SUMMARY

This bill corrects minor technical errors and inconsistencies in Public Law 2013, chapter 368, the so-called unified budget bill, including:

1. Correcting a technical conflict created when 2 sections of the public law amended the same section of law;
2. Clarifying that the temporary increase in the sales tax to 5.5% applies to the services currently subject to the 5% sales tax;
3. Correcting a numbering error created when 2 different provisions of law were enacted with the same title and section number by reallocating the provision establishing the Maine capital investment credit for 2013;
4. Resolving a conflict created when 2 sections amended the provision of law that provides for an annual adjustment for inflation of the income tax rate brackets in different ways, one by delaying the annual adjustment of the income tax rate brackets and the other by providing for an annual adjustment of the itemized deduction limitation amount. Both provisions are maintained;
5. Correcting an initiative to reflect that the MaineCare reimbursement is limited to behavioral health services; and
6. Deappropriating funds to offset an appropriation in an initiative in the committee amendment that should have been eliminated when statutory changes were made in the enacted version of the unified budget bill.

Fiscal Detail and Notes

This bill makes technical corrections to several provisions in the Biennial Budget Bill, LD 1509 as enacted as Public Law 2013, chapter 368. The fiscal impacts of this bill include deappropriations to offset a small appropriation that was included in the enacted budget in error as the related statutory changes were removed from the enacted bill. This fiscal note also recognizes the Other Special Revenue Funds impact of the increase in the 5% tax rate to 5.5% on taxable sales and services. Only the General Fund revenue impact was included in the fiscal note for LD 1509 as enacted.
