HOUSE OF REPRESENTATIVES  
127TH LEGISLATURE  
FIRST REGULAR SESSION

COMMITTEE AMENDMENT "A" to H.P. 402, L.D. 578, Bill, "An Act To Redefine the Method by Which the Department of Education Determines Cost Sharing for School Construction and Renovation Projects for Municipalities within a School Administrative Unit"

Amend the bill by striking out everything after the enacting clause and inserting the following:

'Sec. 1. 20-A MRSA §15688, sub-§4-A is enacted to read:

4-A. Method of cost sharing for school construction or renovation projects; exception. For the purpose of local cost sharing of debt service for the costs of school construction or renovation projects as described in section 15672, subsection 2-A, paragraph A, the provisions of subsection 3-A do not apply to municipalities that are members of a school administrative district, community school district or regional school unit. Beginning in fiscal year 2016-17 and notwithstanding any provision of law to the contrary, a school administrative district, community school district or regional school unit must use a method of cost sharing that distributes local costs of school construction or renovation projects to each member municipality based on a cost-sharing formula that combines 60% pupil enrollment and 40% property fiscal capacity.'

SUMMARY

This amendment, which is the minority report of the committee, strikes and replaces the concept draft. It provides an alternative method for determining cost sharing for school construction and renovation projects for the member municipalities within a school administrative district, community school district or regional school unit.

### Fiscal Note

No state fiscal impact

#### Fiscal Detail and Notes

This legislation will not impact the total cost of funding public education from kindergarten to grade 12 or the State's share of that cost. This legislation may impact the local contribution of member municipalities within a school administrative district, community school district and regional school unit. The impact can not be determined at this time.
