## An Act Regarding Information Provided to Consumers by Competitive Electricity Providers

Fiscal Note for Bill as Amended by Committee Amendment "A"  
Committee: Energy, Utilities and Technology  
Fiscal Note Required: Yes

### Fiscal Note

Minor cost increase - Other Special Revenue Funds

#### Fiscal Detail and Notes

Requiring the Public Utilities Commission (PUC) to engage in rulemaking to establish information disclosure and filing requirements for competitive electricity providers as well as standards for making available information that enhances consumers' ability to make choices in a competitive electricity market may result in minor increased costs that the PUC can absorb within existing budgeted resources.
