125th MAINE LEGISLATURE

FIRST REGULAR SESSION-2011

Legislative Document

No. 1259

S.P. 380

In Senate, March 22, 2011

An Act To Encourage Computer Data Center Development

Reference to the Committee on Taxation suggested and ordered printed.

Joseph G. Carleton Jr.

JOSEPH G. CARLETON, JR.
Secretary of the Senate

Presented by Senator SHERMAN of Aroostook.

Cosponsored by Representatives: AYOTTE of Caswell, EDGECOMB of Caribou, LONG of Sherman.

1 **Be it enacted by the People of the State of Maine as follows:**

2 **Sec. 1. 36 MRSA §2020** is enacted to read:

3 **§2020. Refund of sales tax for computer data center purchases**

4 **1. Definitions.** As used in this section, unless the context otherwise indicates, the
5 following words have the following meanings.

6 A. "Computer data center" or "center" means a facility comprised of one or more
7 buildings occupied by one or more businesses with a combined square footage of at
8 least 20,000 square feet, constructed or refurbished to be used primarily to house
9 working servers, and having:

10 (1) An uninterruptible power supply or generator backup power;

11 (2) Sophisticated fire suppression and prevention systems; and

12 (3) Enhanced building security, such as restricted access to the facility,
13 permanent security guards, video camera surveillance, electronic passcode
14 systems, keycards, biometric scans or similar security features.

15 For a computer data center comprised of multiple buildings, each separate building is
16 considered a computer data center if the building has all of the characteristics listed in
17 subparagraphs (1) to (3).

18 B. "Electronic data storage and data management services" includes, but is not
19 limited to:

20 (1) Providing data storage and backup services;

21 (2) Providing computer power and hosting enterprise software applications;

22 (3) Hosting websites; and

23 (4) Providing online services such as e-mail, website browsing and searching,
24 media applications and other services, regardless of whether a charge is made for
25 those services.

26 C. "Eligible computer data center" means a computer data center located in the State
27 that has at least 20,000 square feet dedicated to housing working servers, when the
28 space is not dedicated to housing working servers before October 1, 2011 and for
29 which a building permit is issued before October 1, 2014.

30 D. "Eligible power infrastructure" means all fixtures and equipment necessary for the
31 transformation, distribution or management of electricity that is required to operate
32 eligible server equipment within an eligible computer data center, including electrical
33 substations, generators, wiring and cogeneration equipment.

34 E. "Eligible server equipment" means server equipment installed in an eligible
35 computer data center on or after October 1, 2011 and server equipment that replaces
36 existing server equipment, if the sale or use of the server equipment being replaced
37 qualifies for a refund or exemption under this section and is installed and put into
38 regular use before October 1, 2014.

1 F. "Qualifying business" means a business entity that exists for the primary purpose
2 of engaging in commercial activity for profit and that is the owner or lessee of an
3 eligible computer data center that adds at least 20 qualifying jobs at a center within 6
4 years after the date the qualifying business first becomes eligible for an exemption
5 under this section.

6 G. "Qualifying job" means a full-time job with an average weekly wage that exceeds
7 the average weekly wage for the county in which the job is located.

8 H. "Server" means blade or rack-mount server computers used in a computer data
9 center exclusively to provide electronic data storage and data management services
10 for internal use by the owner or lessee of the computer data center, for the clients of
11 the owner or lessee of the computer data center or for both. "Server" does not include
12 personal computers.

13 I. "Server equipment" means the server chassis and all computer hardware contained
14 within the server chassis. "Server equipment" also includes computer software
15 necessary to operate the server. "Server equipment" does not include the racks upon
16 which the server chassis is installed and computer peripherals such as keyboards,
17 monitors, printers and other devices.

18 **2. Refund authorized.** A qualifying business is eligible for a refund of sales tax on
19 the purchase of the following services or the purchase or lease of the following items
20 upon presenting to the State Tax Assessor evidence that the transaction is eligible for
21 refund under this section:

22 A. Eligible server equipment;

23 B. Eligible power infrastructure; and

24 C. Electronic data storage and data management services.

25 An application for a refund must be filed with the assessor within 36 months after the
26 date of purchase or lease.

27 **3. Sales tax exemption; certificate.** Sales tax need not be paid on the purchase of
28 services or lease or purchase of items eligible for a refund under this section if the
29 purchaser or lessee has obtained a certificate from the assessor stating that the purchaser
30 or lessee is eligible to purchase services or lease or purchase eligible items without
31 paying sales tax. The seller or lessor is required to obtain a copy of the certificate
32 together with an affidavit as prescribed by the assessor, to be maintained in the seller's or
33 lessor's records, attesting to the qualification of the purchase or lease for exemption
34 pursuant to this section. In order to qualify for this exemption, the items or services must
35 be used directly in or by an eligible computer data center.

36 **4. Recapture.** A qualifying business that fails to meet the requirement of adding 20
37 new full-time employees within 6 years after the qualifying business first becomes
38 eligible under this section must be assessed the amount of sales tax forgone or refunded
39 by the State plus interest.

SUMMARY

This bill provides a sales tax refund or exemption for sales of eligible server equipment, eligible power infrastructure and electronic data storage and data management services to an eligible computer data center that begins operation between October 1, 2011 and October 1, 2014. A qualifying business must add at least 20 jobs with above-average wages within 6 years after the business first becomes eligible or the amount of exempt or refunded taxes plus interest will be recaptured by the State.
