3 **Sec. 2. 26 MRSA §1312, sub-§1**, as amended by PL 2009, c. 452, §2, is further
4 amended to read:

8 **Sec. 3. 39-A MRSA §105-A, sub-§6** is enacted to read:

9 **6. Insurance coverage information for public construction projects.** Insurance
10 coverage information regarding construction subcontractors and independent contractors
11 is controlled by this subsection.

12 A. At the onset of work on any construction project undertaken by the State, the
13 University of Maine System or the Maine Community College System, the general
14 contractor or designated project construction manager, if any, shall provide to the
15 board a list of all construction subcontractors and independent contractors on the job
16 site and a record of the entity to whom that construction subcontractor or independent

18 independent contractor is insured for workers' compensation purposes. The list must
19 be posted on the board's publicly accessible website and updated as needed.

20 B. The board and the Department of Administrative and Financial Services, Bureau

26 agency from setting more rigorous standards for construction work under its
27 jurisdiction.

28 D. If the general contractor or designated project construction manager fails to
29 provide the board with the information required by paragraph A, that person is
30 subject to a fine of not less than \$250.

31 **SUMMARY**

32 This bill clarifies and simplifies the reporting requirement for general contractors for
33 public construction projects by moving the requirement from the various state agencies to
34 a central reporting site at the Workers' Compensation Board. It moves the requirement
35 from the Maine Revised Statutes, Title 26 to Title 39-A and complements the current
36 reporting requirement to the Workers' Compensation Board.
