23 **§4327. Suspension of general assistance for illegal drug use**

24 A municipality may administer a drug test to a recipient of general assistance. The

30 the results of the drug testing.

31 **SUMMARY**

32 Current law allows the drug testing of a person receiving Temporary Assistance for
33 Needy Families, or TANF, program benefits if the person has been convicted of a drug-
34 related felony within the past 20 years. If the drug test is positive for illegal drugs, a 2nd
35 test may be requested by the person and the suspension of TANF program benefits may
36 be avoided if the person enrolls in a substance abuse treatment program.

1 This bill repeals that law and instead allows the random drug testing of a person
2 receiving MaineCare benefits, TANF program benefits or general assistance and requires
3 the suspension of those benefits if the person tests positive for use of an illegal drug. The
4 benefits may resume once the person does not test positive for use of an illegal drug.
