## Fiscal Note

Potential increase in grants - Other Special Revenue Funds

### Fiscal Detail and Notes

Removing the \$30,000 limit on Agricultural Development Grants and allowing individual grants to go from 20% of the total funds available to be granted in a given year to 50% will not impact the amount of funds appropriated to the Agricultural Development Grant Fund. However, this change may result in some projects receiving more funding than they would have had this provision not been in place and some programs receiving less.
