revenue generated by the licensed racino facility in Bangor or the casino facility pending licensure in Oxford. If there is an appreciable reduction in racino or casino revenue, there will be a reduction in the amounts distributed from those facilities. Any negative impact on the racino facility in Bangor and the casino facility pending licensure in Oxford would depend upon the timing of the opening of this proposed facility and cannot be determined at this time. The tax structure at the new facility would be 1% of gross slot machine income and 40% of net slot machine income.

<u>Summary of Slot Machine Facility Revenue</u>	Annual Estimate
Gross Slot Income (total value of money, tokens, credits, other value used to play a slot machine)	\$653,400,000
Player Payback - Slot Income	\$594,594,000
General Fund - 1% of Gross Slot Income	\$6,534,000

CACH-436)

Net Slot Income	\$52,272,000
Share of Net Income for Distribution - 40%	\$20,908,800
Operator Share of Net Income - 60%	\$31,363,200
