27 **SUMMARY**

28 This amendment replaces the bill and makes the following changes to the laws
29 governing the Maine Guaranteed Access Reinsurance Association.

30 1. It requires the Board of Directors of the Maine Guaranteed Access Reinsurance
31 Association to post its meeting schedule, meeting agenda and meeting minutes on its
32 publicly accessible website. It requires the board to provide a mechanism on its website
33 for the public to comment on matters related to the operations of the association and to
34 establish a process for taking public comments at selected board meetings.

35 2. It adds one consumer member to the board and clarifies that that member may not
36 be associated with or formerly associated with the medical profession, a hospital, an
37 insurer or an insurance producer.

38 3. It suspends the authority of the association to collect assessments or provide
39 reinsurance and reimbursement during the period in which the federal transitional
40 reinsurance program is operating in this State and also requires that the association
41 submit an amended plan of operation to the Superintendent of Insurance to address the
42 operations of the association, the treatment of funds held by the association during the
43 suspension period, the reactivation of the association and any necessary plan for

1 distribution of any surplus funds not required for such purposes. It also requires the
2 Superintendent of Insurance to allow a period of public comment on the amended plan of
3 operation before it is approved by the superintendent.

4 4. It directs the joint standing committee of the Legislature having jurisdiction over
5 insurance and financial services matters to evaluate the transitional reinsurance program
6 operating in the State from January 1, 2014 until December 31, 2016 under federal law.
7 Before January 1, 2016, the committee is required to make a recommendation to the
8 Legislature as to whether the Maine Guaranteed Access Reinsurance Association should
