9 interruption in the services; and

10 **Whereas,** in the judgment of the Legislature, these facts create an emergency within
11 the meaning of the Constitution of Maine and require the following legislation as
12 immediately necessary for the preservation of the public peace, health and safety; now,
13 therefore,

14 **Be it enacted by the People of the State of Maine as follows:**

35 5, chapter 375, subchapter 2-A.

36 **Emergency clause.** In view of the emergency cited in the preamble, this
37 legislation takes effect when approved.

1 **SUMMARY**

2 Under a pilot project that is scheduled to expire on March 15, 2015, independent
3 practice dental hygienists are allowed to expose and process radiographs in areas of the
4 State that have been designated by the United States Department of Health and Human
5 Services as dental health professional shortage areas.

6 This bill continues the authority of these independent practice dental hygienists to
7 expose and process radiographs indefinitely, under the same restrictions as imposed under
8 the pilot project, except that the authorization applies in the entire State.
