This amendment strikes and replaces the bill. The bill provides a standard for what constitutes a student's best interest when requesting a transfer from one school administrative unit to another; the amendment removes that standard. In current law, the superintendents of the receiving school administrative unit and the sending school administrative unit must both consent to a student's transfer. This amendment changes that provision to require that if a superintendent disapproves, that superintendent must provide the parent of the student with a written description of the superintendent's determination. The amendment also removes the provisions in the bill that direct the Commissioner of Education, or subsequently the State Board of Education, to uphold the decision of one or both superintendents to deny a transfer unless the commissioner or the board determines that the decision to deny the transfer was arbitrary and capricious. The amendment also retains the provision in the bill that extends from 30 to 45 calendar days the period of time within which the State Board of Education must make a decision on a review of a request for transfer.
