

126th MAINE LEGISLATURE

SECOND REGULAR SESSION-2014

Legislative Document

No. 1626

H.P. 1198

House of Representatives, December 30, 2013

An Act To Leverage Expert, State-based Resources for Emergent Intervention and Long-term Comprehensive Resource Protection of Lakes

(EMERGENCY)

Approved for introduction by a majority of the Legislative Council pursuant to Joint Rule 203.

Received by the Clerk of the House on December 23, 2013. Referred to the Committee on Inland Fisheries and Wildlife pursuant to Joint Rule 308.2 and ordered printed pursuant to Joint Rule 401.

Millicent M. Mac Jarland

MILLICENT M. MacFARLAND Clerk

Presented by Representative McCLELLAN of Raymond. Cosponsored by Representatives: GILLWAY of Searsport, HUBBELL of Bar Harbor, KINNEY of Limington, POULIOT of Augusta, WILSON of Augusta.

- 1 **Emergency preamble. Whereas,** acts and resolves of the Legislature do not 2 become effective until 90 days after adjournment unless enacted as emergencies; and
- Whereas, invasive aquatic plants such as milfoil are infesting many of Maine's lakes
 and a comprehensive, coordinated and long-term plan is necessary to remove and control
 these infestations; and
- 6 **Whereas,** to control infestations of invasive aquatic plants, 3 cleanups per year for 3 7 years are recommended; and
- 8 Whereas, the milfoil infestation problem is worsening and needs to be addressed 9 immediately; and
- 10 **Whereas,** raising watercraft fees for the next boating season will provide revenue 11 needed to address the issue; and

12 **Whereas,** in the judgment of the Legislature, these facts create an emergency within 13 the meaning of the Constitution of Maine and require the following legislation as 14 immediately necessary for the preservation of the public peace, health and safety; now, 15 therefore,

16 **Be it enacted by the People of the State of Maine as follows:**

- Sec. 1. 12 MRSA §10206, sub-§3, ¶C, as amended by PL 2013, c. 368, Pt.
 AAA, §1, is further amended to read:
- 19 C. All revenues collected under the provisions of this Part relating to watercraft, including chapter 935, including fines, fees and other available money deposited with 20 the Treasurer of State, must be distributed as undedicated revenue to the General 21 22 Fund and the Department of Marine Resources according to a formula that is jointly agreed upon by the Commissioner of Inland Fisheries and Wildlife and the 23 24 Commissioner of Marine Resources biannually that pays to the department the 25 administrative costs of the Division of Licensing and Registration. The Legislature shall appropriate to the department in each fiscal year an amount equal to the 26 27 administrative costs incurred by the department in collecting revenue under this subsection. Those costs must be verified by the Department of Marine Resources and 28 the Department of Administrative and Financial Services. The remainder of revenues 29 30 after reduction for administrative costs and after allowing for any necessary year-end reconciliation and accounting distribution must be allocated 75% to the department 31 32 and 25% to the Department of Marine Resources and approved by the Department of Administrative and Financial Services, Bureau of the Budget. 33
- 34The fees outlined in section 13056, subsection 8, paragraphs A and B for watercraft35operating on inland waters of the State each include a \$10 \$17 fee from residents and36a \$35 fee from nonresidents for invasive species prevention and control. This fee is37disposed of as follows:

1 (1) Sixty percent of the fee must be credited to the Invasive Aquatic Plant and 2 Nuisance Species Fund established within the Department of Environmental Protection under Title 38, section 1863; and 3 4 (2) Forty percent of the fee must be credited to the Lake and River Protection Fund established within the department under section 10257. 5 Sec. 2. 12 MRSA §13056, sub-§8, ¶A, as amended by PL 2009, c. 213, Pt. OO, 6 §14, is further amended to read: 7 8 A. For a watercraft requiring or whose owner requests a certificate of number and 9 that is equipped with a motor having a manufacturer's horsepower rating of: 10 Ten horsepower or less, the fee is \$25 \$32 for residents and \$50 for (1)nonresidents for operating on inland waters of the State and \$15 for operating 11 12 only on tidal waters of the State; (2) Greater than 10, but not more than 50 horsepower, the fee is \$30 \$37 for 13 residents and \$55 for nonresidents for operating on inland waters of the State and 14 \$20 for operating only on tidal waters of the State; and 15 16 (3) Greater than 50 horsepower but not more than 115 horsepower, the fee is $\frac{336}{3}$ \$43 for residents and \$67 for nonresidents for operating on inland waters of the 17 State and \$26 for operating only on tidal waters of the State. 18 Sec. 3. 12 MRSA §13056, sub-§8, ¶B, as amended by PL 2009, c. 213, Pt. OO, 19 §15, is further amended to read: 20 21 B. For a personal watercraft requiring or whose owner requests a certificate of number and watercraft equipped with a motor having a manufacturer's horsepower 22 rating of 115 horsepower or greater, the fee is \$44 \$51 for residents and \$76 for 23 24 nonresidents for operating on inland waters of the State and \$34 for operating only on 25 tidal waters of the State. Sec. 4. 12 MRSA §13058, sub-§3, as amended by PL 2009, c. 213, Pt. OO, §17, 26 27 is further amended to read: 28 3. Nonresident motorboat and personal watercraft lake and river protection sticker and resident and nonresident seaplane lake and river protection sticker; fee. 29 No later than January 1st of each year, the commissioner shall provide each agent 30 31 authorized to register watercraft or issue licenses with a sufficient quantity of lake and river protection stickers for motorboats and personal watercraft not registered in the State 32 and for all seaplanes, whether or not registered in the State, for that boating season. The 33 34 sticker must be in 2 parts so that one part of the sticker can be affixed to each side of the 35 bow of a motorboat or personal watercraft or to each outside edge of a seaplane's pontoons. The fee for a sticker issued under this subsection is \$20 \$35. Each agent shall 36 retain \$1 for each sticker sold by that agent for which a fee is required. A motorboat, 37 personal watercraft or seaplane owned by the Federal Government, a state government or 38 39 a municipality is exempt from the fee established in this subsection. 40 Sec. 5. 38 MRSA §1866 is enacted to read:

3 I. Eradication and prevention of invasive aquatic plants. The department shall establish programs to eradicate and prevent the migration of invasive aquatic plants in the State by: 6 A. Creating and maintaining a program that uses state-based resources and the Invasive Aquatic Plant and Nuisance Species Fund under section 1863 to remove invasive aquatic plant infestations in lakes of more than 10.000 acres in size. In developing the program, the department shall include provisions for matching grants for community-based lake associations to remove invasive aquatic plant infestations for matching grants for community-based lake associations to remove invasive aquatic plant infestations and density of infestation. For infested lakes over 10,000 acres, the department shall organize and provide for seasonal summer employment of temporary help services or department staff for direct invasive aquatic plant infestations for lakes of more than 10,000 acres in size. The program must use state-based resources and funding to establish necessary interventions and to plan for long-term comprehensive resource protection. In setting priorities for the program, the department shall consider with respect to each lake: 19 (1) The quantity and extent of invasive aquatic plant infestations; 20 (2) The number of points of entry to the lake and an estimated volume of boat travel, with a focus on lakes that have the potential of casy access to another lake; 21 travel, with a focus on lakes that have the potential of casy access to another lake; 22 (3) Whether the lake is easily accessible so that it may serve as an educational resource for students in the State; 23 (6) Whether the lake provides a p	1 2	<u>§1866. Program established for invasive aquatic plants for lakes of more than</u> <u>10,000 acres</u>
5 State by: 6 A. Creating and maintaining a program that uses state-based resources and the Invasive Aquatic Plant and Nuisance Species Fund under section 1863 to remove invasive aquatic plant infestations in lakes of more than 10,000 acres in size. In developing the program, the department shall include provisions for matching grants 10 for community-based lake associations to remove invasive aquatic plant infestations based on size, location and density of infestation. For infested lakes over 10,000 acres, the department shall organize and provide for seasonal summer employment of temporary help services or department staff for direct invasive aquatic plant removal; 14 B. Creating and maintaining a program for long-term management of future invasive aquatic plant infestations for lakes of more than 10,000 acres in size. The program must use state-based resources and funding to establish necessary interventions and to plan for long-term comprehensive resource protection. In setting priorities for the program, the department shall consider with respect to each lake: 19 (1) The quantity and extent of invasive aquatic plant infestations; 20 (2) The number of points of entry to the lake and an estimated volume of boat travel, with a focus on lakes that have the potential of easy access to another lake; 21 (4) The importance of the lake as a local natural resource to the community; 25 (5). The proximity of the lake to state parks, municipalities and places that attract local residents and tourists; 27 (6) Whether the lake provides a public water supply or is in close proximity to a pub	3	1. Eradication and prevention of invasive aquatic plants. The department shall
6 A. Creating and maintaining a program that uses state-based resources and the 7 Invasive Aquatic Plant and Nuisance Species Fund under section 1863 to remove 8 invasive aquatic plant infestations in lakes of more than 10.000 acres in size. In 9 developing the program, the department shall include provisions for matching grants 10 for community-based lake associations to remove invasive aquatic plant infestations 11 based on size, location and density of infestation. For infested lakes over 10,000 12 acres, the department shall organize and provide for seasonal summer employment of 13 temporary help services or department staff for direct invasive aquatic plant removal; 14 B. Creating and maintaining a program for long-term management of future invasive 15 aquatic plant infestations for lakes of more than 10,000 acres in size. The program 16 must use state-based resources and funding to establish necessary interventions and to 17 plan for long-term comprehensive resource protection. In setting priorities for the 18 program, the department shall consider with respect to each lake: 19 (1) The quantity and extent of invasive aquatic plant infestations; 20 (2) The number of points of entry to the lake and an estimated volume of boat 21 travel, with

	38	legislation takes effect when approved.

SUMMARY

This bill increases the fees collected for watercraft operating on inland waters of the State by \$7 for residents and establishes a \$35 fee for nonresidents. It also directs the Department of Environmental Protection to establish a program within the department that uses the revenue from the increased fees to work on removing invasive aquatic plants that exist in lakes of 10,000 acres or more in area. The department is also directed to establish a long-term management program to prevent future infestation of invasive aquatic plants.
