**STATE OF MAINE
SENATE
125TH LEGISLATURE
FIRST REGULAR SESSION**

COMMITTEE AMENDMENT "A" to S.P. 405, L.D. 1308, Bill, "An Act To Strengthen Computer Privacy"

Amend the bill by striking out everything after the enacting clause and before the summary and inserting the following:

'Sec. 1. 17-A MRSA §435 is enacted to read:

§435. Added jurisdiction to prosecute

1. In addition to the State's having jurisdiction pursuant to section 7 to convict a person under section 432 or 433, the State has jurisdiction to convict a person under this chapter when that person is physically located outside of this State and the prohibited conduct:

A. Occurs outside of this State and the victim of the crime is a resident of this State at the time of the crime; and

B. Is sufficient under this section to constitute a crime in this State.

2. As used in this section, "resident" means a person who lives in this State either permanently or for an extended period. "Extended period" includes, but is not limited to, the period of time a student attends a school or college and the period of time a person serving in the Armed Forces of the United States is stationed in this State.'

SUMMARY

This amendment replaces the bill and creates a section regarding added jurisdiction that applies to the whole chapter on computer crimes. The new provision, like the bill, gives the State jurisdiction to convict a person residing outside the State who commits criminal invasion of computer privacy or aggravated criminal invasion of computer privacy if the victim was a resident of the State at the time of the crime.
