32 SUMMARY

33 This amendment is the majority report of the committee. This amendment deletes

35 implementation of the long-term plan. The amendment changes the required
36 qualifications for state agency representatives who are appointed to the council by
37 requiring a representative to be knowledgeable about the healthy development of the
38 State's young children and their families and the work of the council. The amendment
39 adds to the Maine Children's Growth Council a representative of the federally recognized
40 Indian tribes in the State. The representative of the Indian tribes must be chosen by the
41 tribe whose turn it is in rotation to serve on the council, nominated to the Governor and

1 appointed by the Governor. The amendment corrects the designation of a council
2 member from the director of the Head Start collaboration project within the Department
3 of Health and Human Services, Office of Child Care and Head Start to the director of the
4 Head Start collaborative office within the Department of Health and Human Services and
5 provides for a designee of the director to serve on the council. The amendment
6 substitutes the Commissioner of Health and Human Services for the Commissioner of
7 Public Safety in the membership of the council. The amendment makes the state agency
8 commissioners and representatives nonvoting members of the council. The amendment
