(Filing No. S-286)

EDUCATION AND CULTURAL AFFAIRS

Reproduced and distributed under the direction of the Secretary of the Senate.

STATE OF MAINE

SENATE

126TH LEGISLATURE

FIRST REGULAR SESSION

COMMITTEE AMENDMENT "A" to S.P. 506, L.D. 1412, Bill, "An Act To Create an Educational Collaborative To Implement a Program That Enables Career and Technical Education Students To Earn College Credits while Attending High School"

Amend the bill by striking out the title and substituting the following:

'An Act To Create an Educational Collaborative Partnership To Implement a Program That Enables Career and Technical Education Students To Earn College Credits while Attending High School'

Amend the bill in the emergency preamble by striking out all of the 3rd and 4th **Whereas** paragraphs (page 1, lines 6 to 15 in L.D.) and inserting the following:

'Whereas, this legislation establishes a collaborative board composed of representatives of career and technical education programs, high schools and publicly supported postsecondary institutions in the State to implement a program that enables career and technical education students to earn college credits while attending high school, saving students the time and money that is normally required to obtain a college degree; and

'Whereas, it is necessary to enact this legislation immediately in order that the publicly supported educational institutions in the State that are authorized to form collaborative agreements pursuant to this legislation, or contract with an existing collaborative partnership that has met the requirements set forth in this legislation, may begin their efforts to establish dual enrollment career and technical education programs by the 2014-2015 school year; and'

Amend the bill by striking out all of section 3 and inserting the following:

'Sec. 3. 20-A MRSA c. 229 is enacted to read:

CHAPTER 229

DUAL ENROLLMENT CAREER AND TECHNICAL EDUCATION PROGRAMS

COMMITTEE AMENDMENT

§6971. Definitions

As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings.

1. Collaborative agreement. "Collaborative agreement" means an agreement between a secondary school, a career and technical education program and one or more public postsecondary educational institutions in the State to form a collaborative partnership that articulates a credit transfer agreement between the publicly supported educational institutions and that specifies each institution's responsibility for and cost of the delivery of specified secondary and postsecondary educational functions and support services over a 3-year period for a cohort-based program that provides secondary school students with the opportunity to take postsecondary education courses and earn credits toward an associate degree while participating in a career and technical education program that integrates secondary education and postsecondary education courses.

2. Collaborative board. "Collaborative board" means the governing body composed of representatives of the publicly supported educational institutions participating in the collaborative partnership and the department. The collaborative board has direct oversight over all collaborative agreements.

3. Collaborative partnership. "Collaborative partnership" means a dual enrollment career and technical education collaborative partnership formed pursuant to this chapter to provide a cohort-based learning pathway for career and technical education students that provides those students with the opportunity to take postsecondary education courses and earn credits toward an associate degree while participating in a career and technical education program that integrates secondary education and postsecondary education courses.

4. Dual enrollment career and technical education program. "Dual enrollment career and technical education program" means a nonduplicative learning pathway for a specific career and technical education program that provides secondary school students with the opportunity to take postsecondary education courses and earn credits toward an associate degree while participating in a career and technical education program that:

A. Provides a cohort-based experience for secondary school students to acquire technical skills and proficiencies through enrollment in a career and technical education program in their junior and senior years and earn concurrent credits toward a high school diploma and a postsecondary education degree through dual enrollment in integrated secondary and postsecondary education courses over a 3-year period that:

(1) Begins with the student's junior year in secondary school;

(2) Includes up to 3 years of summer career academies;

(3) Includes a college freshman seminar experience;

(4) Meets national concurrent enrollment standards;

(5) Concludes at the end of summer following the student's senior year in secondary school; and

1 (6) Includes college course work that provides the opportunity to earn a general
2 associate's degree allowing students of many diverse interests the opportunity to
3 transfer credits earned to postsecondary education programs of their individual
4 choosing; and

5 B. Includes individual learning plans, academic and career assessment, college and
6 career advising, career exploration and job-shadowing opportunities matched to
7 achieve the student's individual academic and career goals.

8 5. Eligible agencies for funding. "Eligible agencies for funding" means career and
9 technical education centers and regions as defined in chapter 313.

10 6. Publicly supported educational institution. "Publicly supported educational
11 institution" means a publicly supported secondary school, a career and technical
12 education program and a public postsecondary education institution in the State.

13 **§6972. Dual enrollment career and technical education program**

14 1. Application. Representatives of the governing bodies of publicly supported
15 educational institutions may file an application with the commissioner for the purpose of
16 entering into a collaborative agreement. A collaborative partnership is governed by a
17 collaborative board formed and operating in accordance with this chapter. The
18 participation of publicly supported educational institutions in any of the specified
19 educational functions or support services included in the collaborative agreement is
20 voluntary. A collaborative board may designate personnel of the publicly supported
21 educational institutions or service providers to provide the specified educational functions
22 or support services included in the collaborative agreement. The collaborative board
23 must include one representative from each publicly supported educational institution
24 participating in the collaborative partnership.

25 2. Contract. The career and technical education center or region may enter into a
26 contract with a service provider that operates as a nonprofit organization to provide
27 technical assistance in developing and implementing the initial phase of the dual
28 enrollment program. The service provider selected must meet the specified educational
29 functions, support services and all other requirements of the grant application as required
30 by the department to facilitate the development and implementation of the dual
31 enrollment career and technical education program.

32 **§6973. Application; approval; ratification**

33 1. Application. An application under section 6972 for a collaborative partnership
34 must be in a form and contain such information as required by the commissioner,
35 including, but not limited to:

36 A. The identification of the publicly supported educational institutions that are
37 applying to form the collaborative partnership;

38 B. The specified educational functions and support services to be provided by the
39 collaborative partnership, including the identification of the publicly supported
40 educational institution that will participate in each specified educational function or
41 support service and the number of students or staff to be served in each publicly

1 supported educational institution that is participating in each specified educational
 2 function or support service to be carried out by the collaborative partnership;

3 C. The duration of the collaborative agreement;

4 D. The cost estimate or operational budget for the specified educational functions or
 5 support services to be carried out;

6 E. The method of providing the specified educational functions or support services
 7 and the designation of publicly supported educational institution personnel or service
 8 providers who will provide the specified educational functions or support services;

9 F. The method of sharing costs among the publicly supported educational
 10 institutions; and

11 G. The identity of the service provider, if any, with which a career and technical
 12 center or region plans to contract with pursuant to section 6972, subsection 2.

13 2. Approval. If the commissioner finds that an application under section 6972
 14 contains the information required to be submitted pursuant to subsection 1, the
 15 commissioner shall notify each publicly supported educational institution participating in
 16 the collaborative agreement that, pending ratification as set forth in subsection 3, the
 17 collaborative partnership is approved. The commissioner shall keep a register of
 18 collaborative partnerships that have been approved and ratified pursuant to this chapter.

19 3. Governing body ratification. If the commissioner approves an application for a
 20 collaborative partnership pursuant to subsection 2, the collaborative partnership must be
 21 ratified by a majority of the members of the governing body of each publicly supported
 22 educational institution involved in the collaborative partnership before the collaborative
 23 partnership becomes effective.

24 **§6974. Collaborative agreement**

25 1. Duration of collaborative agreement. A collaborative agreement that has been
 26 ratified pursuant to section 6973 is valid for the fiscal year beginning July 1st following
 27 the ratification vote and ends June 30th of the calendar year that coincides with the
 28 expiration date included in the collaborative agreement.

29 2. Renewal of collaborative partnership. A collaborative partnership may be
 30 renewed only upon ratification by a majority of the members of the governing body of
 31 each publicly supported educational institution involved in the collaborative partnership
 32 in accordance with this chapter.

33 **§6975. Student eligibility**

34 A secondary school student is eligible to participate in secondary and postsecondary
 35 courses offered by a collaborative partnership formed pursuant to this chapter if the
 36 student is a full-time student at a public secondary school and enrolled in a career and
 37 technical education program at a career and technical education center or a career and
 38 technical education region.'

This amendment clarifies the provisions of the bill that authorize the establishment of collaborative partnerships of publicly supported educational institutions in the State, including career and technical education programs, publicly supported secondary schools and public postsecondary institutions in the State, to implement a program that enables career and technical education students to earn college credits while attending high school. The amendment refines the composition and the duties of the collaborative board in forming a dual enrollment career and technical education program, including providing oversight of collaborative agreements between the participating members of the collaborative partnership and contracting with service providers for providing technical assistance in developing and implementing dual enrollment programs. The amendment also clarifies the roles and responsibilities of the collaborative partnership in developing and implementing a cohort-based learning pathway that enables career and technical education students to earn academic credits during their junior and senior years of high school that are equivalent to about a year of college. The amendment also refines the student eligibility requirements for participation in the dual enrollment career and technical education program.
